

The "Active Vendor/Service Providers of Radiation-Producing Machines in Pennsylvania" list contain facilities currently registered. The list is updated at the beginning of each month. Any questions about this list can be directed to the PA Bureau of Radiation Protection at 717-787-3720.

Facility Type	Registration Code Number	Registration Number (Example)
Vendor / Service Provider	80-	80-00123

The Registration Code Number is used to designate the type of Facility that is registered. A registration number starting with "80" indicates a Vendor or Service Provider of Radiation-Producing Machines. The remaining five numbers are unique to each individual business facility registered.
