Re: Pennsylvania Pipeline Project (PPP)/Mariner East II
Chapter 105 Permit No. E15-862 Minor Amendment Approval
Installation Method Change at HDD S3-0400 Lisa Drive
West Whiteland Township
Chester County

Dear Mr. Gordon:

This letter is in reference to the request submitted by your consultant and received by the Pennsylvania Department of Environmental Protection (DEP) on May 13, 2019, including additional information received through June 10, 2020, for a minor permit amendment for Chapter 105 Permit No. E15-862.

The horizontal directional drill (HDD) S3-400 site modifications are for the change in the HDD installation method for the 20-inch diameter pipeline to an open cut installation and a direct bore under the Exton Bypass (State Route 30), AMTRAK (American Track National Railroad Passenger Corporation), Norfolk Southern Railroad, and wetland WL-K21 in West Whiteland Township, Chester County.

Please be advised that DEP has reviewed and approved your request and the Chapter 105 Permit No. E15-862 is amended to include the revised activities.

All conditions specified in the original permit remain in effect and are to be complied with as part of this plan revision. Please ensure that the plans are fully implemented and available at the construction site.

If you have any questions, please contact Ms. Ranjana Sharp at the telephone number located in the first page footer.

Sincerely,

John Hohenstein, P.E.
