Re: Final NPDES Permit - Industrial Waste
Eureka Resources - Susquehanna Facility
NPDES Permit No. PA0276405
Authorization ID No. 1348384
Dimock Township, Susquehanna County

Dear Mr. Bogdan:

Your NPDES permit is enclosed. Please read the permit carefully. The permit expires on the date identified on page 1 of the permit. A renewal application must be submitted to this office 180 days prior to the permit expiration date if a discharge is expected to continue past the expiration date of the permit. A Water Quality Management permit must be obtained before the construction of the treatment facility.

The permit requires that you use the Department of Environmental Protection's (DEP's) electronic Discharge Monitoring Report (eDMR) system to report the results of self-monitoring activities. The information you must submit within 30 days to register for use of the eDMR system is available at www.dep.pa.gov/edmr. DEP has also enclosed paper DMR templates and DMR instructions with the permit. It is recommended that you retain the DMR templates in the event you are unable to submit DMRs electronically through the eDMR system.

Also enclosed is a Supplemental Form Inventory, which identifies the forms that are attached to the permit and must be submitted as attachments to eDMR reports, as applicable (see individual form instructions). The submission of other supplemental forms may be required in accordance with the permit. We encourage you to use the spreadsheet versions of supplemental forms that contain appropriate validation and DEP-approved calculations.

We would like to bring DEP's eNOTICE service to your attention. eNOTICE is a subscription service that provides options to receive notifications of DEP's activities such as the receipt of permit applications, comment periods for guidance and regulations, and stream redesignation evaluations. To sign up for an account, visit DEP's website (www.dep.pa.gov) and select Data and Tools – Tools – eNOTICE.
