Subchapter C. PERMITS AND
PERMIT APPLICATIONS

GENERAL

§ 77.106. [Permit fees] Fees.

[If required, a permit application for noncoal mining activities shall be accompanied by a check, payable to the “Commonwealth of Pennsylvania” in the amount set forth by the Department. The Department may require other fees set by the act, the environmental acts, this title or the Secretary.]

(a) A permit application for noncoal mining activities shall be accompanied by a non-refundable payment for the permit application fee payable to the “Commonwealth of Pennsylvania.” The applicable permit application fee amount is specified in subsection (e). For purposes of this subsection, permit applications include all of the applications listed in subsection (e).

(b) The department will assess an annual administration fee for each permitted activity and facility. For licensed mine operators, this annual administration fee will be assessed annually, will be collected as part of the mine operator’s license renewal application and will include the appropriate annual administration fee for each of the licensee’s permitted facilities. If the permittee is not required to maintain a mining license, a notice of the annual administration fee will be sent to the permittee for all of the permittee’s permitted facilities and the fee must be paid within 30 days of receipt of the notice. The applicable fee amounts are specified in subsection (f).

(c) Fees collected under this section and all enforcement cost recovery funds will be deposited in the noncoal surface mining conservation and reclamation fund. The fees collected under this section will be used by the department for the purposes specified by the act.

(d) At least every three years, the department will recommend regulatory changes to the fees in this section to the EQB to address any disparity between the program income generated by the fees and program costs. The regulatory amendment will be based upon an evaluation of the program fees income and the department’s costs of administering the program.
