Mr. Donald S. Welsh
Regional Administrator
U.S. Environmental Protection Agency, Region III
1650 Arch Street (Mail Code: 3RA00)
Philadelphia, PA 19103-2029

Dear Mr. Welsh:

In June 2004, nonattainment designations were effective for eight-hour ozone nonattainment areas including Erie County, Pennsylvania. This area is now monitoring attainment of the health-based ozone standard. Therefore, in accordance with the authority provided by Section 107(d)(3)(D) of the Clean Air Act (42 U.S.C.A. §7407(D)(3)(d)), I am requesting your approval of a request to redesignate Erie County to attainment of the eight-hour Ozone National Ambient Air Quality Standard.

The redesignation request and a technical support document are enclosed for your favorable consideration. We are also concurrently submitting an eight-hour ozone Maintenance Plan for Erie County for your full approval as a revision to the State Implementation Plan. The technical support document also includes the 2002 base-year inventory.

If you have any questions or need additional information, please contact Joyce E. Epps, Director, Bureau of Air Quality, by e-mail at jeepps@state.pa.us or by telephone at 717-787-9702.

Sincerely,

Kathleen A. McGinty
Secretary
