Lack Township, Juniata County
Clay and West Cocalico Township, Lancaster County
Heidelberg, South Annville, South Lebanon, South Londonderry and West Cornwall Townships and Cornwall Borough, Lebanon County
Jackson and Toboyne Townships, Perry County
Fairview Township, York County

Dear Mr. Gordon:

The Department of Environmental Protection (DEP) and the following County Conservation Districts in the South-central Region: Berks, Blair, Cumberland, Dauphin, Huntingdon, Juniata, Lancaster, Lebanon, Perry and York, have reviewed the above referenced application for completeness. The completeness review is the first step in a series of reviews conducted by DEP.

DEP has determined that the application package contains sufficient detail to enable DEP to conduct the technical review, and has been accepted for that purpose.

This is not a final action by DEP on this application. The completeness review is the first in a series of reviews conducted by DEP. The application will now move to the technical review stage of the permit review process. During the technical review, the adequacy of the application and its components will be evaluated to determine if sufficient information exists to render a decision on the technical merits of the application.

JUN 14 2016

I hope you find this information helpful in understanding the permit review process. If you have additional questions about your application, please contact me at 717.705.4798 and refer to ESG0300015002.

Sincerely,

Nathan R. Crawford, P.E.
Permits Section Chief
Waterways & Wetlands Program
