

# WATER RESOURCES ADVISORY COMMITTEE

June 19, 2009

9:30 a.m. – 2:00 p.m.

Room 105, RCSOB

Harrisburg, PA

## AGENDA

1. **Call to Order, Attendance** – Stephen Rhoads
2. **Review and Approval of Minutes** – Stephen Rhoads
3. **Chapter 95, Wastewater Treatment Requirements** – Kevin McLeary, P.E.

*Mr. McLeary, Bureau of Water Standards and Facility Regulation (BWSFR), will present proposed amendments to **Chapter 95**. Primarily, amendments consist of the addition of a section titled “§ 95.10 Effluent standards for new sources of wastewaters containing high Total Dissolved Solids (TDS) concentrations,” and revisions to two existing sections: “§ 95.2 Effluent standards for Industrial Wastes” and “§ 95.5 Treatment requirements for discharges to waters affected by abandoned mine drainage.” These proposed amendments will better align the regulation with the approaches described in the Department of Environmental Protection’s “Permitting Strategy for High Total Dissolved Solids Wastewater Discharges,” which was released on April 15, 2009.*

4. **Chapter 96, Water Quality Standards Implementation** – Ann Smith

*Ms. Smith, Water Planning Office, will address the Department of Environmental Protection’s plan to revise **Chapter 96** to provide a system that allows for the use of offsets and tradable credits to help achieve water quality standards in the Chesapeake Bay watershed.*

5. **Other Business**
6. **Adjourn**

(Lunch provided for members)
