Dear Mr. DeNaples:

The Department of Environmental Protection (DEP) has reviewed the above referenced application for completeness. The completeness review is the first step in a series of reviews conducted by DEP.

DEP has determined that the application package contains sufficient detail to enable DEP to conduct the technical review and has been accepted for that purpose.

This is not a final action by DEP on this application. The completeness review is the first in a series of reviews conducted by DEP. The application will now move to the technical review stage of the permit review process. To follow your application through the review process, please visit *eFACTS on the Web* at: <http://www.ahs2.dep.state.pa.us/eFactsWeb/default.aspx>.

I trust that you find this information helpful in understanding the permit review process. If you have additional questions about your application, please contact Bradley Lester at bralester@pa.gov and refer to Application No. 101247-A241, APS No. 1111148, Authorization No. 1479927.
