Re: Violations of The Clean Streams Law, and the
Dam Safety and Encroachments Act
Pennsylvania Pipeline / Mariner East II Project
DEP Permit Nos. ESG0300015002 and E07-459
DEP File No NOV 07 18 108
Woodbury Township, Blair County

Dear Mr. Gordon & Mr. Ploederl:

At approximately 5:22PM on October 6, 2018, the Department of Environmental Protection ("Department") received notice from Sunoco Pipeline, L.P. ("Sunoco") of an inadvertent return ("IR") of approximately 150 gallons of drilling fluids to Piney Creek (S-M30) in Woodbury Township, Blair County, associated with Horizontal Directional Drill, PA-BL-0126.0000-RD ("Site"). On October 6, 2018 the Department conducted an inspection of the Site and documented that the IR emerged along the northern/eastern bank of Piney Creek, a water of the Commonwealth. Contractors had a vacuum truck on Site and had containment best management practices established in Piney Creek at the time of the Department's inspection. The drilling fluids that comprised the IR constitute Industrial Waste. The discharge of Industrial Waste to waters of the Commonwealth without a permit is a violation of Section 301 of The Clean Streams Law, 35 P.S. § 691.301. The Department did not authorize any IRs at the Site by permit or other authorization.

Department permits E07-459 and ESG030015002 require permittee(s) to follow their '*HDD Inadvertent Return, Preparedness, Prevention, and Contingency Plan*', ("HDD IR PPC Plan") that is part of the approved plans in the aforementioned permits to reduce, minimize, or eliminate a pollution event. The current version of the HDD IR PPC Plan contains a revision date of April 2018.

Mr. Matthew Gordon
Mr. Benjamin Ploederl

October 9, 2018

Allowing the unauthorized discharge of Industrial Waste to waters of the Commonwealth constitutes a violation of Section 301 of the Clean Streams Law, 35 P.S. § 691.301 and constitutes unlawful conduct under Section 611 of the Clean Streams Law, 35 P.S. § 691.611 and Section 18 of the Dam Safety and Encroachments Act, 32 P.S. § 693.18.

In order to develop an appropriate enforcement strategy, the Department requests that you submit the following to me by email at reberts@pa.gov by October 15, 2018:

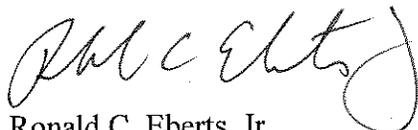

1. Any initial or interim IR reporting form(s) for the Site—as required by Section 6.3 of the HDD IR PPC Plan.
2. A detailed description, including photographs documenting current Site conditions, of the actions taken to contain and remove the IR from waters of the Commonwealth and a plan for any additional remedial measures necessary to complete remediation.
3. A “restart report” meeting the requirements of Section 5.1.5 (Monitoring Protocol for Condition 3) of the April 2018 HDD IR PPC Plan, that has been prepared and sealed by a Pennsylvania licensed Professional Geologist.

Please be reminded Department approval is required before restarting drilling operations for PA-PA-BL-0126.0000-RD. Additionally, as an IR occurred during the first pipe installation at this location, a re-evaluation is required for PA-BL-0126.0000-RD-16 in accordance with Paragraph 3 of the August 10, 2017 Corrected Stipulated Order.

This Notice of Violation is neither an order nor any other final action of the DEP. It neither imposes nor waives any enforcement action available to DEP under any of its statutes. If DEP determines that an enforcement action is appropriate, you will be notified of the action.

DEP looks forward to your cooperation in this matter. If you have any questions, please contact me at 717.705.4819.

Sincerely,

Ronald C. Eberts, Jr.
Environmental Protection Compliance Specialist
Conservation, Restoration, and Inspection Section
Waterways & Wetlands Program

Mr. Matthew Gordon
Mr. Benjamin Ploederl
