Dear Mr. Gordon:

The Department of Environmental Protection (DEP) and the Chester and Delaware Conservation Districts (Districts) have reviewed the above-referenced application for completeness. The completeness review is the first step in a series of reviews conducted by DEP and the Districts.

DEP and the Districts have determined that the application package contains sufficient detail to enable DEP and the Districts to conduct the technical review, and has been accepted for that purpose.

This is not a final action by DEP or the Districts on this application. The completeness review is the first in a series of reviews conducted by DEP and the Districts. The application will now move to the technical review stage of the permit review process. During the technical review, the adequacy of the application and its components will be evaluated to determine if sufficient information exists to render a decision on the technical merits of the application.

I hope you find this information helpful in understanding the permit review process. If you have additional questions about your application, please contact Mr. William Himes at 814.946.7325 and refer to ESG01000150001.

Sincerely,

Christopher Smith, P.E.  
Chief, Construction Permits Section  
Waterways and Wetlands
