Food system  
Lancaster County is the leader in the US in milk

- 35 Farms
- we've irrigated more farmland than any other
- Keillogg in Lancaster produces more food per acre than any other
- Cargill Co. in PA
- only 14 other states
- Lancaster Food Co. dist. to other highly irrigated areas
- Lancaster Central Market
- the oldest potato farmers market in the nation
- hoping to attract our over 2.5 million tourists
- expanding 3-5 Billion \$
- Millions of \$ from local state & federal taxpayers have paid for this program
- the federal gov't believed it was proper or else they would not have approved the spending of taxpayers \$
- If the pipeline is run through the preserved farm the farms comprising the covenant with the federal state and local taxpayers
- The fed gov't strongly supports this program
- FERC, who would totally destroy all of the progress that we in Lancaster have led our nation

Carroll Co. in PA  
 only 14 other states  
 Lancaster Food Co. dist. to other highly irrigated areas  
 Lancaster Central Market  
 the oldest potato farmers market in the nation  
 hoping to attract our over 2.5 million tourists  
 expanding 3-5 Billion \$

Millions of \$ from local state & federal taxpayers have paid for this program  
 the federal gov't believed it was proper or else they would not have approved the spending of taxpayers \$  
 If the pipeline is run through the preserved farm the farms comprising the covenant with the federal state and local taxpayers  
 The fed gov't strongly supports this program  
 FERC, who would totally destroy all of the progress that we in Lancaster have led our nation

Now we have a commission  
 all of the progress that we in Lancaster have led our nation
