Therefore, Licensee, upon the execution of this Agreement, shall pay to the Commonwealth the sum of seven hundred fifty dollars (\$750.00). The annual fees imposed herein may be revised upon notice from the Department to the Licensee consistent with applicable law. Within thirty (30) days after such determination is mailed, Licensee may appeal therefrom to the appropriate court. 5. Should termination of this Agreement occur as of a date not falling on the first day of March, then the annual fee payable in advance for the remaining period or the sum refundable, as the case may be, shall be prorated in the ratio that the remaining period from the first day of March, bears to a year.

6. If this Agreement is terminated by operation of this Agreement or by the Department, such termination shall be confirmed by letter from the Secretary of the Department or his designee to the Licensee at the address shown above, or if termination is by Licensee, by letter from Licensee to the Secretary of the Department, at his office in Harrisburg, Pennsylvania. The letter of termination shall be acknowledged and, if this Agreement is recorded, shall likewise be recorded in the County in which this Agreement is recorded.

7. This Agreement does not supersede or waive the provisions of any Federal or Commonwealth statute, regulation or permit relevant to Licensee's operation or maintenance of its facilities. Licensee, its successors and assigns, shall at all times during the existence of this Agreement comply with all statutes, regulations and permits relevant thereto.

8. Licensee shall at all times save harmless and defend the Commonwealth, its officers and employees, from and against all losses, damages, expenses, claims, demands, suits and actions arising out of, or caused in any manner by the use of Facilities Area by Licensee, and shall compensate the Commonwealth for any damage to it at any time resulting from the use of Facilities Area by Licensee; provided, however, that this paragraph shall not apply to or affect any claims, demands, suits or actions by or on behalf of officers, employees, servants or agents of the Commonwealth, or their dependents, based upon workmen's compensation or similar statutory benefits. The Department shall, at Licensee's expense, provide Licensee with such assistance as Licensee may reasonably request in writing in the defense of any claim, demand, suit or action which Licensee assumes hereunder.

9. Should Licensee default in the performance of any of the provisions of this Agreement, and such default continue or remain uncured, unsettled, unappealed or unstayed by a court of competent jurisdiction for six (6) months after receipt by Licensee of written notice from Department of such default, then this license shall terminate and be of no further effect; provided, however, that if Licensee has commenced substantially to cure said default within the six (6) month period and diligently continues such action to completion, this shall not be an event of default and Department may not terminate this license.

10. In the event this license terminates or is terminated by reason of any provision of this Agreement, or for any other reason, Licensee shall at its cost remove Licensee's facilities from Facilities Area within such time and in such manner as Department may reasonably direct. Should Licensee fail to remove all Licensee's facilities from Facilities Area within one (1) year after notice by Department to do so, Department may remove the same, and Licensee shall pay the costs of such removal. Notwithstanding anything to the contrary herein, Licensee shall have a period of one (1) year from the date of effective termination of the license within which to remove its facilities from the Facilities Area.

11. Licensee shall at all times perform under this Agreement in such manner as to minimize or prevent polluting the environment. Licensee shall be liable and responsible to the Commonwealth as provided by law for any pollution or other damage to any portion of the environment in or adjacent to Facilities Area which occurs as a result or consequence of Licensee's occupation and use thereof, irrespective of whether or not such pollution or damage be due to negligence or in the inherent nature of Licensee's operations, unless the pollution or damage is the proximate result or consequence of an independent intervening cause or of force majeure. The burden of proving such independent intervening cause or force majeure shall be on Licensee. Any action for civil damages on account of such pollution brought by Department against Licensee shall not bar Department from bringing other actions under the Clean Streams Law or other pertinent law, rule, or regulation of the Commonwealth. It is understood and agreed that it is not the intention herein to impose any greater duty upon Licensee than is otherwise provided by statutory and Common law.

12. This Agreement shall be binding upon the parties, their heirs, legal representatives, successors and assigns, but shall not be assignable or transferable by Licensee without the prior written approval of the Department, which shall not be unreasonably withheld, except that Licensee shall, upon notice to the Commonwealth, have a right to assign or transfer this agreement to a parent, subsidiary or affiliate.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed by their duly authorized officials as of the date first above written.
