

To: The Pennsylvania Department of Environmental Protection
Re: Deny the Ch. 102 and Ch. 105 Permits for the Regional Energy Access Expansion Project

On behalf of the Sierra Club Pennsylvania Chapter's nearly 140,000 members and supporters across the Commonwealth, we, the undersigned, are calling on you to deny Transcontinental Gas PipeLine Company, LLC's Chapter 102 (Erosion and Sediment Control) and Chapter 105 (Dam Safety and Waterway Management) permits for the proposed Regional Energy Access Expansion (REAE) Project.

The most pressing concern for this project is that it is unneeded. Currently, the New Jersey Board of Public Utilities wants federal energy regulators to look at a study that shows the state doesn't need the additional gas pipeline capacity that the proposed project would facilitate.

This expansion project is unnecessary and a waste of Pennsylvania time and resources, in addition to a detriment to our lands and our climate.

If these permits are granted, the 36 miles of pipeline and compressor station modifications would impact 114 Exceptional Value (EV) wetlands, 37 High Quality (37) streams, and around 297 acres of forested lands.

Among our concerns are the following impacts:

- Sinkholes, spills, property damage, and noise from the drilling process similar to the destruction caused by Mariner East II
- Damage to riparian areas and streams from open-cut crossings
- Forest fragmentation, soil compaction, stormwater runoff, and flooding
- Public health impacts like air quality degradation from compressor stations and industry equipment along the route
- Drinking water contamination and water quality degradation
- Habitat destruction, impacts on threatened and endangered species, and loss of wetlands

Not only is this project dangerous for Pennsylvanians' health and the environment, Transco's proposed REAE project would be an extreme detriment to our region's climate goals. Now is the time to reduce the impact of climate pollution and reduce our dependence on fossil fuels.

Too much is at stake for a pipeline that is not necessary.

Kelsey A. Krepps

Kelsey Krepps, Senior Campaign Representative
Beyond Dirty Fuels, Sierra Club

Jean	Wiant	Glenolden	19036	
Karen	Barton	Bryn Mawr	19010	
Pat	Eiserer	Millersville	17551	
James	Meenan	Manheim	17545	
Lorna	Milano	West Chester	19380	We do not need more pipe lines. The future is electric or hydrogen. We do not want more global pollution.

Sam	Sebastiane Ili	Jessup	18434	There are three important policies needed for proper regulation and oversight of any air polluting facility ; strict standards, continuous emissions monitoring, and aggressive enforcement with sufficient fines to alter behavior. None of these currently exist. In Pennsylvania the legislature we currently have wants to remove the what regulations and oversights we currently have in existence. So no I'm opposed to REAE Project especially one that is not necessary.
Joanna	Hollis	West Lawn	19609	
Gary	Reinert	Fleetwood	19522	
Joel	Jacobs	Carlisle	17015	This is a dirty project. Let's stop it.
Kelly	Rogers	Cornwall	17016	
Joe	Kenosky	Mount Pocono	18344	
Sabrina	Fedel	Pittsburgh	15238	
Joan B	Groff	Mount Joy	17552	The state of New Jersey has said they do NOT need more gas! Therefore, this huge pipeline is yet another attempt at profits vs environmental resources. Known problems from such deals result in leaks, spills, contamination of air water and soils; wasteful spending and broken promises for financial reimbursement; grossly over-budget spending, debt and bankruptcy. Stop this useless business NOW, please! Be true to the reality!

Paul	Bisio	Lansdale	19446	
Cassidy	Boulan	Philadelphia	19107	We cannot expand oil infrastructure!
JEAN	MESSAROS	Dallas	18612	Please deny the permits, Too much is at stake for a pipeline that is not necessary!!!!!!!!!!
Kelli	Dendler	Womelsdorf	19567	
Christy	Freeman	Johnstown	15906	
Kelyn	Klein	Elverson	19520	
Joyce	Wenrick	Erie	16505	
Sandi	Clark	Erie	16509	Destroying the Poconos would take away millions of dollars of revenue from the state and also recreational access and activities for hundreds of thousands of citizens not to mention the loss of drinkable water for millions also.
Barbara	Montabana	Aldan	19018	
J	Augustson	State College	16803	

Patrick	Roddy	Feasterville Trevose	19053	We do not want our state running through our state, to leak in our state.
Nathan	Van Velson	Lancaster	17601	
Betsy	Delisle	Lancaster	17601	
David	Meade	Apollo	15613	
Elizabeth	Binstead	Narberth	19072	Leave the Poconos alone!
Michael	Parke	Springfield	19064	
Liz	Brensinger	New Tripoli	18066	I lived in the Poconos for almost 10 years and know what a special place it is. The LAST thing the Poconos and its residents - human and non-human - need is a cracked gas pipeline and all the habitat destruction that would entail!
Andrew	Brlétrick	Northern Cambria	15714	
Elsa	Buehler	Pittsburgh	15232	
Michael	Inskeep	Bryn Mawr	19010	
David	Laverne	Dickson City	18519	
David	Fiedler	Bensalem	19020	
Ronald & Polly	Grimm	Danville	17821	
Dennis	Kubrak	Philadelphia	19134	
Betty	Schulz	Hazleton	18201	
Edward	Jasiewicz	Pittsburgh	15208	
Sharon	Sauro	Southampton	18966	
Allison	Saft	Philadelphia	19107	
Daniel	Thayer	Sheffield	16347	
Carole	Ackelson	Erie	16510	
Warren	Hodgkiss	Harrisburg	17103	
Anna	Haughwout	White Oak	15131	
Jeff	Lewin	Wallingford	19086	
Pamela	Breneman	Wernersville	19565	
Judi	Adams	West Chester	19382	
Catherine	Raymond	Penn Valley	19072	

Miriam	Shakow	Narberth	19072	I can't believe that a democratic government would allow a company to pipe fracked gas through the Poconos, when there are so many health and safety risks to people along the route. It makes me feel like we don't live in a democracy at all. New Jersey is building wind turbines and solar panels. They don't want fracked gas and we in PA don't want it either. We want renewable energy projects, instead, that will allow our children and grandchildren to live a good life.
Laura	Fake	Womelsdorf	19567	
Tony	Consbruck	Grove City	16127	
Ann	Grundstrom	Lewisburg	17837	If N. Jersey doesn't need more gas, why should the pipeline be expanded? Protect the forests of the Poconos!
Cheryl	Champy	Media	19063	We don't need more fracked gas and this will only contribute to global warming and pollution.
Janis	Kinslow	Aston	19014	
Laura	Prushinski	Larksville	18704	
Heather	Wiggins	Levittown	19055	
Robert	Gluck	Freeland	18224	
Jenny	Ruckdeschel	Bryn Mawr	19010	
John	Confer	California	15419	As a part-time resident of Poconos and a Parks & Recreation Management professor, I believe DEP should deny any permits to any fracked gas pipelines in NE PA! The Poconos is a popular and vibrant recreation destination providing significant economic benefits to the region. Outdoor recreation alone generates over 150,000 jobs and an estimated \$4 BILLION to Pennsylvania's GDP.
William	Anderson	Narberth	19072	
Tim	Mcdevitt	Downingtown	19335	
John	Ramirez	Paoli	19301	
Lois	Bair	Spring Mills	16875	The profit motive must not be allowed to continue as the driving force in energy production and distribution!
Marcie	Hontz	Littlestown	17340	
Donald	Wittle	Newport	17074	

AnneMarie	Meyer	Oley	19547	
Melissa	Farr	Lancaster	17603	
Kelley	Griswold	Millerstown	17062	
Patricia	Krimmel	Pittsburgh	15206	
Patrick	Dunleavy	Moosic	18507	
Greg	Brooks	Norristown	19403	
Catherine	McLaughlin	Orangeville	17859	This is an unnecessary project that will further set back the goals to control greenhouse gasses that contribute to global warming.
Charles	Breznicky	Fort Washington	19034	This pipeline through a beautiful mountain range in PA will only lead to desecration of the natural world. We do not need this pipeline, we need people to get to the mountains to enjoy them by hiking and camping, not running pipes through them.
Sondra	Rosenberg	Philadelphia	19119	
Arlene	Mercurio	New Kensington	15068	
Susan	Carmalt	Milan	18831	
Daniel Max	Behl	Glen Mills	19342	
Donald	Lambert	York Haven	17370	It is imperative that our children inherit as clean a planet as our parents left us !
Christine	Nye	Fredericksburg	17026	
Dawn	Christensen	Pittsburgh	15218	Protect the Poconos! No dirty and dangerous pipelines!
Chris	Hudock	Bethlehem	18018	
Dianna	Holland	Philadelphia	19144	
Jennifer	Quick	Hummelstown	17036
