Regional Energy Access Expansion Project – Effort Loop

## **UPS TRACKING (1Z8797VV0394955385)**

March 31, 2021

Chestnuthill Township P.O. Box 243, 271 Route 715 Brodheadsville, PA 18322

Re: Regional Energy Access Expansion Project – Effort Loop

Pennsylvania Acts 14, 67, 68, and 127 Notification

Chestnuthill, Ross, and Tunkhannock Townships, Monroe County, Pennsylvania

#### Dear Chestnuthill Township Supervisors:

The purpose of this notice is to inform you of Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams), intent to submit a Chapter 105 Water Obstruction and Encroachment Permit to the Pennsylvania Department of Environmental Protection (PADEP) in accordance with Acts 14, 67, 68, and 127 and the Pennsylvania Municipalities Planning Code for the following project.

- 1) Project Name: Regional Energy Access Expansion Project Effort Loop
- **2) Project Description**: Transco, indirectly owned by The Williams Companies, Inc. (Williams), is seeking authorization from the Federal Energy Regulatory Commission (FERC or Commission) under Section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations, to construct, own, operate, and maintain the proposed Project facilities. The Project is an expansion of Transco's existing natural gas transmission system that will enable Transco to provide an incremental 829,400 dekatherms per day (Dth/d) of year-round firm transportation capacity from the Marcellus Shale production area in northeastern Pennsylvania (PA) to multiple delivery points along Transco's Leidy Line in PA, Transco's mainline at the Station 210 Zone 6 Pooling Point in Mercer County, New Jersey (NJ) and multiple delivery points in Transco's Zone 6 in NJ, PA, and Maryland (MD).

The Effort Loop component of the Project will consist of approximately 13.8 miles of 42-inch pipeline colocated with existing Transco Leidy Lines between Mileposts 43.72 and 57.50 in Ross, Chestnuthill and Tunkhannock Townships, Monroe County. The new pipeline will tie-in to the existing 42-in Leidy Line "D" on both ends, completing the segment. With the segment completed, the existing pig traps (industry term for manifolds that launch or receive in-line inspection tools) at both tie-ins will no longer be needed and will therefore be removed, while the existing mainline valves will remain. Transco will be installing a new mainline valve and appurtenant equipment at Milepost 49.6 off of Sugar Hollow Road. The valve installation is a means to isolate gas flows. One Contractor Yard is proposed at the east end of the pipeline at MP 43.72. On remote anode groundbed is proposed at MP 43.72.

- **3) Applicant Name**: Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams)
- 4) Applicant Contact: Joseph Dean

Manager, Permitting

2800 Post Oak Blvd, Level 11

Houston, TX 77056 (713) 215-3427

**5) Site Location**: The proposed Project is located on the Blakeslee, Pocono Pines, Brodheadsville and Saylorsburg, Pennsylvania, 7.5 Minute USGS quadrangle. The Project is co-located with an existing

pipeline right-of-way. The western terminus of the Effort Loop is located at: 41.053413, -75.526178, and the eastern terminus is location at: 40.896796. -75.370606.

6) Municipality / County: Chestnuthill, Ross, and Tunkhannock Townships, Monroe County

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notices shall be received by the municipality(ies) and county(ies) at least 30 days before the Department may issue or deny the permit.

"Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipalities Planning Code. Enclosed are a General Permit Registration Form (GIF) and Project Location Map that we have completed for this project. DEP invites you to review the attached GIF and comment on the land use aspects of this project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this project, you must respond within 30 days to the DEP regional office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process."

Please submit any comments concerning this project within 30 days from date of receipt of this letter to the DEP Regional Permit Coordination Office at:

PADEP Regional Permit Coordination Office Rachel Carson State Office Building 400 Market Street Harrisburg, PA 17101

For more information about this land use review process, please visit www.depweb.state.pa.us, (keyword: Land Use Reviews).

Sincerely,

Ryan J. Nelson, PWS WHM Consulting, LLC

cc: Joseph Dean, Transco

**Requirement A-2 – General Information Form** 

Regional Energy Access Expansion Project – Effort Loop

## COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION

## **GENERAL INFORMATION FORM – AUTHORIZATION APPLICATION**

Before completing this General Information Form (GIF), read the step-by-step instructions provided in this application package. This form is used by the Department of Environmental Protection (DEP) to inform our programs regarding what other DEP permits or authorizations may be needed for the proposed project or activity. This version of the General Information Form (GIF) must be completed and returned with any program-specific application being submitted to the DEP.

1.1	Will this coal mining project involve coal preparation/ processing		Yes		No
	activities in which the total amount of coal prepared/processed will				
	be equal to or greater than 200 tons/day?				
1.2	Will this coal mining project involve coal preparation/ processing		Yes		No
	activities in which the total amount of coal prepared/processed will				
12	be greater than 50,000 tons/year?  Will this coal mining project involve coal preparation/ processing	$\overline{}$	Yes	П	No
1.3	activities in which thermal coal dryers or pneumatic coal cleaners	Ш	165	Ш	NO
	will be used?				
1.4	For this coal mining project, will sewage treatment facilities be		Yes		No
	constructed and treated waste water discharged to surface waters?				
1.5	Will this coal mining project involve the construction of a permanent		Yes		No
	impoundment meeting one or more of the following criteria: (1) a				
	contributory drainage area exceeding 100 acres; (2) a depth of				
	water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at				
	maximum storage elevation exceeding 50 acre-feet?				
1.6	Will this coal mining project involve underground coal mining to be		Yes		No
	conducted within 500 feet of an oil or gas well?	_		_	
2.0	Is this a non-coal (industrial minerals) mining project? If "Yes",		Yes	$\boxtimes$	No
	respond to 2.1-2.6. If "No", skip to Question 3.0.				
2.1	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No
	crushing and screening of non-coal minerals other than sand and				
2.2	gravel?  Will this non-coal (industrial minerals) mining project involve the		Yes	П	No
2.2	crushing and/or screening of sand and gravel with the exception of		100		110
	wet sand and gravel operations (screening only) and dry sand and				
	gravel operations with a capacity of less than 150 tons/hour of				
	unconsolidated materials?				
2.3	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No
	construction, operation and/or modification of a portable non-				
	metallic (i.e., non-coal) minerals processing plant under the authority of the General Permit for Portable Non-metallic Mineral				
	Processing Plants (i.e., BAQ-PGPA/GP-3)?				
2.4	For this non-coal (industrial minerals) mining project, will sewage		Yes		No
	treatment facilities be constructed and treated waste water				
	discharged to surface waters?				
2.5	Will this non-coal (industrial minerals) mining project involve the		Yes		No
	construction of a permanent impoundment meeting one or more of				
	the following criteria: (1) a contributory drainage area exceeding				
	100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an				
	impounding capacity at maximum storage elevation exceeding				
	50 acre-feet?				

3.0	Will your project, activity, or authorization have anything to do with a well related to oil or gas production, have construction within 200 feet of, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well? If "Yes", respond to 3.1-3.3. If "No", skip to Question 4.0.	Yes	No
3.1	Does the oil- or gas-related project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?	Yes	No
3.2	Will the oil- or gas-related project involve discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system? If "Yes", discuss in <i>Project Description</i> .	Yes	No
3.3	Will the oil- or gas-related project involve the construction and operation of industrial waste treatment facilities?	Yes	No
4.0	Will the project involve a construction activity that results in earth disturbance? If "Yes", specify the total disturbed acreage.  4.0.1 Total Disturbed Acreage + / - 262	Yes	No
	4.0.2 Will the project discharge or drain to a special protection water (EV or HQ) or an EV wetland?	Yes	No
	4.0.3 Will the project involve a construction activity that results in earth disturbance in the area of the earth disturbance that are contaminated at levels exceeding residential or non-residential medium-specific concentrations (MSCs) in 25 Pa. Code Chapter 250 at residential or non-residential construction sites, respectively?	Yes	No
5.0	Does the project involve any of the following: water obstruction and/or encroachment, wetland impacts, or floodplain project by the Commonwealth/political subdivision or public utility? If "Yes", respond to 5.1-5.7. If "No", skip to Question 6.0.	Yes	No
5.1	Water Obstruction and Encroachment Projects – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water?	Yes	No
5.2	Wetland Impacts – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a wetland?	Yes	No
5.3	Floodplain Projects by the Commonwealth, a Political Subdivision of the Commonwealth or a Public Utility – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a floodplain?	Yes	No
5.4	Is your project an interstate transmission natural gas pipeline?	Yes	No
5.5	Does your project consist of linear construction activities which result in earth disturbance in two or more DEP regions AND three or more counties?	Yes	No
5.6	Does your project utilize Floodplain Restoration as a best management practice for Post Construction Stormwater Management?	Yes	No
5.7	Does your project utilize Class V Gravity / Injection Wells as a best management practice for Post Construction Stormwater Management?	Yes	No
6.0	Will the project involve discharge of construction related stormwater to a dry swale, surface water, ground water or separate storm water system?	Yes	No

6.1	Will the project involve discharge of industrial waste stormwater or wastewater from an industrial activity or sewage to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?		Yes		No
7.0	Will the project involve the construction and operation of industrial waste treatment facilities?		Yes		No
8.0	Will the project involve construction of sewage treatment facilities, sanitary sewers, or sewage pumping stations? If "Yes", indicate estimated proposed flow (gal/day). Also, discuss the sanitary sewer pipe sizes and the number of pumping stations/treatment facilities/name of downstream sewage facilities in the <i>Project Description</i> , where applicable.		Yes		No
9.0	8.0.1 Estimated Proposed Flow (gal/day)  Will the project involve the subdivision of land, or the generation of 800 gpd or more of sewage on an existing parcel of land or the generation of an additional 400 gpd of sewage on an already-developed parcel, or the generation of 800 gpd or more of industrial wastewater that would be discharged to an existing sanitary sewer system?		Yes		No
	9.0.1 Was Act 537 sewage facilities planning submitted and approved by DEP? If "Yes" attach the approval letter. Approval required prior to 105/NPDES approval.		Yes		No
10.0	Is this project for the beneficial use of biosolids for land application within Pennsylvania? If "Yes" indicate how much (i.e. gallons or dry tons per year).  10.0.1 Gallons Per Year (residential septage)		Yes		No
	10.0.2 Dry Tons Per Year (biosolids)				
11.0	Does the project involve construction, modification or removal of a dam? If "Yes", identify the dam.  11.0.1 Dam Name		Yes		No
12.0	Will the project interfere with the flow from, or otherwise impact, a dam? If "Yes", identify the dam.  12.0.1 Dam Name		Yes		No
13.0	Will the project involve operations (excluding during the construction period) that produce air emissions (i.e., NOX, VOC, etc.)?		Yes		No
	<b>13.0.1</b> If "Yes", is the operation subject to the agricultural exemption in 35 P.S. § 4004.1?		Yes	$\boxtimes$	No
	<b>13.0.2</b> If the answer to 13.0.1 is "No", identify each type of emission followed by the estimated amount of that emission. <b>Enter all types &amp; amounts of Summary of Effort Loop Operational Pemissions; separate each set</b> Single HAP - 0.01; Total HAP - 0.01; County of the emissions of the emissions of the emissions of the emission of the emission.				
14.0	Does the project include the construction or modification of a drinking water supply to serve 15 or more connections or 25 or more people, at least 60 days out of the year? If "Yes", check all proposed sub-facilities.  14.0.1 Number of Persons Served  14.0.2 Number of		Yes		No

### **CERTIFICATION**

I certify that I have the authority to submit this application on behalf of the applicant named herein and that the information provided in this application is true and correct to the best of my knowledge and information.

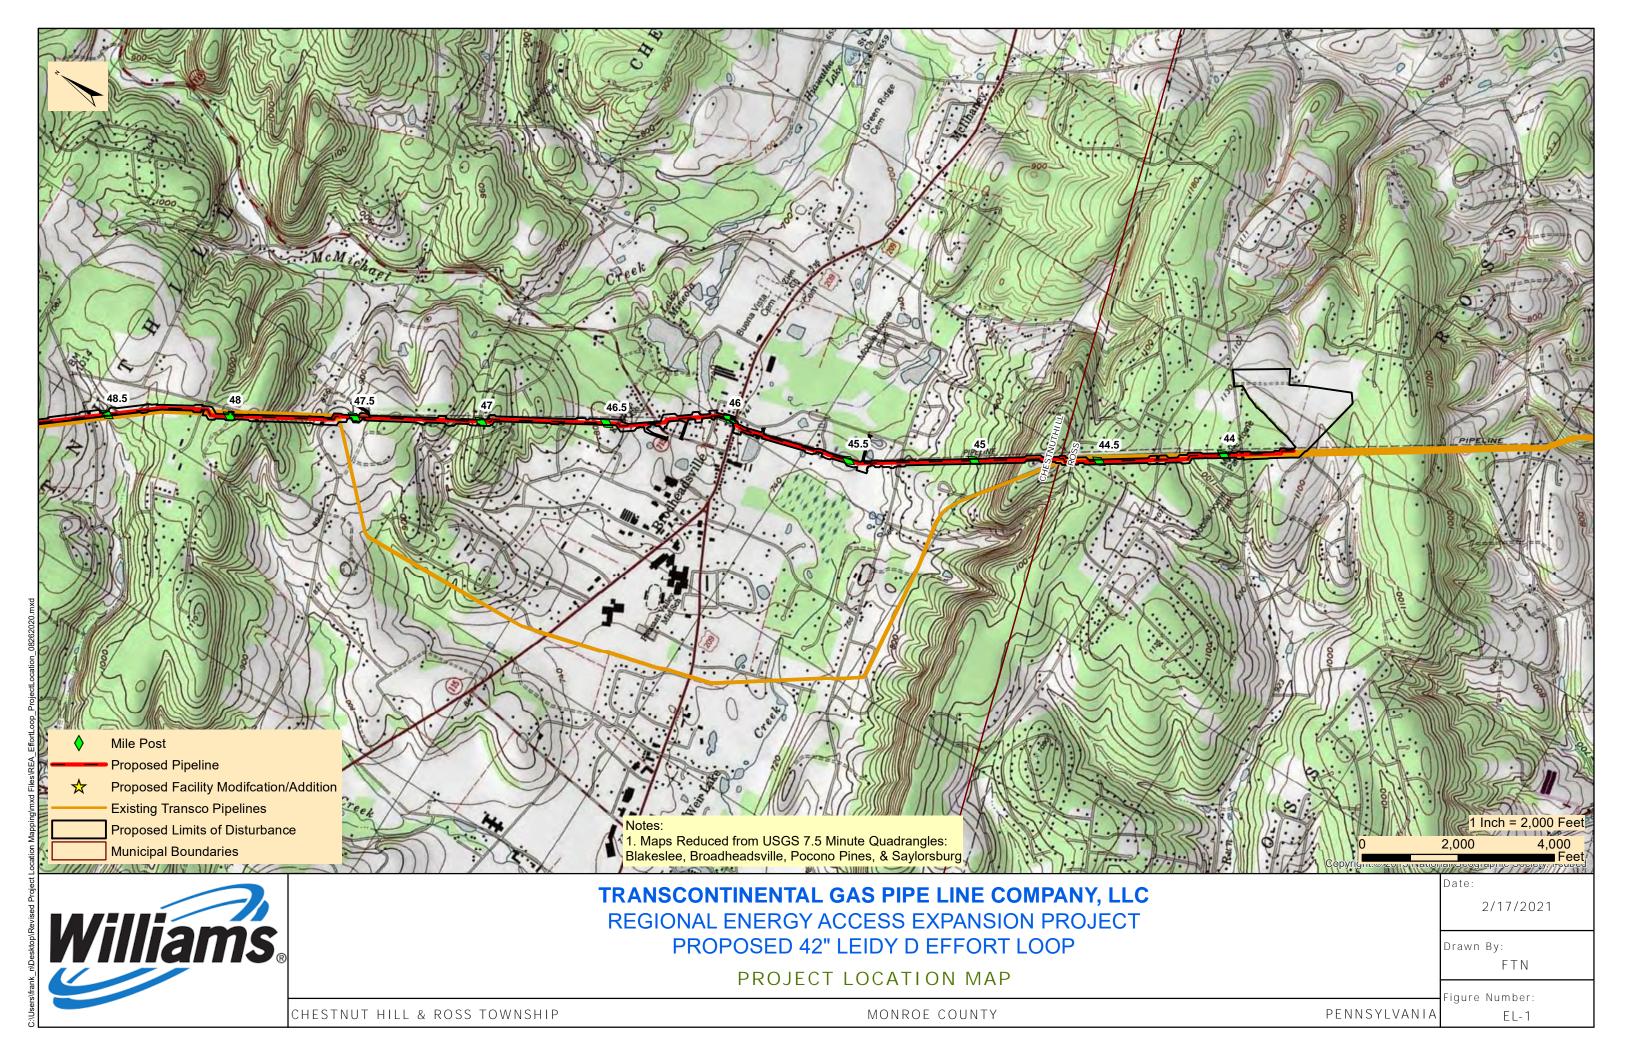

For applicants supplying an EIN number: I am applying for a permit or authorization from the Pennsylvania Department of Environmental Protection (DEP). As part of this application, I will provide DEP with an accurate EIN number for the applicant entity. By filing this application with DEP, I hereby authorize DEP to confirm the accuracy of the EIN number provided with the Pennsylvania Department of Revenue. As applicant, I further consent to the Department of Revenue discussing the same with DEP prior to issuance of the Commonwealth permit or authorization.

Regional Energy Access Expansion Project – Effort Loop

#### <u>UPS TRACKING</u> (1Z8797VV0390758971)

March 31, 2021

Monroe County Planning Commission One Quaker Plaza, Room 106 Stroudsburg, PA 18360

Re: Regional Energy Access Expansion Project – Effort Loop

Pennsylvania Acts 14, 67, 68, and 127 Notification

Chestnuthill, Ross, and Tunkhannock Townships, Monroe County, Pennsylvania

Dear Monroe County Commissioners:

The purpose of this notice is to inform you of Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams), intent to submit a Chapter 105 Water Obstruction and Encroachment Permit to the Pennsylvania Department of Environmental Protection (PADEP) in accordance with Acts 14, 67, 68, and 127 and the Pennsylvania Municipalities Planning Code for the following project:

- 1) Project Name: Regional Energy Access Expansion Project Effort Loop
- **2) Project Description**: Transco, indirectly owned by The Williams Companies, Inc. (Williams), is seeking authorization from the Federal Energy Regulatory Commission (FERC or Commission) under Section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations, to construct, own, operate, and maintain the proposed Project facilities. The Project is an expansion of Transco's existing natural gas transmission system that will enable Transco to provide an incremental 829,400 dekatherms per day (Dth/d) of year-round firm transportation capacity from the Marcellus Shale production area in northeastern Pennsylvania (PA) to multiple delivery points along Transco's Leidy Line in PA, Transco's mainline at the Station 210 Zone 6 Pooling Point in Mercer County, New Jersey (NJ) and multiple delivery points in Transco's Zone 6 in NJ, PA, and Maryland (MD).

The Effort Loop component of the Project will consist of approximately 13.8 miles of 42-inch pipeline colocated with existing Transco Leidy Lines between Mileposts 43.72 and 57.50 in Ross, Chestnuthill and Tunkhannock Townships, Monroe County. The new pipeline will tie-in to the existing 42-in Leidy Line "D" on both ends, completing the segment. With the segment completed, the existing pig traps (industry term for manifolds that launch or receive in-line inspection tools) at both tie-ins will no longer be needed and will therefore be removed, while the existing mainline valves will remain. Transco will be installing a new mainline valve and appurtenant equipment at Milepost 49.6 off of Sugar Hollow Road. The valve installation is a means to isolate gas flows. One Contractor Yard is proposed at the east end of the pipeline at MP 43.72. One remove anode groundbed is proposed at MP 43.72.

**3) Applicant Name**: Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams)

4) Applicant Contact: Joseph Dean

Manager, Permitting

2800 Post Oak Blvd, Level 11

Houston, TX 77056 (713) 215-3427

- **5) Site Location**: The proposed Project is located on the Blakeslee, Pocono Pines, Brodheadsville and Saylorsburg, Pennsylvania, 7.5 Minute USGS quadrangle. The Project is co-located with an existing pipeline right-of-way. The western terminus of the Effort Loop is located at: 41.053413, -75.526178, and the eastern terminus is location at: 40.896796, -75.370606.
- 6) Municipality / County: Chestnuthill, Ross, and Tunkhannock Townships, Monroe County

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notices shall be received by the municipality(ies) and county(ies) at least 30 days before the Department may issue or deny the permit.

"Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipalities Planning Code. Enclosed are a General Permit Registration Form (GIF) and Project Location Map that we have completed for this project. DEP invites you to review the attached GIF and comment on the land use aspects of this project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this project, you must respond within 30 days to the DEP regional office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process."

Please submit any comments concerning this project within 30 days from date of receipt of this letter to the DEP Regional Permit Coordination Office at:

PADEP Regional Permit Coordination Office Rachel Carson State Office Building 400 Market Street Harrisburg, PA 17101

For more information about this land use review process, please visit www.depweb.state.pa.us, (keyword: Land Use Reviews).

Sincerely

Ryan J. Nelson, PWS WHM Consulting, LLC

cc: Joseph Dean, Transco

Regional Energy Access Expansion Project – Effort Loop

## COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION

## **GENERAL INFORMATION FORM – AUTHORIZATION APPLICATION**

Before completing this General Information Form (GIF), read the step-by-step instructions provided in this application package. This form is used by the Department of Environmental Protection (DEP) to inform our programs regarding what other DEP permits or authorizations may be needed for the proposed project or activity. This version of the General Information Form (GIF) must be completed and returned with any program-specific application being submitted to the DEP.

	unconsolidated materials?						
2.3	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No		
	construction, operation and/or modification of a portable non-						
	metallic (i.e., non-coal) minerals processing plant under the authority of the General Permit for Portable Non-metallic Mineral						
	Processing Plants (i.e., BAQ-PGPA/GP-3)?						
2.4	For this non-coal (industrial minerals) mining project, will sewage		Yes		No		
	treatment facilities be constructed and treated waste water						
	discharged to surface waters?						
2.5	Will this non-coal (industrial minerals) mining project involve the		Yes		No		
	construction of a permanent impoundment meeting one or more of						
	the following criteria: (1) a contributory drainage area exceeding						
	100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an						
	impounding capacity at maximum storage elevation exceeding						
	50 acre-feet?						

3.0	Will your project, activity, or authorization have anything to do with a well related to oil or gas production, have construction within 200 feet of, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well? If "Yes", respond to 3.1-3.3. If "No", skip to Question 4.0.		Yes	No
3.1	Does the oil- or gas-related project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?		Yes	No
3.2	Will the oil- or gas-related project involve discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system? If "Yes", discuss in <i>Project Description</i> .		Yes	No
3.3	Will the oil- or gas-related project involve the construction and operation of industrial waste treatment facilities?		Yes	No
4.0	Will the project involve a construction activity that results in earth disturbance? If "Yes", specify the total disturbed acreage.  4.0.1 Total Disturbed Acreage + / - 262		Yes	No
	4.0.2 Will the project discharge or drain to a special protection water (EV or HQ) or an EV wetland?	$\boxtimes$	Yes	No
	4.0.3 Will the project involve a construction activity that results in earth disturbance in the area of the earth disturbance that are contaminated at levels exceeding residential or non-residential medium-specific concentrations (MSCs) in 25 Pa. Code Chapter 250 at residential or non-residential construction sites, respectively?		Yes	No
5.0	Does the project involve any of the following: water obstruction and/or encroachment, wetland impacts, or floodplain project by the Commonwealth/political subdivision or public utility? If "Yes", respond to 5.1-5.7. If "No", skip to Question 6.0.		Yes	No
5.1	Water Obstruction and Encroachment Projects – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water?		Yes	No
5.2	Wetland Impacts – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a wetland?		Yes	No
5.3	Floodplain Projects by the Commonwealth, a Political Subdivision of the Commonwealth or a Public Utility – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a floodplain?		Yes	No
5.4	Is your project an interstate transmission natural gas pipeline?		Yes	No
5.5	Does your project consist of linear construction activities which result in earth disturbance in two or more DEP regions AND three or more counties?		Yes	No
5.6	Does your project utilize Floodplain Restoration as a best management practice for Post Construction Stormwater Management?		Yes	No
5.7	Does your project utilize Class V Gravity / Injection Wells as a best management practice for Post Construction Stormwater Management?		Yes	No
6.0	Will the project involve discharge of construction related stormwater to a dry swale, surface water, ground water or separate storm water system?		Yes	No

6.1	Will the project involve discharge of industrial waste stormwater or wastewater from an industrial activity or sewage to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?		Yes		No	
7.0	Will the project involve the construction and operation of industrial waste treatment facilities?		Yes		No	
8.0	Will the project involve construction of sewage treatment facilities, sanitary sewers, or sewage pumping stations? If "Yes", indicate estimated proposed flow (gal/day). Also, discuss the sanitary sewer pipe sizes and the number of pumping stations/treatment facilities/name of downstream sewage facilities in the <i>Project Description</i> , where applicable.		Yes		No	
9.0	8.0.1 Estimated Proposed Flow (gal/day)  Will the project involve the subdivision of land, or the generation of 800 gpd or more of sewage on an existing parcel of land or the generation of an additional 400 gpd of sewage on an already-developed parcel, or the generation of 800 gpd or more of industrial wastewater that would be discharged to an existing sanitary sewer system?		Yes		No	
	9.0.1 Was Act 537 sewage facilities planning submitted and approved by DEP? If "Yes" attach the approval letter. Approval required prior to 105/NPDES approval.		Yes		No	
10.0	Is this project for the beneficial use of biosolids for land application within Pennsylvania? If "Yes" indicate how much (i.e. gallons or dry tons per year).  10.0.1 Gallons Per Year (residential septage)		Yes		No	
	10.0.2 Dry Tons Per Year (biosolids)					
11.0	Does the project involve construction, modification or removal of a dam? If "Yes", identify the dam.  11.0.1 Dam Name		Yes		No	
12.0	Will the project interfere with the flow from, or otherwise impact, a dam? If "Yes", identify the dam.  12.0.1 Dam Name		Yes		No	
13.0	Will the project involve operations (excluding during the construction period) that produce air emissions (i.e., NOX, VOC, etc.)?		Yes		No	
	<b>13.0.1</b> If "Yes", is the operation subject to the agricultural exemption in 35 P.S. § 4004.1?		Yes		No	
	<ul> <li>13.0.2 If the answer to 13.0.1 is "No", identify each type of emission followed by the estimated amount of that emission.</li> <li>Enter all types &amp; amounts of Summary of Effort Loop Operational Potential to Emit (PTE): VOC - 0.07; emissions; separate each set Single HAP - 0.01; Total HAP - 0.01; CO2e - 315.03 = Annual (tpy) with semicolons.</li> </ul>					
14.0	Does the project include the construction or modification of a drinking water supply to serve 15 or more connections or 25 or more people, at least 60 days out of the year? If "Yes", check all proposed sub-facilities.  14.0.1 Number of Persons Served  14.0.2 Number of		Yes		No	
	Employee/Guests					
	14.0.3 Number of Connections					
	14.0.4 Sub-Fac: Distribution System	П	Yes		No	
	14.0.5 Sub-Fac: Water Treatment Plant	Π	Yes	H	No	
	14.0.6 Sub-Fac: Source		Yes		No	
	14.0.7 Sub-Fac: Pump Station		Yes		No	
	14.0.8 Sub Fac: Transmission Main		Yes		No	
	14.0.9 Sub-Fac: Storage Facility		Yes		No	

15.0	Will your project include infiltration of storm water or waste water	$\boxtimes$	Yes		No
	to ground water within one-half mile of a public water supply well,				
	spring or infiltration gallery?				
16.0	Is your project to be served by an existing public water supply? If		Yes	$\boxtimes$	No
	"Yes", indicate name of supplier and attach letter from supplier stating				
	that it will serve the project.				
	16.0.1 Supplier's Name		Vaa		Na
17.0	16.0.2 Letter of Approval from Supplier is Attached	<u> </u>	Yes Yes		No No
17.0 18.0	Will this project be served by on-lot drinking water wells?  Will this project involve a new or increased drinking water	<del>-</del>	Yes		No
10.0	withdrawal from a river, stream, spring, lake, well or other water	Ш	163		NO
	bod(ies)? If "Yes", reference Safe Drinking Water Program.				
	18.0.1 Source Name				
19.0	Will the construction or operation of this project involve treatment,		Yes	$\boxtimes$	No
	storage, reuse, or disposal of waste? If "Yes", indicate what type (i.e.,	_			
	hazardous, municipal (including infectious & chemotherapeutic),				
	residual) and the amount to be treated, stored, re-used or disposed.				
	19.0.1 Type & Amount

### **CERTIFICATION**

I certify that I have the authority to submit this application on behalf of the applicant named herein and that the information provided in this application is true and correct to the best of my knowledge and information.

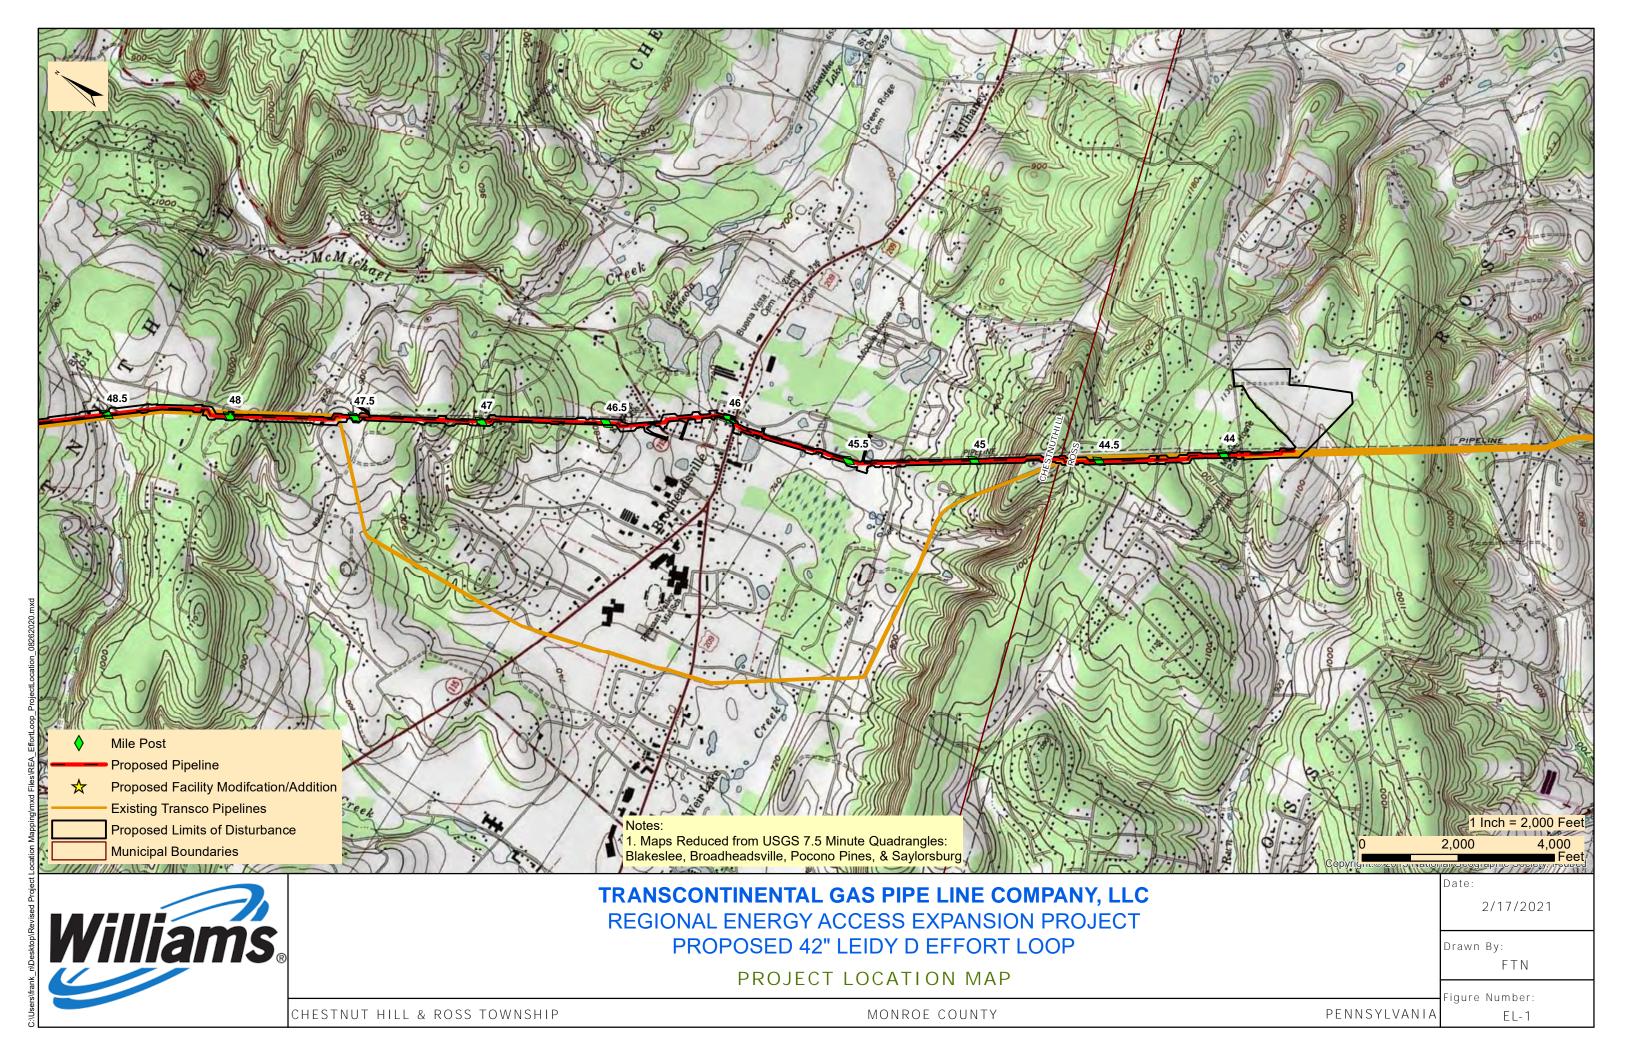

For applicants supplying an EIN number: I am applying for a permit or authorization from the Pennsylvania Department of Environmental Protection (DEP). As part of this application, I will provide DEP with an accurate EIN number for the applicant entity. By filing this application with DEP, I hereby authorize DEP to confirm the accuracy of the EIN number provided with the Pennsylvania Department of Revenue. As applicant, I further consent to the Department of Revenue discussing the same with DEP prior to issuance of the Commonwealth permit or authorization.

Regional Energy Access Expansion Project – Effort Loop

## **UPS TRACKING (1Z8797VV0396240027)**

March 31, 2021

Ross Township Supervisors P.O. Box 276 250 Anchorage Road Saylorsburg, PA 18353

Re: Regional Energy Access Expansion Project – Effort Loop

Pennsylvania Acts 14, 67, 68, and 127 Notification

Chestnuthill, Ross, and Tunkhannock Townships, Monroe County, Pennsylvania

#### Dear Ross Township Supervisors:

The purpose of this notice is to inform you of Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams), intent to submit a Chapter 105 Water Obstruction and Encroachment Permit to the Pennsylvania Department of Environmental Protection (PADEP) in accordance with Acts 14, 67, 68, and 127 and the Pennsylvania Municipalities Planning Code for the following project.

- 1) Project Name: Regional Energy Access Expansion Project Effort Loop
- 2) Project Description: Transco, indirectly owned by The Williams Companies, Inc. (Williams), is seeking authorization from the Federal Energy Regulatory Commission (FERC or Commission) under Section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations, to construct, own, operate, and maintain the proposed Project facilities. The Project is an expansion of Transco's existing natural gas transmission system that will enable Transco to provide an incremental 829,400 dekatherms per day (Dth/d) of year-round firm transportation capacity from the Marcellus Shale production area in northeastern Pennsylvania (PA) to multiple delivery points along Transco's Leidy Line in PA, Transco's mainline at the Station 210 Zone 6 Pooling Point in Mercer County, New Jersey (NJ) and multiple delivery points in Transco's Zone 6 in NJ, PA, and Maryland (MD).

The Effort Loop component of the Project will consist of approximately 13.8 miles of 42-inch pipeline colocated with existing Transco Leidy Lines between Mileposts 43.72 and 57.50 in Ross, Chestnuthill and Tunkhannock Townships, Monroe County. The new pipeline will tie-in to the existing 42-in Leidy Line "D" on both ends, completing the segment. With the segment completed, the existing pig traps (industry term for manifolds that launch or receive in-line inspection tools) at both tie-ins will no longer be needed and will therefore be removed, while the existing mainline valves will remain. Transco will be installing a new mainline valve and appurtenant equipment at Milepost 49.6 off of Sugar Hollow Road. The valve installation is a means to isolate gas flows. One Contractor Yard is proposed at the east end of the pipeline at MP 43.72. One remote anode groundbed is proposed at MP 43.72.

**3) Applicant Name**: Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams)

4) Applicant Contact: Joseph Dean

Manager, Permitting

2800 Post Oak Blvd, Level 11

Houston, TX 77056 (713) 215-3427

- **5) Site Location**: The proposed Project is located on the Blakeslee, Pocono Pines, Brodheadsville and Saylorsburg, Pennsylvania, 7.5 Minute USGS quadrangle. The Project is co-located with an existing pipeline right-of-way. The western terminus of the Effort Loop is located at: 41.053413, -75.526178, and the eastern terminus is location at: 40.896796, -75.370606.
- 6) Municipality / County: Chestnuthill, Ross, and Tunkhannock Townships, Monroe County

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notices shall be received by the municipality(ies) and county(ies) at least 30 days before the Department may issue or deny the permit.

"Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipalities Planning Code. Enclosed are a General Permit Registration Form (GIF) and Project Location Map that we have completed for this project. DEP invites you to review the attached GIF and comment on the land use aspects of this project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this project, you must respond within 30 days to the DEP regional office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process."

Please submit any comments concerning this project within 30 days from date of receipt of this letter to the DEP Regional Permit Coordination Office at:

PADEP Regional Permit Coordination Office Rachel Carson State Office Building 400 Market Street Harrisburg, PA 17101

For more information about this land use review process, please visit www.depweb.state.pa.us, (keyword: Land Use Reviews).

Sincerely,

Ryan J. Nelson, PWS WHM Consulting, LLC

cc: Joseph Dean, Transco

Regional Energy Access Expansion Project – Effort Loop

**April 2021** 

## COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION

### **GENERAL INFORMATION FORM – AUTHORIZATION APPLICATION**

Before completing this General Information Form (GIF), read the step-by-step instructions provided in this application package. This form is used by the Department of Environmental Protection (DEP) to inform our programs regarding what other DEP permits or authorizations may be needed for the proposed project or activity. This version of the General Information Form (GIF) must be completed and returned with any program-specific application being submitted to the DEP.

	were identified?									
	If no, please briefly describe the community concerns that have been express	ed and not	addressed.							
4.	Is your project funded by state or federal grants?	$\boxtimes$	No							
	Note: If "Yes", specify what aspect of the project is related to the grant and provide	de the gran	t source, co	ntact p	person					
	and grant expiration date.									
	Agnost of Project Polated to Crant									
	Aspect of Project Related to Grant									
	Grant Source:									
	Grant Contact Person:									
	Grant Expiration Date:									
5.	Is this application for an authorization on		No							
	Appendix A of the Land Use Policy? (For									
	referenced list, see Appendix A of the Land Use									
	Policy attached to GIF instructions)									
	<b>Note:</b> If "No" to Question 5, the application is not subject to the Land Use Policy.									
	If "Yes" to Question 5, the application is subject to this policy and the Appli	cant should	answer the	additi	onal					
	questions in the Land Use Information section.									
	LAND USE INFORMATION									
Note	: Applicants should submit copies of local land use approvals or other	evidence	of compli	ance	with local					
	prehensive plans and zoning ordinances.		•							
1.	Is there an adopted county or multi-county comprehensive plan?	$\boxtimes$	Yes		No					
2.	Is there a county stormwater management plan?	$\boxtimes$	Yes		No					
3.	Is there an adopted municipal or multi-municipal comprehensive	$\boxtimes$	Yes		No					
	plan?									
4.	Is there an adopted county-wide zoning ordinance, municipal zoning	$\boxtimes$	Yes		No					
	ordinance or joint municipal zoning ordinance?									
	<b>Note:</b> If the Applicant answers "No" to either Questions 1, 3 or 4, the provisions	of the PA N	<u>1PC are not</u>	applic	able and the					
	Applicant does not need to respond to questions 5 and 6 below.			_						
	If the Applicant answers "Yes" to questions 1, 3 and 4, the Applicant shou	_		s 5 and						
5.	Does the proposed project meet the provisions of the zoning	$\boxtimes$	Yes	Ш	No					
	ordinance or does the proposed project have zoning approval? If									
	zoning approval has been received, attach documentation.		Yes	$\square$	No					
6.	Have you attached Municipal and County Land Use Letters for the		169		INU					
	project?									

\* This Project is regulated by the Federal Energy Regulatory Commission (FERC) under the Natural Gas Act. FERC has exclusive jurisdiction over siting of the Project, therefore, local zoning is preempted.

### **COORDINATION INFORMATION**

Note: The PA Historical and Museum Commission must be notified of proposed projects in accordance with DEP Technical Guidance Document 012-0700-001 utilizing the Project Review Form.

If the activity will be a mining project (i.e. mining of coal or industrial minerals, coal refuse disposal and/or the

	on of a coal or industrial minerals preparation/processing facility), respond				
•	activity will not be a mining project, skip questions 1.0 through 2.5 and b	•		•	1 2.0 501011
1.0	Is this a coal mining project? If "Yes", respond to 1.1-1.6. If "No", skip		Yes	3.0.	No
1.0	to Question 2.0.		103		NO
1.1	Will this coal mining project involve coal preparation/ processing		Yes		No
	activities in which the total amount of coal prepared/processed will				
	be equal to or greater than 200 tons/day?				
1.2	Will this coal mining project involve coal preparation/ processing		Yes		No
	activities in which the total amount of coal prepared/processed will				
12	be greater than 50,000 tons/year?  Will this coal mining project involve coal preparation/ processing	$\overline{}$	Yes	П	No
1.3	activities in which thermal coal dryers or pneumatic coal cleaners	Ш	165	Ш	NO
	will be used?				
1.4	For this coal mining project, will sewage treatment facilities be		Yes		No
	constructed and treated waste water discharged to surface waters?				
1.5	Will this coal mining project involve the construction of a permanent		Yes		No
	impoundment meeting one or more of the following criteria: (1) a				
	contributory drainage area exceeding 100 acres; (2) a depth of				
	water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at				
	maximum storage elevation exceeding 50 acre-feet?				
1.6	Will this coal mining project involve underground coal mining to be		Yes		No
	conducted within 500 feet of an oil or gas well?	_		_	
2.0	Is this a non-coal (industrial minerals) mining project? If "Yes",		Yes	$\boxtimes$	No
	respond to 2.1-2.6. If "No", skip to Question 3.0.				
2.1	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No
	crushing and screening of non-coal minerals other than sand and				
2.2	gravel?  Will this non-coal (industrial minerals) mining project involve the		Yes	П	No
2.2	crushing and/or screening of sand and gravel with the exception of		100		110
	wet sand and gravel operations (screening only) and dry sand and				
	gravel operations with a capacity of less than 150 tons/hour of				
	unconsolidated materials?				
2.3	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No
	construction, operation and/or modification of a portable non-				
	metallic (i.e., non-coal) minerals processing plant under the authority of the General Permit for Portable Non-metallic Mineral				
	Processing Plants (i.e., BAQ-PGPA/GP-3)?				
2.4	For this non-coal (industrial minerals) mining project, will sewage		Yes		No
	treatment facilities be constructed and treated waste water				
	discharged to surface waters?				
2.5	Will this non-coal (industrial minerals) mining project involve the		Yes		No
	construction of a permanent impoundment meeting one or more of				
	the following criteria: (1) a contributory drainage area exceeding				
	100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an				
	impounding capacity at maximum storage elevation exceeding				
	50 acre-feet?				

3.0	Will your project, activity, or authorization have anything to do with a well related to oil or gas production, have construction within 200 feet of, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well? If "Yes", respond to 3.1-3.3. If "No", skip to Question 4.0.	Yes	No
3.1	Does the oil- or gas-related project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?	Yes	No
3.2	Will the oil- or gas-related project involve discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system? If "Yes", discuss in <i>Project Description</i> .	Yes	No
3.3	Will the oil- or gas-related project involve the construction and operation of industrial waste treatment facilities?	Yes	No
4.0	Will the project involve a construction activity that results in earth disturbance? If "Yes", specify the total disturbed acreage.  4.0.1 Total Disturbed Acreage + / - 262	Yes	No
	4.0.2 Will the project discharge or drain to a special protection water (EV or HQ) or an EV wetland?	Yes	No
	4.0.3 Will the project involve a construction activity that results in earth disturbance in the area of the earth disturbance that are contaminated at levels exceeding residential or non-residential medium-specific concentrations (MSCs) in 25 Pa. Code Chapter 250 at residential or non-residential construction sites, respectively?	Yes	No
5.0	Does the project involve any of the following: water obstruction and/or encroachment, wetland impacts, or floodplain project by the Commonwealth/political subdivision or public utility? If "Yes", respond to 5.1-5.7. If "No", skip to Question 6.0.	Yes	No
5.1	Water Obstruction and Encroachment Projects – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water?	Yes	No
5.2	Wetland Impacts – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a wetland?	Yes	No
5.3	Floodplain Projects by the Commonwealth, a Political Subdivision of the Commonwealth or a Public Utility – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a floodplain?	Yes	No
5.4	Is your project an interstate transmission natural gas pipeline?	Yes	No
5.5	Does your project consist of linear construction activities which result in earth disturbance in two or more DEP regions AND three or more counties?	Yes	No
5.6	Does your project utilize Floodplain Restoration as a best management practice for Post Construction Stormwater Management?	Yes	No
5.7	Does your project utilize Class V Gravity / Injection Wells as a best management practice for Post Construction Stormwater Management?	Yes	No
6.0	Will the project involve discharge of construction related stormwater to a dry swale, surface water, ground water or separate storm water system?	Yes	No

6.1	Will the project involve discharge of industrial waste stormwater or wastewater from an industrial activity or sewage to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?		Yes		No
7.0	Will the project involve the construction and operation of industrial waste treatment facilities?		Yes		No
8.0	Will the project involve construction of sewage treatment facilities, sanitary sewers, or sewage pumping stations? If "Yes", indicate estimated proposed flow (gal/day). Also, discuss the sanitary sewer pipe sizes and the number of pumping stations/treatment facilities/name of downstream sewage facilities in the <i>Project Description</i> , where applicable.		Yes		No
9.0	8.0.1 Estimated Proposed Flow (gal/day)  Will the project involve the subdivision of land, or the generation of 800 gpd or more of sewage on an existing parcel of land or the generation of an additional 400 gpd of sewage on an already-developed parcel, or the generation of 800 gpd or more of industrial wastewater that would be discharged to an existing sanitary sewer system?		Yes		No
	9.0.1 Was Act 537 sewage facilities planning submitted and approved by DEP? If "Yes" attach the approval letter. Approval required prior to 105/NPDES approval.		Yes		No
10.0	Is this project for the beneficial use of biosolids for land application within Pennsylvania? If "Yes" indicate how much (i.e. gallons or dry tons per year).  10.0.1 Gallons Per Year (residential septage)		Yes		No
	10.0.2 Dry Tons Per Year (biosolids)				
11.0	Does the project involve construction, modification or removal of a dam? If "Yes", identify the dam.  11.0.1 Dam Name		Yes		No
12.0	Will the project interfere with the flow from, or otherwise impact, a dam? If "Yes", identify the dam.  12.0.1 Dam Name		Yes		No
13.0	Will the project involve operations (excluding during the construction period) that produce air emissions (i.e., NOX, VOC, etc.)?		Yes		No
	<b>13.0.1</b> If "Yes", is the operation subject to the agricultural exemption in 35 P.S. § 4004.1?		Yes	$\boxtimes$	No
	<b>13.0.2</b> If the answer to 13.0.1 is "No", identify each type of emission followed by the estimated amount of that emission. <b>Enter all types &amp; amounts of Summary of Effort Loop Operational Pemissions; separate each set</b> Single HAP - 0.01; Total HAP - 0.01; County of the emissions of the emissions of the emissions of the emission of the emission.				
14.0	Does the project include the construction or modification of a drinking water supply to serve 15 or more connections or 25 or more people, at least 60 days out of the year? If "Yes", check all proposed sub-facilities.  14.0.1 Number of Persons Served  14.0.2 Number of		Yes		No
	Employee/Guests				
	14.0.3 Number of Connections				_
	14.0.4 Sub-Fac: Distribution System	П	Yes		No
	14.0.5 Sub-Fac: Water Treatment Plant		Yes		No
	14.0.6 Sub-Fac: Source		Yes		No
	14.0.7 Sub-Fac: Pump Station		Yes		No
	14.0.8 Sub Fac: Transmission Main		Yes		No
	14.0.9 Sub-Fac: Storage Facility		Yes		No

15.0	Will your project include infiltration of storm water or waste water	$\boxtimes$	Yes		No
	to ground water within one-half mile of a public water supply well,				
	spring or infiltration gallery?				
16.0	Is your project to be served by an existing public water supply? If		Yes	$\boxtimes$	No
	"Yes", indicate name of supplier and attach letter from supplier stating				
	that it will serve the project.				
	16.0.1 Supplier's Name		Vaa		Na
17.0	16.0.2 Letter of Approval from Supplier is Attached	<u> </u>	Yes Yes		No No
17.0 18.0	Will this project be served by on-lot drinking water wells?  Will this project involve a new or increased drinking water	<del>-</del>	Yes		No
10.0	withdrawal from a river, stream, spring, lake, well or other water	Ш	163		NO
	bod(ies)? If "Yes", reference Safe Drinking Water Program.				
	18.0.1 Source Name				
19.0	Will the construction or operation of this project involve treatment,	П	Yes	$\boxtimes$	No
	storage, reuse, or disposal of waste? If "Yes", indicate what type (i.e.,	_			
	hazardous, municipal (including infectious & chemotherapeutic),				
	residual) and the amount to be treated, stored, re-used or disposed.				
	19.0.1 Type & Amount				
20.0	Will your project involve the removal of coal, minerals,		Yes	$\boxtimes$	No
	contaminated media, or solid waste as part of any earth disturbance				
24.0	activities?	$\overline{}$	Yes	$\boxtimes$	No
21.0	Does your project involve installation of a field constructed underground storage tank? If "Yes", list each Substance & its	Ш	res		NO
	Capacity. <b>Note:</b> Applicant may need a Storage Tank Site Specific				
	Installation Permit.				
	21.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
22.0	Does your project involve installation of an aboveground storage		Yes	$\boxtimes$	No
	tank greater than 21,000 gallons capacity at an existing facility? If				
	"Yes", list each Substance & its Capacity. Note: Applicant may need a				
	Storage Tank Site Specific Installation Permit.  22.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
23.0	Does your project involve installation of a tank greater than		Yes	$\boxtimes$	No
	1,100 gallons which will contain a highly hazardous substance as				
	defined in DEP's Regulated Substances List, 2570-BK-DEP2724? If				
	"Yes", list each Substance & its Capacity. Note: Applicant may need a				
	Storage Tank Site Specific Installation Permit.				
	23.0.1 Enter all substances &				
	capacity of each; separate each set with semicolons.				
24.0	Does your project involve installation of a storage tank at a new	П	Yes	$\boxtimes$	No
2-1.0	facility with a total AST capacity greater than 21,000 gallons? If	_			
	"Yes", list each Substance & its Capacity. Note: Applicant may need a				
	Storage Tank Site Specific Installation Permit.				
	24.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
	NOTE: If the project includes the installation of a regulated storage tank				
	generator systems, the project may require the use of a Department Cert regulated storage tanks and substances, please go to <a href="https://www.dep.pa.gov.se">www.dep.pa.gov.se</a>				ı iuli iist ot
05.0					N-
25.0	Will the intended activity involve the use of a radiation source?	Ш	Yes		No

#### **CERTIFICATION**

I certify that I have the authority to submit this application on behalf of the applicant named herein and that the information provided in this application is true and correct to the best of my knowledge and information.

For applicants supplying an EIN number: I am applying for a permit or authorization from the Pennsylvania Department of Environmental Protection (DEP). As part of this application, I will provide DEP with an accurate EIN number for the applicant entity. By filing this application with DEP, I hereby authorize DEP to confirm the accuracy of the EIN number provided with the Pennsylvania Department of Revenue. As applicant, I further consent to the Department of Revenue discussing the same with DEP prior to issuance of the Commonwealth permit or authorization.

Requirement I – Project Location Map

Regional Energy Access Expansion Project – Effort Loop

**April 2021** 

#### <u>UPS TRACKING</u> (1Z8797VV0394479597)

March 31, 2021

Tunkhannock Township Supervisors P.O. Box 203 1557 Long Pond Road Long Pond, PA 18334

Re: Regional Energy Access Expansion Project – Effort Loop

Pennsylvania Acts 14, 67, 68, and 127 Notification

Chestnuthill, Ross, and Tunkhannock Townships, Monroe County, Pennsylvania

Dear Tunkhannock Township Supervisors:

The purpose of this notice is to inform you of Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams), intent to submit a Chapter 105 Water Obstruction and Encroachment Permit to the Pennsylvania Department of Environmental Protection (PADEP) in accordance with Acts 14, 67, 68, and 127 and the Pennsylvania Municipalities Planning Code for the following project.

- 1) Project Name: Regional Energy Access Expansion Project Effort Loop
- **2) Project Description**: Transco, indirectly owned by The Williams Companies, Inc. (Williams), is seeking authorization from the Federal Energy Regulatory Commission (FERC or Commission) under Section 7(c) of the Natural Gas Act and Part 157 of the Commission's regulations, to construct, own, operate, and maintain the proposed Project facilities. The Project is an expansion of Transco's existing natural gas transmission system that will enable Transco to provide an incremental 829,400 dekatherms per day (Dth/d) of year-round firm transportation capacity from the Marcellus Shale production area in northeastern Pennsylvania (PA) to multiple delivery points along Transco's Leidy Line in PA, Transco's mainline at the Station 210 Zone 6 Pooling Point in Mercer County, New Jersey (NJ) and multiple delivery points in Transco's Zone 6 in NJ, PA, and Maryland (MD).

The Effort Loop component of the Project will consist of approximately 13.8 miles of 42-inch pipeline colocated with existing Transco Leidy Lines between Mileposts 43.72 and 57.50 in Ross, Chestnuthill and Tunkhannock Townships, Monroe County. The new pipeline will tie-in to the existing 42-in Leidy Line "D" on both ends, completing the segment. With the segment completed, the existing pig traps (industry term for manifolds that launch or receive in-line inspection tools) at both tie-ins will no longer be needed and will therefore be removed, while the existing mainline valves will remain. Transco will be installing a new mainline valve and appurtenant equipment at Milepost 49.6 off of Sugar Hollow Road. The valve installation is a means to isolate gas flows. One Contractor Yard is proposed at the east end of the pipeline at MP 43.72. One remote anode groundbed is proposed at MP 43.72.

**3) Applicant Name**: Transcontinental Gas Pipe Line Company, LLC's (Transco), a subsidiary of Williams Partners L.P. (Williams)

4) Applicant Contact: Joseph Dean

Manager, Permitting

2800 Post Oak Blvd, Level 11

Houston, TX 77056 (713) 215-3427

- **5) Site Location**: The proposed Project is located on the Blakeslee, Pocono Pines, Brodheadsville and Saylorsburg, Pennsylvania, 7.5 Minute USGS quadrangle. The Project is co-located with an existing pipeline right-of-way. The western terminus of the Effort Loop is located at: 41.053413, -75.526178, and the eastern terminus is location at: 40.896796, -75.370606.
- 6) Municipality / County: Chestnuthill, Ross, and Tunkhannock Townships, Monroe County

Section 1905-A of the Commonwealth Administrative Code, as amended by Act 14, requires that each applicant for a DEP permit must give written notice to the municipality(ies) and the county(ies) in which the permitted activity is located. The written notices shall be received by the municipality(ies) and county(ies) at least 30 days before the Department may issue or deny the permit.

"Acts 67 and 68, which amended the Municipalities Planning Code to support sound land use practices and planning efforts, direct state agencies to consider comprehensive plans and zoning ordinances when reviewing applications for permitting of facilities or infrastructure and specify that state agencies may rely upon comprehensive plans and zoning ordinances under certain conditions as described in Sections 619.2 and 1105 of the Municipalities Planning Code. Enclosed are a General Permit Registration Form (GIF) and Project Location Map that we have completed for this project. DEP invites you to review the attached GIF and comment on the land use aspects of this project; please be specific to DEP when identifying any areas of conflict. If you wish to submit comments for DEP to consider in a land use review of this project, you must respond within 30 days to the DEP regional office listed below. If there are no land use comments received by the end of the comment period, DEP will assume that there are no substantive land use conflicts and proceed with the normal application review process."

Please submit any comments concerning this project within 30 days from date of receipt of this letter to the DEP Regional Permit Coordination Office at:

PADEP Regional Permit Coordination Office Rachel Carson State Office Building 400 Market Street Harrisburg, PA 17101

For more information about this land use review process, please visit www.depweb.state.pa.us, (keyword: Land Use Reviews).

Sincerely,

Ryan J. Nelson, PWS WHM Consulting, LLC

cc: Joseph Dean, Transco

Regional Energy Access Expansion Project – Effort Loop

**April 2021** 

## COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF ENVIRONMENTAL PROTECTION

### **GENERAL INFORMATION FORM – AUTHORIZATION APPLICATION**

Before completing this General Information Form (GIF), read the step-by-step instructions provided in this application package. This form is used by the Department of Environmental Protection (DEP) to inform our programs regarding what other DEP permits or authorizations may be needed for the proposed project or activity. This version of the General Information Form (GIF) must be completed and returned with any program-specific application being submitted to the DEP.

	referenced list, see Appendix A of the Land Use							
	Policy attached to GIF instructions)							
	<b>Note:</b> If "No" to Question 5, the application is not subject to the Land Use Policy.							
	If "Yes" to Question 5, the application is subject to this policy and the Applicant should answer the additional							
	questions in the Land Use Information section.							
	LAND USE INFORMATION							
Note	: Applicants should submit copies of local land use approvals or other	evidence	of compli	ance	with local			
	rehensive plans and zoning ordinances.	CVIGCTICC	or compi	arioc	with local			
1.	Is there an adopted county or multi-county comprehensive plan?	$\boxtimes$	Yes	П	No			
2.	Is there a county stormwater management plan?	$\boxtimes$	Yes	Ħ	No			
3.	Is there an adopted municipal or multi-municipal comprehensive	$\boxtimes$	Yes	Ħ	No			
0.	plan?			_				
4.	Is there an adopted county-wide zoning ordinance, municipal zoning	$\boxtimes$	Yes	П	No			
••	ordinance or joint municipal zoning ordinance?			_				
	<b>Note:</b> If the Applicant answers "No" to either Questions 1, 3 or 4, the provisions	of the PA M	IPC are not	applic	able and the			
	Applicant does not need to respond to questions 5 and 6 below.							
	If the Applicant answers "Yes" to questions 1, 3 and 4, the Applicant shou	ld respond	to questions	s 5 and	d 6 below.			
5.	Does the proposed project meet the provisions of the zoning	$\boxtimes$	Yes		No			
	ordinance or does the proposed project have zoning approval? If							
	zoning approval has been received, attach documentation.							
6.	Have you attached Municipal and County Land Use Letters for the		Yes	$\boxtimes$	No			
	project?							

\* This Project is regulated by the Federal Energy Regulatory Commission (FERC) under the Natural Gas Act. FERC has exclusive jurisdiction over siting of the Project, therefore, local zoning is preempted.

### **COORDINATION INFORMATION**

Note: The PA Historical and Museum Commission must be notified of proposed projects in accordance with DEP Technical Guidance Document 012-0700-001 utilizing the Project Review Form.

If the activity will be a mining project (i.e. mining of coal or industrial minerals, coal refuse disposal and/or the

	on of a coal or industrial minerals preparation/processing facility), respond						
•		•		•	1 2.0 501011		
If the activity will not be a mining project, skip questions 1.0 through 2.5 and begin with question 3.0.  1.0 Is this a coal mining project? If "Yes", respond to 1.1-1.6. If "No", skip  Yes  No							
1.0	to Question 2.0.	Ш	103		NO		
1.1	Will this coal mining project involve coal preparation/ processing		Yes		No		
	activities in which the total amount of coal prepared/processed will						
	be equal to or greater than 200 tons/day?						
1.2	Will this coal mining project involve coal preparation/ processing		Yes		No		
	activities in which the total amount of coal prepared/processed will						
12	be greater than 50,000 tons/year?	$\overline{}$	Yes	П	No		
1.3	Will this coal mining project involve coal preparation/ processing activities in which thermal coal dryers or pneumatic coal cleaners	Ш	165	Ш	NO		
	will be used?						
1.4	For this coal mining project, will sewage treatment facilities be		Yes		No		
	constructed and treated waste water discharged to surface waters?						
1.5	Will this coal mining project involve the construction of a permanent		Yes		No		
	impoundment meeting one or more of the following criteria: (1) a						
	contributory drainage area exceeding 100 acres; (2) a depth of						
	water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an impounding capacity at						
	maximum storage elevation exceeding 50 acre-feet?						
1.6	Will this coal mining project involve underground coal mining to be		Yes		No		
	conducted within 500 feet of an oil or gas well?	_		_			
2.0	Is this a non-coal (industrial minerals) mining project? If "Yes",		Yes	$\boxtimes$	No		
	respond to 2.1-2.6. If "No", skip to Question 3.0.						
2.1	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No		
	crushing and screening of non-coal minerals other than sand and						
2.2	gravel? Will this non-coal (industrial minerals) mining project involve the		Yes	П	No		
2.2	crushing and/or screening of sand and gravel with the exception of		100		110		
	wet sand and gravel operations (screening only) and dry sand and						
	gravel operations with a capacity of less than 150 tons/hour of						
	unconsolidated materials?						
2.3	Will this non-coal (industrial minerals) mining project involve the		Yes	Ш	No		
	construction, operation and/or modification of a portable non-						
	metallic (i.e., non-coal) minerals processing plant under the authority of the General Permit for Portable Non-metallic Mineral						
	Processing Plants (i.e., BAQ-PGPA/GP-3)?						
2.4	For this non-coal (industrial minerals) mining project, will sewage		Yes		No		
	treatment facilities be constructed and treated waste water						
	discharged to surface waters?						
2.5	Will this non-coal (industrial minerals) mining project involve the		Yes		No		
	construction of a permanent impoundment meeting one or more of						
	the following criteria: (1) a contributory drainage area exceeding						
	100 acres; (2) a depth of water measured by the upstream toe of the dam at maximum storage elevation exceeding 15 feet; (3) an						
	impounding capacity at maximum storage elevation exceeding						
	50 acre-feet?						

3.0	Will your project, activity, or authorization have anything to do with a well related to oil or gas production, have construction within 200 feet of, affect an oil or gas well, involve the waste from such a well, or string power lines above an oil or gas well? If "Yes", respond to 3.1-3.3. If "No", skip to Question 4.0.		Yes	No
3.1	Does the oil- or gas-related project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water (including wetlands)?		Yes	No
3.2	Will the oil- or gas-related project involve discharge of industrial wastewater or stormwater to a dry swale, surface water, ground water or an existing sanitary sewer system or storm water system? If "Yes", discuss in <i>Project Description</i> .		Yes	No
3.3	Will the oil- or gas-related project involve the construction and operation of industrial waste treatment facilities?		Yes	No
4.0	Will the project involve a construction activity that results in earth disturbance? If "Yes", specify the total disturbed acreage.  4.0.1 Total Disturbed Acreage + / - 262		Yes	No
	4.0.2 Will the project discharge or drain to a special protection water (EV or HQ) or an EV wetland?	$\boxtimes$	Yes	No
	4.0.3 Will the project involve a construction activity that results in earth disturbance in the area of the earth disturbance that are contaminated at levels exceeding residential or non-residential medium-specific concentrations (MSCs) in 25 Pa. Code Chapter 250 at residential or non-residential construction sites, respectively?		Yes	No
5.0	Does the project involve any of the following: water obstruction and/or encroachment, wetland impacts, or floodplain project by the Commonwealth/political subdivision or public utility? If "Yes", respond to 5.1-5.7. If "No", skip to Question 6.0.		Yes	No
5.1	Water Obstruction and Encroachment Projects – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a watercourse, floodway or body of water?		Yes	No
5.2	Wetland Impacts – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a wetland?		Yes	No
5.3	Floodplain Projects by the Commonwealth, a Political Subdivision of the Commonwealth or a Public Utility – Does the project involve any of the following: placement of fill, excavation within or placement of a structure, located in, along, across or projecting into a floodplain?		Yes	No
5.4	Is your project an interstate transmission natural gas pipeline?		Yes	No
5.5	Does your project consist of linear construction activities which result in earth disturbance in two or more DEP regions AND three or more counties?		Yes	No
5.6	Does your project utilize Floodplain Restoration as a best management practice for Post Construction Stormwater Management?		Yes	No
5.7	Does your project utilize Class V Gravity / Injection Wells as a best management practice for Post Construction Stormwater Management?		Yes	No
6.0	Will the project involve discharge of construction related stormwater to a dry swale, surface water, ground water or separate storm water system?		Yes	No

6.1	Will the project involve discharge of industrial waste stormwater or wastewater from an industrial activity or sewage to a dry swale, surface water, ground water or an existing sanitary sewer system or separate storm water system?		Yes		No	
7.0	Will the project involve the construction and operation of industrial waste treatment facilities?		Yes		No	
8.0	Will the project involve construction of sewage treatment facilities, sanitary sewers, or sewage pumping stations? If "Yes", indicate estimated proposed flow (gal/day). Also, discuss the sanitary sewer pipe sizes and the number of pumping stations/treatment facilities/name of downstream sewage facilities in the <i>Project Description</i> , where applicable.		Yes		No	
9.0	8.0.1 Estimated Proposed Flow (gal/day)  Will the project involve the subdivision of land, or the generation of 800 gpd or more of sewage on an existing parcel of land or the generation of an additional 400 gpd of sewage on an already-developed parcel, or the generation of 800 gpd or more of industrial wastewater that would be discharged to an existing sanitary sewer system?		Yes		No	
	9.0.1 Was Act 537 sewage facilities planning submitted and approved by DEP? If "Yes" attach the approval letter. Approval required prior to 105/NPDES approval.		Yes		No	
10.0	Is this project for the beneficial use of biosolids for land application within Pennsylvania? If "Yes" indicate how much (i.e. gallons or dry tons per year).  10.0.1 Gallons Per Year (residential septage)		Yes		No	
	10.0.2 Dry Tons Per Year (biosolids)					
11.0	Does the project involve construction, modification or removal of a dam? If "Yes", identify the dam.  11.0.1 Dam Name		Yes		No	
12.0	Will the project interfere with the flow from, or otherwise impact, a dam? If "Yes", identify the dam.  12.0.1 Dam Name		Yes		No	
13.0	Will the project involve operations (excluding during the construction period) that produce air emissions (i.e., NOX, VOC, etc.)?		Yes		No	
	<b>13.0.1</b> If "Yes", is the operation subject to the agricultural exemption in 35 P.S. § 4004.1?		Yes		No	
	<ul> <li>13.0.2 If the answer to 13.0.1 is "No", identify each type of emission followed by the estimated amount of that emission.</li> <li>Enter all types &amp; amounts of Summary of Effort Loop Operational Potential to Emit (PTE): VOC - 0.07; emissions; separate each set Single HAP - 0.01; Total HAP - 0.01; CO2e - 315.03 = Annual (tpy) with semicolons.</li> </ul>					
14.0	Does the project include the construction or modification of a drinking water supply to serve 15 or more connections or 25 or more people, at least 60 days out of the year? If "Yes", check all proposed sub-facilities.  14.0.1 Number of Persons Served  14.0.2 Number of		Yes		No	
	Employee/Guests					
	14.0.3 Number of Connections					
	14.0.4 Sub-Fac: Distribution System	П	Yes		No	
	14.0.5 Sub-Fac: Water Treatment Plant	Π	Yes	H	No	
	14.0.6 Sub-Fac: Source		Yes		No	
	14.0.7 Sub-Fac: Pump Station		Yes		No	
	14.0.8 Sub Fac: Transmission Main		Yes		No	
	14.0.9 Sub-Fac: Storage Facility		Yes		No	

15.0	Will your project include infiltration of storm water or waste water	$\boxtimes$	Yes		No
	to ground water within one-half mile of a public water supply well,				
	spring or infiltration gallery?				
16.0	Is your project to be served by an existing public water supply? If		Yes	$\boxtimes$	No
	"Yes", indicate name of supplier and attach letter from supplier stating				
	that it will serve the project.				
	16.0.1 Supplier's Name		Vaa		Na
17.0	16.0.2 Letter of Approval from Supplier is Attached	<u> </u>	Yes Yes		No No
17.0 18.0	Will this project be served by on-lot drinking water wells?  Will this project involve a new or increased drinking water	<del>-</del>	Yes		No
10.0	withdrawal from a river, stream, spring, lake, well or other water	Ш	163		NO
	bod(ies)? If "Yes", reference Safe Drinking Water Program.				
	18.0.1 Source Name				
19.0	Will the construction or operation of this project involve treatment,		Yes	$\boxtimes$	No
	storage, reuse, or disposal of waste? If "Yes", indicate what type (i.e.,	_			
	hazardous, municipal (including infectious & chemotherapeutic),				
	residual) and the amount to be treated, stored, re-used or disposed.				
	19.0.1 Type & Amount				
20.0	Will your project involve the removal of coal, minerals,		Yes	$\boxtimes$	No
	contaminated media, or solid waste as part of any earth disturbance				
24.0	activities?	$\overline{}$	Yes	$\boxtimes$	No
21.0	Does your project involve installation of a field constructed underground storage tank? If "Yes", list each Substance & its	Ш	res		NO
	Capacity. <b>Note:</b> Applicant may need a Storage Tank Site Specific				
	Installation Permit.				
	21.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
22.0	Does your project involve installation of an aboveground storage		Yes	$\boxtimes$	No
	tank greater than 21,000 gallons capacity at an existing facility? If				
	"Yes", list each Substance & its Capacity. Note: Applicant may need a				
	Storage Tank Site Specific Installation Permit.  22.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
23.0	Does your project involve installation of a tank greater than		Yes	$\boxtimes$	No
	1,100 gallons which will contain a highly hazardous substance as				
	defined in DEP's Regulated Substances List, 2570-BK-DEP2724? If				
	"Yes", list each Substance & its Capacity. Note: Applicant may need a				
	Storage Tank Site Specific Installation Permit.				
	23.0.1 Enter all substances &				
	capacity of each; separate each set with semicolons.				
24.0	Does your project involve installation of a storage tank at a new	П	Yes	$\boxtimes$	No
2-1.0	facility with a total AST capacity greater than 21,000 gallons? If	_			
	"Yes", list each Substance & its Capacity. Note: Applicant may need a				
	Storage Tank Site Specific Installation Permit.				
	24.0.1 Enter all substances &				
	capacity of each; separate				
	each set with semicolons.				
	NOTE: If the project includes the installation of a regulated storage tank				
	generator systems, the project may require the use of a Department Cert regulated storage tanks and substances, please go to <a href="https://www.dep.pa.gov.se">www.dep.pa.gov.se</a>				ı iuli iist ot
05.0					N-
25.0	Will the intended activity involve the use of a radiation source?	Ш	Yes		No

#### **CERTIFICATION**

I certify that I have the authority to submit this application on behalf of the applicant named herein and that the information provided in this application is true and correct to the best of my knowledge and information.

For applicants supplying an EIN number: I am applying for a permit or authorization from the Pennsylvania Department of Environmental Protection (DEP). As part of this application, I will provide DEP with an accurate EIN number for the applicant entity. By filing this application with DEP, I hereby authorize DEP to confirm the accuracy of the EIN number provided with the Pennsylvania Department of Revenue. As applicant, I further consent to the Department of Revenue discussing the same with DEP prior to issuance of the Commonwealth permit or authorization.
