Re: Sunoco Pipeline L.P., PA Pipeline Project
Stormwater Management Ordinance
Floodplain Management Ordinance
South Londonderry Township, Lebanon County

Dear Ailene,

Please be advised that South Londonderry Township has reviewed your project in accordance with our Stormwater Management Ordinance dated August 11, 2015. The ordinance requires the preparation and implementation of an approved stormwater management site plan for all regulated activities. The stormwater management ordinance can be found on our website, www.southlondonderry.org, under permits and ordinances. The review of a stormwater management plan requires an administrative fee of \$150, and a \$1200 deposit in an escrow account for our engineer to review.

Additionally, South Londonderry Township has reviewed the project in regard to the Floodplain Management Ordinance dated May 8, 2012. The project does not propose any structures or permanent fill in floodplain areas, and therefore it is consistent with the Floodplain Management Ordinance. To maintain compliance with the ordinance, all earth disturbances must be replaced to pre-construction elevations and conditions.

If you have any questions, please do not hesitate to call me at 717.838.5556.

Sincerely,

Shawn Arbaugh
South Londonderry Township Manager
