Hi Cheryl,

This email serves as notice to PADEP that Roux will be conducting a portion of the work described in the RIWP related to the Benner Township PFAS Investigation Area next week. The schedule of work is as follows:

- August 10-18: Utility locating via ground penetrating radar and other precision utility locating methods; and
- August 12-28: Soil sampling and analysis, as described in Section 5.4.2.

Please let me know if you have any questions or would like to discuss the scope further. Let's plan on touching base the week before to ensure that there have been no adjustments to the schedule.

Best,
Shannon
