Dear Mr. Gordon:

The Department of Environmental Protection (DEP) has reviewed the project wide request submitted by Tetra Tech, Inc. on March 14, 2018 to allow temporary equipment bridges to exceed 1-Year. DEP finds the proposed project-wide modification adequate based on the justification provided and the understanding that the equipment bridges are removed as soon as they are determined to be no longer necessary. You may proceed with the project in accordance with all other applicable permit terms and conditions.
