RE: Regional Energy Access Expansion

Dear Ms. Albert and Mr. White:

As you are aware from various pre-application meetings with Transcontinental Gas Pipeline Company representatives involving its Regional Energy Access Expansion Project (REAE) held on April 1, 2020 and September 4, 2020, the company will be applying to the Pennsylvania Department of Environmental Protection (PADEP) for a Clean Water Act Section 401 Water Quality Certificate on or around January 29, 2021. In accordance with recent guidance from the Federal Energy Regulatory Commission (FERC) we are required to have a pre-application meeting with PADEP to discuss the 401 no later than 30 days in advance of the submittal. This letter shall confirm Dominic Rocco's (Director, Regional Permit Coordination Office) message to me on December 8, 2020, and Transco's understanding that the meetings referenced herein satisfy this requirement.

Sincerely,

A handwritten signature in black ink that reads "Joseph Dean". The signature is written in a cursive style with a long horizontal stroke at the end.

Joseph Dean
Manager – Permitting, Major
