Dear Ms. Batoon:

On behalf of Juniata Township, please be advised that the Township has a local Storm Water Management Plan effective in the project area. After studying the proposed activity, to the best of my knowledge and belief, the above referenced project appears to be consistent with the local Storm Water Management Plan.

In regard to the Floodplain Management Plan, the above mentioned project is not located in the boundary of the FEMA Flood Insurance Study, and therefore to the best of my knowledge and belief, this project has no effects on the Floodplain Management Program effective in the Township.

Please feel free to contact our office if you should have any questions.

Sincerely

Christopher L. Dutrow, P.E.
