*Atlantic Sunrise Project – PA DEP Chapter 105 Joint Permit Application
Transcontinental Gas Pipe Line Company, LLC
Wyoming County
Attachment H – FERC Alignment Sheets*

Transco has provided the Federal Energy Regulatory Commission (FERC) Alignment Sheets which depict the entirety of the Project within Wyoming County. Stream and wetland resources shown on the FERC Alignment Sheets are included in the impact mapping (Attachment H-2) and impact tables (Attachment E-2).

NOTE: The FERC Alignment Sheets are current as of September 2016. Workspace adjustments at individual stream and wetland crossings implemented by Transco in response to the PA DEP technical deficiency requests, as shown on the new set of Chapter 105 permit drawings and documented in the revised application, have not been updated on the FERC Alignment Sheets. Transco will provide the PA DEP an updated copy of the FERC Alignment Sheets showing all workspace revisions when they are filed with the FERC in Transco's Implementation Plan, anticipated in early 2017.
