Dear Madam:

Please be advised that the Township of Washington, Cambria County has a Storm Water Management Plan effective in the project area. After studying the proposed area of activity, it was found that the Pipeline project is consistent with Ordinance 7-13-1994.

In regards to the Floodplain Management Plan no aboveground facilities or new access roads are proposed in FEMA's designated floodways or 100 year floodplains, the pipeline project *is not* located within a FEMA designated Flood Hazard Area.

Regards,
