Hello,

Just a heads up. Late yesterday afternoon, I received via email (see below) confirmation from Eurofins Lab in Lancaster PA that our wells exceeded the PFOA/PFOS level of 70 ng/l. They still have to analyze the blanks yet. I will keep you posted when they complete those.

Dave

Good afternoon,

I have confirmation from the PFAS team that your samples had notable detections. We are going to analyze your field blanks to confirm the results we have. The field blanks are being analyzed past hold. Raw results for your samples are

SOTA Well #1

PFOA 21 ng/l

PFOS 100 ng/l

SOTA Well #2

PFOA: 8.0 ng/l

PFOS: 88 ng/l

Thank You And Have A Great Day!

Marrissa Williams
