RE: Sunoco Pennsylvania Pipeline Project
Floodplain and Stormwater Management
Consistency
Hanover Project HBT16-20

Dear Ms. Batoon:

This letter is in response to your June 9, 2016, correspondence and subsequent telephone and e-mail communications.

Based on our review of the information provided, it appears that the proposed Sunoco Pennsylvania Pipeline Project is consistent with the Floodplain Management requirements included in the Heidelberg Township Zoning Ordinance, Ordinance No. 114-2009, Article 14, and the Heidelberg Township Stormwater Management and Earth Disturbance Ordinance, Ordinance No. 105-2006.

Should you have any questions or need additional information, please feel free to contact us.

Respectfully,

HANOVER ENGINEERING

Robert J. Lynn, PE, CSI
