DEPARTMENT OF ENVIRONMENTAL PROTECTION

**EDITOR'S NOTE: All references in this report - including position titles held by individuals, legislative references and time references - are current for the time period ending June 2019.**

## A Message from MRAB Chairman David Osikowicz

On behalf of the Mining and Reclamation Advisory Board (MRAB) members, I am pleased to present for your review the Board's Annual Report, documenting the Board's activities from July 2018 through June 2019. The Board continues to address environmental problems related to past coal mining practices and to assist the Department in ensuring that current industry practices represent an environmentally responsible approach to mining. This report fulfills the statutory obligations of the Surface Mining Conservation and Reclamation Act (SMCRA).

The Board holds four full board meetings per year, as outlined in the by-laws. For the 2018-2019 reporting period, full Board meetings were held on July 19, 2018, October 25, 2018, January 17, 2019 and April 25, 2019. The Regulation, Legislation and Technical (RLT) Committee met on October 11, 2018 to discuss the water supply replacement issues related to surface coal mining and, on November 14, 2018 to discuss the to review a draft reclamation fee report; the RLT Committee also met on January 19, 2019 for further discussions of the draft reclamation fee report. The Reclamation Committee met on March 28, 2019 to methodology and process for determining surface coal mine bonding rates.

The July 19, 2018 meeting was held at the New Stanton Mining Office in connection with the annual field trip the previous day. The Board toured the Mount Morris Passive Treatment System and the Mathies hydrogen peroxide (H<sub>2</sub>O<sub>2</sub>) Treatment System.

During the time frame of this report, Pennsylvania Department of Environmental Protection (PA DEP) staff provided the Board with regular updates on the status of Bond Rate Guidelines, Bureau of Abandoned Mine Reclamation (BAMR) Projects and the Alternative Bonding System (ABS) Legacy Sites. PA DEP staff also presented information to the Board on Land Reclamation Financial Guarantee; National Pollutant Discharge Elimination System (NPDES) permitting reviews; Federal Office of Surface Mining (OSM) Oversight Activities; Permit Decision Guarantee (PDG) policies.

The Board will continue to provide advice and technical input to the Department regarding expenditures and program administration of Abandoned Mine Lands (AML) Title IV monies, proposed regulatory rulemaking issues including Act 95, permit fees, financial guarantee and OSM issues, and other environmental issues as they arise.

The Board recognizes the dedication and support of all Board members and alternates and the ongoing contributions by both PA DEP staff and Board members. Furthermore, the Board remains highly committed to advising and working with the department in carrying out its mission, evaluating the rights and responsibilities of industry, and making responsible, calculated recommendations for the citizens of the Commonwealth.

Sincerely,

A handwritten signature in black ink, appearing to read "David Osikowicz". The signature is fluid and cursive, with a large initial "D" and "O".

David Osikowicz,  
Chairman

## Introduction

The Mining and Reclamation Advisory Board (MRAB) was created in 1984 by Act 181 of the Pennsylvania General Assembly, which amended the Surface Mining Conservation and Reclamation Act (SMCRA). The Board's purpose is to assist the Secretary of the Pennsylvania Department of Environmental Protection (PA DEP) in expending reclamation funds for the purposes provided by SMCRA and to advise the secretary on all matters pertaining to mining and reclamation. The advisory role of the Board also covers Title IV of SMCRA, which relates to abandoned mine land reclamation issues.

The Board is comprised of the following members:

- Two licensed bituminous surface mine operators;
- One licensed anthracite surface mine operator;
- Four public members of the Citizens Advisory Council, elected by the Council;
- One anthracite or one bituminous licensed professional engineer;
- One county conservation district representative, appointed by the Pennsylvania State Conservation Commission;
- One majority party state senator, appointed by the president pro tempore of the Senate;
- One minority party state senator, appointed by the president pro tempore of the Senate;
- One majority party state representative, appointed by the speaker of the House of Representatives; and
- One minority party state representative, appointed by the speaker of the House of Representatives.

The Board operates under bylaws adopted in January 1989 and amended in October 1993 and December 1996. The bylaws establish a committee structure and other operational procedures, including a minimum of four meetings per year, held in January, April, July and October, as required by SMCRA. ***The bylaws current for the time period covered by this report are found in Appendix A.***

## The Board's Committees

- **Annual Report Committee**

As mandated by Section 18(g)(5) of SMCRA, "The Board shall prepare an annual report on its activities and submit the report to the Senate Environmental Resources and Energy Committee and the House Conservation Committee." Throughout the reporting period, the committee compiles and summarizes information for inclusion in the Annual Report.

**Members of the committee:**

Rachel Gleason, Chairperson  
Duane Feagley  
Tara Hazelwood  
Darrel K. Lewis

- **Policy Committee**

The Policy Committee was formed in October 1993, under the name of "*Policy and General Issues Committee*." Its mission is to consider mining and reclamation policies identified as integral to the timely and efficient administration and operation of PA DEP's mining regulatory and abandoned mine reclamation programs.

**Members of the committee:**

Mark A. Snyder, Chairperson

- **Reclamation Committee**

The Ad Hoc Committee on Reclamation Issues was originally formed at the July 1997 Board meeting in response to concerns regarding the Bark Camp Mine Reclamation Laboratory in Clearfield County, the Reed and Strattanville sites in Clarion County and, a package of reclamation initiatives being developed under PA DEP's "Reclaim PA" program.

At the October 22, 1999 MRAB quarterly meeting, the Board voted unanimously to change the name to the Reclamation Committee to reflect the committee's ongoing work. The committee addresses reclamation issues, initiatives and activities.

**Members of the committee:**

Duane Feagley, Chairperson  
Robert E. Hughes  
Andy McAllister

- **Regulation, Legislation and Technical Committee**

The Regulation, Legislation and Technical Committee reviews all major regulatory packages coming before the Board during the reporting period and reports back to the full Board.

**Members of the committee:**

Jack R. Chamberlin, Chairperson  
The Honorable Jeffrey P. Pyle  
The Honorable Pamela Snyder  
The Honorable Patrick J. Stefano  
The Honorable John Yudichak  
Duane Feagley  
Rachel Gleason  
Darrel K. Lewis  
David D. Osikowicz

## **FULL BOARD**

SMCRA mandates that the MRAB meet four times per year. Throughout the reporting period, the full Board met four times. The following sections provide a summary of the activities of the full Board. For a complete list of meeting dates and locations, see **Appendix D**. Also, for more details on these meetings, refer to the MRAB web site and, the MRAB meeting minutes.

### **2018-2019 MAIN AGENDA TOPICS (Presented Alphabetically)**

#### **Alternative Bond System (ABS) Legacy Trust Agreements**

PA DEP provided regular updates regarding the status of ABS Legacy Trust Agreements. These arrangements included bonds, fully-funded trusts and partially-funded trusts.

#### **Banning #4 Mine Site Presentation**

During its January 17, 2019 meeting, the Board heard a presentation on the Banning #4 Mine Site, which is being highlighted as a prime location for redevelopment as a hydroelectric and solar power storage site.

#### **Bonding and Bond Rate Guidelines**

PA DEP provided the Board with its updated projections of the 2018 bond rates based on the average costs of recent reclamation projects. At the January 17, 2019 meeting, the proposed Land Reclamation Bond Rate Guidelines for 2019 were presented, indicating increases in some of the tasks and, decreases in others. The 2019 bond rates went into effect on April 1, 2019.

#### **Bureau of Abandoned Mines Reclamation (BAMR) Projects/Status Report**

Updates on reclamation projects were supplied by PA DEP's Bureau of Abandoned Mine Reclamation (BAMR). In the 2018 calendar year, there were 216 projects that reclaimed 576.7 acres, at a cost of \$23,409,981.00. As of March 2019, there were 4 projects that reclaimed 0.8 acre, at a cost of \$242,518.00. For future completions, there are 56 contracts to reclaim 1,141.6 acres, at a cost of \$113,104,836.00. For future awards, there are 82 contracts to reclaim 1,901.1 acres, at a cost of \$131,103,474.00.

During its April 25, 2019 meeting, the Board was also advised of several Federal legislative movements introduced recently which could impact the industry, including:

- The OSM Abandoned Mine Lands (AML) Grant: \$53.8 million for Pennsylvania in 2019.
- The OSM Pilot Program Grant: \$25 million for PA in 2019.
- Federal legislation to reauthorize the AML fee for an additional 15 years (as the current fee expires in 2021).
- Federal legislation to establish the Revitalizing the Economy of Coal Communities by Leveraging Local Activities and Investing More (RECLAIM)

Act to authorize \$1 billion from the unappropriated balance in the AML Fund (Pennsylvania could get \$58.3 million per year for 5 years under this legislative proposal).

- Federal legislation to establish the Community Reclamation Partnerships Act, which would provide federal liability protection for water treatment work at AML sites.

### **Field Trip**

The MRAB holds an annual field trip. The 2018 field trip was held on July 18, 2018. The Board toured the Mount Morris Passive Treatment System and the Mathies hydrogen peroxide (H<sub>2</sub>O<sub>2</sub>) Treatment System. Feedback received from field trip participants was overwhelmingly positive.

### **Land Reclamation Financial Guarantees (LRFG)**

PA DEP provided regular updates on this topic, in terms of the number of LRFG operators and permits, along with the amount of funding to underwrite the LRFG. Matters regarding the benefit of raising the LRFG limit and, the relationship between new permits and the LRFG were also discussed.

### **National Pollutant Discharge Elimination System (NPDES) Permitting**

PA DEP provided regular updates on the NPDES draft mining permits sent to the United States Environmental Protection Agency (US EPA) for review. This is because the US EPA currently has oversight of the development of these permits. PA DEP is working to develop a guidance document and a permit template, all in order to address US EPA concerns.

Once these items are completed, US EPA may end its oversight of the PA DEP NPDES permitting program for mining permits. As of March 31, 2019, 932 draft NPDES permits have been sent to the US EPA; 518 of these were issued without comment, while 404 of these were issued with minor comments. Additionally, 3 more permits could be issued with comments (minor), while 2 more permits could be issued without comments. Lastly, there were 5 permits pending.

### **Non-Regulatory Agenda**

PA DEP provided regular status reports on Technical Guidance Documents (TGDs), and reporting forms of the Mining Program, including; 1) *the Engineering Manual*; 2) *Processing Completion Reports*; 3) *Bonding – Direct Submittal of Bonds*; 4) *E-Permitting* 5) *Surface Water Protection – Underground Bituminous Mining Operations*; 6) *Liners*; 7) *Civil Penalties*; 8) *Subchapter F*; 9) *Alkaline Addition*; and 10) *Biosolids*.

### **Permit Decision Guarantee (PDG)**

On a regular basis, PA DEP provided updates on this program in response to the PDG operations, development of Standard Operating Procedures (SOPs) and checklists, and, concerns regarding the backlog of permits in the system.

### **Reclamation and Remining Incentives Report**

PA DEP updated the Board on Pennsylvania's reclamation and remining incentives programs which have been very successful. Specific details can be found on MRAB's website presentations throughout the report period.

### **Reclamation Fee Operation and Maintenance (O & M) Trust Account**

PA DEP provided regular updates on the status of the Reclamation Fee Account, in terms of: 1) coal civil penalties collected and interest earned; 2) additional revenue transactions; and 3) LRFG premiums and interest.

### **Reclamation Fee Report**

PA DEP met with the Board's Regulation, Legislation and Technical (RLT) Committee on November 14, 2018 and January 17, 2019 to discuss surface coal mining reclamation fee issues.

Specific points of discussion included the estimated budget for water treatment for the "Legacy Mine Discharge" sites. Current funds with the O&M account and the need to re-establish a reclamation fee for newly permitted mine sites.

Additionally, the Board developed several changes, which were discussed further with the RLT Committee. Once the changes are integrated in the Regulations by the RLT Committee, the Board plans to continue the regulatory package to the Environmental Quality Board (EQB).

### **Regulatory Updates**

PA DEP shared regular status reports on a variety of regulatory packages including: *1) Federal Office of Surface Mining (OSM) Program Consistency; 2) Water Supply Replacement; and 3) Blasting and Explosives (finalized December 2017).*

### **Remining Financial Guarantees (RFGs)**

PA DEP provided a historical overview of bond forfeitures, anticipated forfeitures, and their impacts on the Remining Financial Assurance Fund.

### **Revenues**

PA DEP provided regular status reports on application fee revenues from two main sources: *1) Surface Mining Conservation and Reclamation Act (SMCRA); and 2) the Clean Water Fund (CWF).*

### **Sediment Pond Recertification**

The Board heard a presentation on this topic at its October 25, 2018 meeting. There are some discrepancies in the State and Federal mining programs regarding this topic, and these were meant to be addressed in the PA DEP BMP Engineering Manual. A work group has convened to cover the issues related to this topic. The Board will continue to be notified as follow-up continues.

### **Water Supply Replacement Regulations**

PA DEP presented the Board with a general outline of items and areas in the Chapter 87 and 88 regulations pertaining to water supply replacement that will be revised. The revisions are based on the federal Office of Surface Mining's (OSM) program recommendations from 2005. Existing policy is already reflective of the program changes, especially regarding increased operation and maintenance costs of replaced supplies. The Board's RLT Committee continued its discussion of these regulations during its meeting on October 11, 2018.

## **Appendix A**

### **BYLAWS OF THE MINING AND RECLAMATION ADVISORY BOARD**

As Amended December 12, 1996

#### **ARTICLE I**

##### Authorization

The Mining and Reclamation Advisory Board is authorized and organized pursuant to Section 18(g) of the Pennsylvania Surface Mining Conservation and Reclamation Act (Act 181 of 1984) as amended by Act 173 of 1992.

#### **ARTICLE II**

##### Purpose

The advisory Board is charged to assist the secretary to expend the funds for the purposes provided by this act and to advise the secretary on all matters pertaining to surface coal mining and reclamation which shall include, but not be limited to, experimental practices, alternate methods of backfilling, selection of reclamation projects, alternate reclamation methods, obligations for pre-existing pollution liability, alteration of reclamation loans, reclamation fees and bonding rates and methods.

#### **ARTICLE III**

##### Membership

The Board shall be comprised of three coal operators, two of whom shall be licensed bituminous surface mine operators and one of whom shall be a licensed anthracite surface mine operator; four public members from the Citizens Advisory Council, who shall be appointed by the council; two members, one from the Anthracite and Bituminous Licensed Professional Engineers, and one from the County Conservation Districts, who shall be appointed by the State Conservation District Commission; four members of the General Assembly, two from the Senate, one member from the majority party and one member from the minority party, who shall be appointed by the president pro tempore; and two from the House of Representatives, one from the majority party and one from the minority party, who shall be appointed by the speaker of the House of Representatives.

A. Board members shall designate an alternate. The chairperson shall be notified, in writing, of such alternate.

B. The Board may recommend to the appointing authority removal of any member not attending, or not represented by a designee, at two Board meetings in a year.

## **ARTICLE IV**

### **Voting**

Members, or designated alternates, shall be entitled to one vote, in person, on all matters that shall come before the Board. No voting shall be done without a quorum, unless otherwise indicated in these bylaws. A majority of the membership of the Board shall constitute a quorum.

## **ARTICLE V**

### **Officers**

The officers of the Board shall be a chairperson and a vice-chairperson.

The chairperson and vice chairperson shall be elected from the membership of the Board, as defined in the Pennsylvania Surface Mining Conservation and Reclamation Act, as amended, and may not be the secretary of the Department of Environmental Protection, or his designee. They shall hold office for a term of one year, or until a successor is elected.

It shall be the duty of the chairperson to preside at all meetings of the Board, call special meetings, prepare and distribute the meeting agenda and perform such other duties as pertain to the office.

It shall be the duty of the vice-chairperson to perform the duties of the chairperson in his/her absence.

## **ARTICLE VI**

### **Administration**

Administrative and clerical duties shall be performed by the Office of Mineral Resources Management, Department of Environmental Protection. A department staff person shall function as a recording and corresponding secretary. Included among these administrative duties shall be:

- A. To give timely notice of meetings of the Board and committees.
- B. To record full Board and committee meeting minutes and keep a permanent file. Board and committee meeting minutes shall be distributed to the full membership. Minutes should be reviewed by the chairperson or vice-chairperson prior to distribution.
- C. To conduct both outgoing and incoming correspondence and maintain a permanent file of such correspondence, and
- D. To perform such other duties as may be requested by the Board, including, but not limited to, travel arrangements, conference calls, etc.

In addition, staff representatives from the Office of Mineral Resources Management shall serve as staff liaison to the Board.

## **ARTICLE VII**

### Committees

The Board may establish committees to assist in performing its advisory duties.

- A. Committees shall be established by a majority vote of those members attending a regular or special meeting of the Board.
- B. The Board chairperson shall appoint committee members. The committee chairperson shall be selected by its members. The committee chairperson will be responsible for calling committee meetings, requesting needed assistance from DEP, and reporting to the Board, and shall receive necessary administrative and clerical support from DEP.
- C. Each committee shall develop and adopt a statement of purpose or objective of the committee at a meeting of that committee after its creation.
- D. The chairperson of the Board shall appoint a committee to prepare the Annual Report, as mandated by Section 18(g) of the Pennsylvania Surface Mining Conservation and Reclamation Act.
- E. A listing of the committees and their statements of purpose shall be maintained as an appendix to these bylaws. Changes to the appendix shall not constitute a change to the bylaws.

## **ARTICLE VIII**

### Meetings

The Board shall meet on the first Thursday of the months of January and July and the fourth Thursday of the months of April and October, unless changed by a majority of the members. Alternate meeting dates and special meetings shall be called by the chairperson, in consultation with the vice-chairperson. Committee meetings shall be called by committee chairpersons, who shall also notify the full Board.

## **ARTICLE IX**

### Participation by Non-Board Members

- A. Formal Presentation

Any person may ask the Board for time on the formal agenda to present policy, regulatory or legislative concerns for the Board to consider. The request shall be made in writing to the chairperson and include a summary of the presentation. The chairperson shall determine the interest of the Board in the subject and decide if the presentation will be allowed during the formal

agenda. Requests shall be submitted at least one month prior to a Board meeting.

**B. Informal Discussion**

At the discretion of the chairperson, any person present at the meeting shall be afforded the opportunity to speak to the Board or ask questions of Board members.

**ARTICLE X**

**Amendments**

The bylaws may be amended, repealed or suspended at any meeting of the Board by a two-thirds vote of the members of the Board, provided that written notice of such amendment, repeal or suspension shall have been sent to each member at least one week prior to said meeting.

**ARTICLE XI**

**Board Representation**

The Board shall act as a body in all matters before it and only the chairperson, or his or her designee, the vice-chairperson or the Board's designee shall speak on behalf of the Board.
