## ANTHRACITE OPERATORS

Anthracite Blasting Competency Certification (shot firer) training sessions will be provided to accommodate underground mine personnel in complying with requirements for verification of blasting competency prior to obtaining a miner's certificate. All persons applying for a certificate of competency, or to entitle them to be employed as miners, must produce satisfactory evidence of having had **not less than** two years' practical experience as a mine laborer in the mines of the Commonwealth.

Training is scheduled **March 6th from 1 pm 6 pm and March 13<sup>th</sup> 1:00 p.m. to 6:00 p.m.** at the Tremont Mine Rescue Station, 44 North Crescent Street, Tremont, PA. The two-day training session will consist of gas detection and blasting awareness training on the first day and a written and hands-on test will be administered on the second day. All applicants are required to attend the two-day certification session.

A copy of the application is enclosed for your convenience. Please have the application **COMPLETED, NOTARIZED** and return to DEP, Bureau of Mine Safety, 5 West Laurel Boulevard, Pottsville, PA 17901 as soon as possible but no later than **March 1<sup>st</sup>**. The application will be reviewed for eligibility to qualify for the examination **before** attending the training. Please be sure to use the updated application (revision date 8/2010). If you require additional copies and are unable to make copies, please contact this office, Scott Wolfgang or your State Mine Inspector for additional applications.

Pre-registration is requested due to the class size limit of 10. Please contact this office or Scott Wolfgang at 570-695-3610 to register.

If you have any questions, please don't hesitate to contact me.

Sincerely,

*Troy A. Wolfgang*
