

Reducing Industrial Sector Emissions in Pennsylvania - RISE PA -

JOSH SHAPIRO, GOVERNOR | JESSICA SHIRLEY, ACTING SECRETARY

Pennsylvania
Department of
Environmental Protection

Pennsylvania
Department of
Environmental Protection

A stylized illustration of a sustainable city. In the center, a grey cloud labeled 'CO2' with a downward arrow points to a stack of grey blocks representing carbon emissions. To the left, a recycling bin with a green recycling symbol is connected to a stack of blocks. To the right, a battery storage unit with a blue lightning bolt symbol is also connected to the stack. The background shows a city skyline with buildings, a sun, clouds, and trees. The entire scene is set against a light green background with a blue dotted border at the top.

Greenhouse Gas Emissions Reduction Projects

Eligible Project Types

- Energy efficiency
- Electrification
- Process emissions reduction
- Low-carbon fuels
- On-site renewable energy
- Carbon capture utilization and storage
- Fugitive emissions reductions

Greenhouse Gas Emissions Reduction Projects

Emissions sources

- Industrial fossil fuel combustion
- Industrial process emissions
- On-site electricity usage
- Natural gas & oil systems
- Coal mining

Eligible applicants

- Manufacturers
- Industrial facilities
- Coal mine owners/operators
- Natural gas & oil systems owners/operators

Environmental Protection

Award Tracks

An illustration of a sustainable building with solar panels on the roof, a worker in a hard hat, a thumbs-up icon, a shopping cart, and a person walking. The scene is set against a background of a sun, clouds, and a city skyline.

Small-scale

- Industrial manufacturing facility
- 500 or fewer employees
- Administered by PennTAP

Medium-scale

- 20% facility-wide GHG emissions reduction
- Administered by DEP

Large-scale

Pennsylvania
Department of
Environmental Protection

Award Tracks

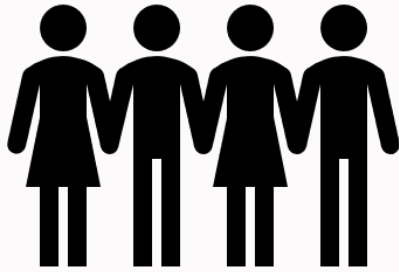

Award Track	Total Available Funding	Base Grant Award Percentage (% of Total Project Cost)	Anticipated Minimum Single Base Grant Award (DEP Share)	Anticipated Maximum Single Base Grant Award (DEP Share) ²
Small-scale (SAT)	\$40,000,000	50%	\$25,000	\$74,000
			\$75,000	\$149,000
			\$150,000	\$500,000
Medium-scale (MAT)	\$100,000,000	30%	\$300,000	\$20,000,000
Large-scale (LAT)	\$220,000,000	30%	\$20,000,001	\$110,000,000
Total	\$360,000,000

Program Rollout

Reducing Industrial Sector Emissions in Pennsylvania (RISE PA)

Timeline

The Pennsylvania Department of Environmental Protection (DEP) will begin accepting project applications for RISE PA in early 2025. The application window will remain open with multiple rounds annually until all funds have been obligated. DEP will revise the program guidelines, materials, and application periodically in response to participant and community feedback.

Early 2025

*DEP anticipates beginning to
accepting project applications*

Mid 2025

*Application review and
selection anticipated to begin*

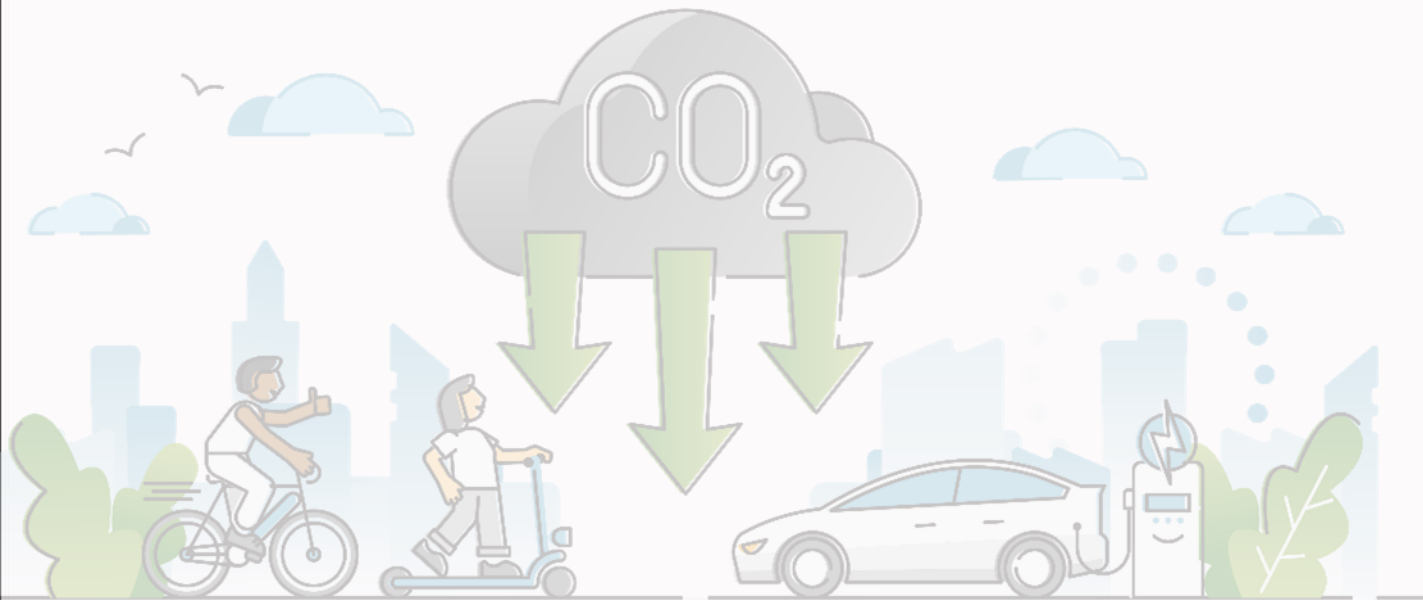

Late 2029

*RISE PA program funding
projected to close*

Getting Ready to Apply

Applicants must:

- Describe transformative impact
- Demonstrate technical/financial feasibility
- Describe risk management and mitigation strategies
- Articulate environmental and community benefits

Pennsylvania
Department of
Environmental Protection

Intended Outcomes

RISE PA will evaluate projects using:

- Emission reductions
- Project cost
- Jobs created
- Impact on low-income and disadvantaged communities
