REMARKS:

C&D Plan Addendum:

The Compliance and Monitoring Section conducted a review of the above referenced addendum to the Site Specific PPC/ Control and Disposal Plan submitted by Pennsylvania General Energy Company. Based on our review, it appears that the Addendum (received by Department on February 24, 2017) and the April 2014, Revised December 2015 Site Specific PPC/Control and Disposal Plan meet the regulatory requirements set forth by 25 Pa. Code § 78.55(a)-(e) relating to Control and Disposal planning, as well as the "Guidelines for the Development and Implementation of Environmental Emergency Response Plans" document, in as far as they have prepared a plan and outlined implementation accordingly.
