## Approved Proficiency Testing Providers For Environmental Laboratory Accreditation in Pennsylvania

The Pennsylvania Environmental Laboratory Accreditation Regulations, 25 Pa Code Chapter 252, § 252.501, require environmental laboratories to successfully analyze at least one single blind, single concentration proficiency test (PT) study for each field of accreditation, where available under subsection (a) and the published Fields of Proficiency Testing Tables. PTs must be purchased directly from Providers approved by the Department of Environmental Protection's ("Department") as a PT Provider (§ 252.501(e)). The Department has approved the following PT study Providers.

Not all Providers are accredited for all studies. Please contact the Providers directly for their scope of accreditation.
