WATERWAYS & WETLANDS PROGRAM  
COUNTY: \_\_\_\_\_

JUL 06 2016

MUNIC: \_\_\_\_\_ 7-1-16  
PERMIT # \_\_\_\_\_

Dear Mr. Buczynski, NB 7/3/2016

Please be advised that Joan and Thomas Byron would like a public hearing regarding the ASP and the wetland/environmental issues. We have been informed that miles 23.2-24.00 are on our property, yet no one has walked the area. We have 2 streams and 80 acres of wetland; a pond and many springs with water bubbling out of the ground. The EIS state ment produced by FERC is inaccurate with regards to our land. A spokes person from FERC on June 16, 2014, when asked by me (Joan Byron) where they got the information said "We make this stuff up." A quote from Joanne Wachholder.

Note: ASP = Atlantic sunrise pipeline

Thanks,

Joan Byron

Thomas Byron
