Dear Mr. Rebarchak:

Thank you for providing us time to clarify several questions raised in the Department's technical review letter dated June 11, 2020, regarding the Plan Approval application for the proposed Elcon Recycling Services, LLC (Elcon) project in Falls Township, Pennsylvania. The response to the Department's letter is due within 30 days of the date of the letter, or by July 11, 2020.

On behalf of Elcon, IES Engineers (IES) requests the Department to provide an extension to September 1, 2020, for providing the detailed response, including the items discussed during our teleconference this morning.

Therefore, we request the Department to approve this extension until September 1, 2020, for the submission of our responses to the questions raised. We appreciate the Department's cooperation in this matter. If you have any questions, please feel free to contact me.

Very truly yours,
