Re: Final Rulemaking for Amendments to the Infectious and Chemotherapeutic Waste Regulations

Dear Secretary Abruzzo:

On June 5, 2014, the Solid Waste Advisory Committee (SWAC) discussed the final-form rulemaking revising the regulations relating to the management of infectious and chemotherapeutic waste. The Department presented the final-form rulemaking and the major changes made in response to comments received during the public comment period.

Although, the SWAC did not have a quorum, of the eight members in attendance, all supported the Department's recommendation to present the final-form rulemaking to the Environmental Quality Board for consideration, adoption and publication as final.

If you have any questions regarding this action, please feel free to contact me by phone at 724.898.3489 or email at michele@nestorresources.com.

Sincerely,

Michele Nestor
Chair
