APS ID No 1008279; AUTH ID No. 1299840

FM 100 Modernization/Abandonment Project
Cameron, Clearfield, Clinton, Elk, McKean
& Potter Counties

Dear Mr. Rossi:

National Fuel Gas Supply Corporation (National Fuel) respectfully requests a seven (7) day extension from the Pennsylvania Department of Environmental Protection (PADEP) in order to successfully submit the technical deficiency responses prepared as the result of your office's *July 10, 2020 Technical Deficiency Notifications*, drafted after departmental review and comment for the project's State Water Quality Certification, Water Obstruction and Encroachment Permits, and Erosion and Sedimentation Control Permit applications.

The feasibility of meeting the previously established due date of September 8th, 2020 for submittal of the technical deficiency responses is being questioned as there have been concerns regarding the process and timing of effectively uploading the required electronic files to the PADEP provided OnBase Portal, especially considering the anticipated size of some of the attachments.

If you have any questions regarding this request, please do not hesitate to contact me at **814-871-8521** or **e-mail lybrookj@natfuel.com**.

Respectfully,

A handwritten signature in black ink, appearing to read "J Lybrook".

Jake Lybrook
