ABOVEGROUND STORAGE TANK LINING INSPECTION SUMMARY INSTRUCTIONS

Information provided on the form should be typewritten or printed in a legible mariner.

- I. FACILITY INFORMATION: Enter the facility information as it appears on the blue registration certificate.
- II. INSPECTOR INFORMATION: Complete all information in this section. If self-employed, enter self employed or your name in the Employer space and leave the Company Certification Number blank. <u>NOTE</u>: When conducting an inspection of internal linings in aboveground field constructed metallic storage tanks, the DEP certified inspector must also possess current API Std 653, inspector certification, in accordance with §245.113(f).
- III. TANK IDENTIFICATION: Enter the tank information as it appears on the blue registration certificate, including the tank ID (sequence) number, capacity, and substance. Describe the tank dimensions and, if known, indicate which industry code or standard was followed auring tank construction. Check the appropriate boxes to indicate the configuration of the tank (Horizontal, Vertical or Elevated Vertical Tank) and where the tank was constructed (Shop Built or Field Built). If the tank information on the registration form is incorrect, provide the correct information in Section X and advise the owner to submit an amended Registration/Permitting form.
- IV. INSPECTION DATE(S): Enter the date that you, the inspector, completed the lining inspection. Provide the date the lining was installed the date of the last lining inspection and the date by which the next lining inspection is due Enter "NONE" if no previous lining inspections were performed.
- V. LINING SYSTEM DESIGN/INSTALLATION INFORMATION: Provide specific information regarding the lining system installed in the inspected tank system and the installer of the lining system, as it is available. Check boxes in this section as appropriate.
- VI. CERTIFIED INSPECTOR: As the DEP Certified inspector, sign and date the form in this area. Check the appropriate box indicating whether the tank system can or cannot be returned to service. Fully explain the reason why additional evaluation or modification is needed and any activities to correct the deficiencies in Section X.
- VII. OWNER OR OWNER'S REPRESENTATIVE: Enter the name, title, and phone number of the person providing the tank information. Have the owner or designated representative sign and date the form. If the owner or representative refused to sign this section, please, explain the situation in Section X. A copy of a certified mail receipt may be used as evidence that the report has been provided to the owner.
- VIII. LINING SYSTEM EVALUATION: Check the appropriate box(es) for the method(s) used to evaluate the internal lining in the tank system that was inspected.
- IX. LINING SYSTEM EVALUATION RESULTS: Describe, in detail, the results of the evaluation method(s) used to inspect the internal lining, including, where applicable any observed lining deficiencies, numeric results, and the number and location(s) of any holidays, blisters, or other failures of the lining.
- X. COMMENTS: Describe, in detail, any tank system deficiencies and note additional information discovered during the inspection. If additional comment sheets are needed, label each sheet with facility and tank identification numbers, the inspection date, and the page number.

Completed inspection summaries must be <u>submitted to DEP</u> by the certified inspector <u>within 60 days</u> of conducting the inspection activities.

- Original to the appropriate DEP regional office
- Copy to DEP central office
- · Copy to the tank owner
- Copy for tank inspector's files
