DEPARTMENT OF ENVIRONMENTAL
PROTECTION

June 9, 2022

CERTIFIED MAIL NO. [REDACTED]

Re: Water Supply Request for Investigation 362492
Notice Sent to Operator
North Bethlehem Township, Washington County

Dear [REDACTED]

This letter is regarding your water supply listed in Exhibit A. On March 7, 2022, the Department received your complaint requesting to have your Water Supply investigated. Based on the water sample results and other information obtained to date, the Department has determined that your Water Supply was impacted by oil and gas activities and that this is the cause of the pollution to your Water Supply.

Please find enclosed the Department's Notice of Violation to EQT ("Notice"). As you can see, the Notice requests that certain actions take place within defined timeframes. The Department will continue to pursue this matter.

If you have any questions about any of the above, please contact Jena Lexie at 724-771-7146.

Sincerely,

A handwritten signature in black ink, appearing to read "Daniel F. Counahan".

Daniel F. Counahan
District Oil and Gas Manager
Southwest District Oil and Gas Operations
