Harrisburg, PA 17105-2063

Dear Secretary McGinty:

On May 23, 2008, the Air Quality Technical Advisory Committee discussed the draft final-form rulemaking amendments to 25 *Pa. Code* Chapters 121 (relating to general provisions) and 126 (relating to motor vehicle and fuels programs). The final-form rulemaking amendments would add new terms and definitions and revise some existing terms and definitions in § 121.1 (relating to definitions), would amend existing provisions in Subchapter F (relating to diesel vehicle idling) of Chapter 126 and deletes Subchapter G (relating to auxiliary power systems), which was added at proposed rulemaking. The proposed rulemaking was published in the *Pennsylvania Bulletin* on January 12, 2008 (see 38 *Pa.B.* 229).

The Committee voted to amend the regulation to delete the words "or allow" from § 126.611. With that amendment, the Committee voted 11-0-1 to concur with the Department's recommendation to present the final-form rulemaking amendments to the Environmental Quality Board for approval as a final-form regulation.

Sincerely,

Roger C. Westman, Ph. D.
Chair
