Re: Completeness Notification
Saluda Access Road and Staging Area
DEP Joint Permit File No. E4129226-014
APS No. ID No. 1169598
Gamble & Cascade Townships, Lycoming County

Dear Ms. Schiappa:

The Department of Environmental Protection (DEP) has reviewed the above referenced application package for completeness. The completeness review is the first step in a series of reviews conducted by DEP.

This is not a final action by DEP on this application. The completeness review is the first in a series of reviews conducted by DEP. The application will now move to the technical review stage of the permit review process. During the technical review, the adequacy of the application and its components will be evaluated to determine if sufficient information exists to render a decision on the technical merits of your application.

The PAYback program amends the former Permit Decision Guarantee program. Executive Order 2023-07 requires the Department to abide by established review times for each authorization. The PAYback program became effective November 1, 2023, as required by Executive Order 2023-07. Chapter 105 applications or registrations received by the Department on or after that date are subject to this policy and are potentially eligible for Pennsylvania's PAYback program. More information is available on the PAYback website.

I hope you find this information helpful in understanding the permit review process. If you have additional questions about your application, please contact me at (570) 327-3760 and refer to Application No. E4129226-014. You may also follow your application through the review process please visit *eFACTS on the Web* at: <http://www.ahs2.dep.state.pa.us/eFactsWeb/default.aspx>.

Sincerely,

Chris Mileto
Project Manager
Oil & Gas Operations
