04/2021
Interim Form

COMMONWEALTH OF PENNSYLVANIA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
REGIONAL PERMIT COORDINATION OFFICE

Request for State Water Quality Certification (SWQC) pursuant to Section 401 of Federal Clean Water Act for Interstate Natural Gas Transmission Pipeline Projects Regulated by the Federal Energy Regulatory Commission (FERC)

SWQC requests must be sent electronically to the Regional Permit Coordination Office

DEP USE ONLY			
Application ID:		Received Date:	
APS No.:		Client No.:	
AUTH No.:		Site No.:	

SECTION A. APPLICATION TYPE

1. Identify the type of State Water Quality Certification being applied for:

☒ Project-Specific State Water Quality Certification (P-SWQC)

Complete all sections of this form.

2. Identify the type of FERC authorization applicable to the project:

☒ Certificate of Public Convenience and Necessity (CPCN)
☐ Blanket Certificate – Automatic Authorization (BA)
☐ Blanket Certificate – Prior Notice (BPN)
☐ Section 2.55 Auxiliary Installations and Replacements

FERC Docket No. (If Applicable): _____

Does project/facility presently have a valid State 401 Water Quality Certification in PA? ☐ Yes ☐ No

If yes, what is the date and file number of the State Water Quality Certification? _____

SECTION B. APPLICANT AND CONSULTANT INFORMATION

Applicant Information — Employer ID# (EIN)
(Applicant name, address, telephone number, email address and contact person information)
Texas Eastern Transmission, LP
PO Box 1642
Houston TX 77251-1642
Contact: Callista Miller
(218) 428-3926
callista.miller@enbridge.com — 72-0378240

Consulting Firm Information — Employer ID# (EIN)
(Consulting firm, address, telephone number, email address, and contact person information)
Stantec Consulting Services Inc.
5000 Ritter Rd,
Mechanicsburg, PA 17055
Contact: Jeffrey M. Robertson, PE, CPESC
(717) 516-3476
jeff.roberton2@stantec.com — 11-2167170

SECTION C. PROJECT DATA

1. Identify the project name and provide a brief overall project description:

Appalachia to Market 3 Pipeline - Enbridge/Texas Eastern Transmission, LP (Enbridge) proposes installation of approximately 2 miles of 36" high pressure pipeline within an existing pipeline right-of-way. The existing 24" pipeline will be removed and the proposed 36" pipeline will be installed in the same location. Additionally, a receiver pad will be constructed at the eastern terminus of the pipeline. The pipeline corridor is located between Bakers Watering Trough Road and Baltimore Pike (SR 0194) in Reading Township, Adams County and Washington Township, York County.

2. Project Coordinates: (decimal degrees)			
	Centroid (Non-Linear Project)	Latitude:	Longitude:
	Starting (Linear Project)	Latitude: 39.9721	Longitude: -77.0153
	Ending (Linear Project)	Latitude: 39.9779	Longitude: -76.9760

3. Corps District(s) (Check all that are applicable):

☐ Pittsburgh (Ohio River Basin) ☒ Baltimore (Susquehanna River Basin) ☐ Philadelphia (Delaware River Basin)

4. DEP Region(s) (Check all that are applicable):

☐ Northwest Region ☐ Northcentral Region ☐ Northeast Region

☐ Southwest Region ☒ Southcentral Region ☐ Southeast Region

(Please see the regional resources webpage for further information)

5. County Name	Municipality Names & Type (City, Borough, Township)
Adams County	**Reading Township**
York County	**Washington Township**

6. Pre-filing meeting:

Request Date: **12/20/2024** Meeting Date: **01/14/2025**

7. Receiving Waters (Use additional sheets to provide information if necessary):

Primary Receiving Water	Chapter 93, Designated Use Stream Classification	Chapter 93, Existing Use Stream Classification
Red Run	☐ HQ ☐ EV ☒ Other WWF/MF ☐ Siltation-impaired	☐ HQ ☐ EV ☒ Other WWF/MF ☐ Siltation-impaired
	☐ HQ ☐ EV ☐ Other _____ ☐ Siltation-impaired	☐ HQ ☐ EV ☐ Other _____ ☐ Siltation-impaired
	☐ HQ ☐ EV ☐ Other _____ ☐ Siltation-impaired	☐ HQ ☐ EV ☐ Other _____ ☐ Siltation-impaired
	☐ HQ ☐ EV ☐ Other _____ ☐ Siltation-impaired	☐ HQ ☐ EV ☐ Other _____ ☐ Siltation-impaired

☐ Additional information attached

SECTION D. COMPLIANCE REVIEW

Is the applicant, facility owner, or operator in violation of any laws administered by the Department, including any permits, authorizations, or approvals issued by the Department? ☐ Yes ☒ No

If "Yes," please provide the following for each violation. Use additional sheets to provide information if necessary.

1. DEP Permit Program:
2. Permit No.:
3. Date and Nature of Violation:
4. Schedule for Compliance:
5. Current Status of Violation:

☐ Additional information attached

SECTION E. AUTHORIZATIONS REQUIRED FOR PROJECT

1. Identify all Department permits, authorizations or approvals required for the project. For each of the required permits, authorizations, or approvals, provide the current status or anticipated submittal date.

☒ Erosion & Sediment Control Permit
Status: **Submit in May 2025**
- ☐ Individual Permit
- ☒ ESCGP

☐ NPDES Construction Stormwater
Status:
- ☐ Individual Permit
- ☐ General Permit

☒ NPDES Hydrostatic Testing
Status: **Submitting Q2 2026**
- ☐ Individual Permit
- ☒ PAG10

☐ NPDES Sewage or Industrial Waste
Status:
Permit Type:

☒ Water Obstruction and Encroachments (Ch. 105)
Status: **Submit in May 2025**
- ☐ Individual Permit (Joint Permit)
- ☒ General Permit
- ☒ Waiver

☐ Waste Management
Status:
Permit Type:

☐ Air Quality
Status:
Permit Type:

☐ Other:
Status:
Permit Type:

(Please see the DEP e-Library for a list of the Departments permits, authorizations, or approvals)

2. Identify all other federal, interstate, tribal, state, territorial, or local agency authorizations required for the proposed project, including all approvals or denials already received. Provide the status of each authorization.

Refer to attached narrative

SECTION F. PROJECT SCOPE

This section is intended to organize information in order to present an overall summary of the project scope, certain key information requirements and when applicable, a comprehensive view of the overall project and related projects.

Check the box indicating the item is contained in the SWQC request		**Included**
1.	Provide a detailed overall summary of the project scope including a comprehensive view of the overall project and related projects.	☒
2.	Provide information related to the project purpose, need and water dependency.	☒
3.	Provide an anticipated project schedule.	☒
4.	Provide a location map, detailed mapping and a site plan that includes but not limited to, both known and anticipated, existing features, proposed features, right-of ways, temporary workspace, access roads, property boundaries, aquatic resources and limits of earth disturbance.	☒

5.	Describe all aspects of the proposed project that may have a potential to discharge to waters of the Commonwealth during construction, operation and maintenance of the project, both intentional and unintentional. If known, identify the location and nature of the potential discharge and the location of the receiving waters.	☒
6.	For the authorizations identified in Section E that have been obtained or will be obtained to prevent pollution to and protect waters of the Commonwealth, characterize the potential discharge that will be addressed by each respective authorization. Identify all plans that have or will be prepared to address the potential of discharge of pollutants into Waters of the Commonwealth.	☒
7.	Include a description of any methods and means proposed to monitor the discharge and the equipment or measures planned to treat, control, or manage the discharge.	☒

SECTION G. IDENTIFICATION AND CHARACTERIZATION OF RESOURCES

This section is intended to organize information related to the identification of the resources present on the project site and to characterize those resources that may be affected by the proposed project.

				Included
1.	If available at the time of submission of the SWQC request, provide the standard resource identification Information, location map, wetland determination or delineation reports, watercourse reports, and identification and qualifications of preparers.			☒
2.	Is the site located within or adjacent to any of the following; or within 100 feet of items vii or viii?			
	i. National, state or local park, forest or recreation area	☐ Yes	☒ No	
	ii. National natural landmark	☐ Yes	☒ No	
	iii. National wildlife refuge, or Federal, state, local or private wildlife or plant sanctuaries	☐ Yes	☒ No	
	iv. State Game Lands	☐ Yes	☒ No	
	v. Areas identified as prime farmland	☒ Yes	☐ No	
	vi. Source for a public water supply	☐ Yes	☒ No	
	vii. A National Wild or Scenic River or the Commonwealth's Scenic Rivers System	☐ Yes	☒ No	
	viii. Designated Federal wilderness area	☐ Yes	☒ No	
3.	Identify all aquatic resources present on the project site, provide a statement of how these resources were identified, and provide a unique resource ID, the resource type; size of the resource(s); PFBC designation(s), Chapter 93 designated and existing uses and special protection status; and Exceptional Value (EV) wetland analysis.			☒
4.	Provide information related to habitat for Federally protected threatened and endangered (T&E) plant and animal species; or State protected T&E species and species of special concern.			☒
	Was a PNDI search completed or has there been any agency coordination completed?	☒ Yes	☐ No	
	If yes, did the PNDI search or agency coordination identify any potential conflicts?	☒ Yes	☐ No	

SECTION H. IDENTIFICATION AND DESCRIPTION OF POTENTIAL PROJECT IMPACTS

This section is intended to organize and present information concerning the potential impacts or effects of the overall project that may be proposed under related but separate permit application(s)

		Included
1.	Provide a summary table of the anticipated temporary and permanent direct and indirect impacts for each affected resource category (e.g., riverine, wetlands and lacustrine resources).	☒
2.	Provide a table(s) of all known and anticipated water obstruction(s), encroachment activities and provide a unique resource ID from **G.3.**, latitude and longitude, and approximate temporary and permanent, direct and indirect impacts.	☒
3.	Provide a discussion of how the proposed regulated activities individually and in combination, directly or indirectly impact the identified resource(s) listed in the table provided for **H.2.** and discuss the effects on the applicable resource functions.	☒
4.	If any questions from **G.2.** Standard Information Response questions were answered YES, provide additional details related to any potential impacts to those resource(s).	☒

5.	Provide an evaluation of alternative locations and routes that avoid and minimize environmental impacts. For requests submitted prior to any Chapter 105 application submission, provide a location and route alternatives analysis consistent with Chapter 105 regulatory requirements. For projects proposing work associated with existing infrastructure, provide a brief explanation.	☒
6.	Identify and evaluate the potential cumulative water quality impacts of this project and other potential or existing projects like it, and the impacts that may result through numerous piecemeal changes to the resource	☒

SECTION I. COMPLETENESS CHECKLIST

Check the box indicating the item is included in the SWQC request		**Included**
1.	SWQC Form	☒
2.	General Information Form (GIF)	☒
3.	Project Narrative	☒
4.	Location Map	☒
5.	Site Plan	☒
6.	Pennsylvania Natural Diversity Inventory (PNDI) Search	☒
7.	Alternative Routing/Siting Analysis	☒

SECTION J. CERTIFICATION AND SIGNATURE

☒ Request is hereby made for a Clean Water Act Section 401 State Water Quality Certification (SWQC). I certify that I am familiar with the information contained in this application, and to the best of my knowledge and belief, such information is true, accurate and complete. I further certify that I possess the authority to undertake the proposed activities.

☒ I grant permission to the agencies responsible for authorization of this work, or their duly authorized representative, to enter the project site for inspection purposes during working hours. I will abide by the conditions of the State Water Quality Certification, if issued, and will not begin work without the appropriate authorization(s).

☐ I certify that the project proposed in this application complies with and will be conducted in a manner that is consistent with the approved Coastal Zone Management program of the Commonwealth of Pennsylvania. (Only portions of Erie, Bucks, Philadelphia, and Delaware Counties are in the Coastal Zone). ☒ N/A

☒ I hereby request that DEP review and take action on this SWQC request within a reasonable period of time, not to exceed 1 year from the receipt of this request.

Matthew Hanna — Signature of Applicant/Owner

5/12/2025 — Date

Matthew Hanna, Environment Supervisor — Typed / Printed Name & Title of Applicant/Owner

Callista Miller — Signature of Witness

05/12/2025 — Date

Callista Miller, Environment Advisor — Typed / Printed Name & Title of Witness

SWQC requests must be sent electronically to the Regional Permit Coordination Office.
