Re: Camp Hope Run Landfill – Permit # 101719  
APS 944978; Auth 1189259  
Boggs Township, Clearfield County

Dear Mr. Rovner:

The Department of Environmental Protection has completed the Environmental Assessment Process evaluation for PA Waste, LLC's application for a new municipal waste landfill in Boggs Township, Clearfield County. The review was performed in accordance with the Municipal Waste Management Regulations, the Department's Environmental Assessment Process Policy, the Solid Waste Management Act, as well as the Municipal Waste Planning, Recycling and Waste Reduction Act. The Department evaluated the information contained in the application to determine whether PA Waste, LLC demonstrated that the benefits of the proposed project to the public clearly outweigh the known and potential environmental harms that will remain after the proposed mitigation.

The Department has determined the benefits of the proposed application outweigh the known or potential harms. The balancing of the benefits and harms of the proposed project is attached. The permit review process will now proceed with the technical review of the information contained in the permit application. The Department may perform additional balancing of the benefits and harms during the technical review of the application if additional information not previously considered should come to our attention.

If you have any further questions regarding this matter, please contact me at 570.327.3752 or [lhouser@pa.gov](mailto:lhouser@pa.gov).

Sincerely,

Lisa D. Houser, P.E.
