Re: Plan Approval Application Completeness

Homer City Generation, L.P.
Plan Approval Application No. 32-00055L
APS ID No. 1134530, AUTH ID No. 1522118
Center Township, Indiana County

Dear Mr. Wroten:

On April 4, 2025, the Department of Environmental Protection (Department) received the above-referenced Plan Approval Application No. 32-00055L.

Pursuant to 25 Pa. Code § 127.12d (relating to completeness determination), we have reviewed the application to determine whether it contains the necessary documents to be considered administratively complete and have found that it **does not meet our completeness requirements**.

Please submit the following items with 20 business days to make the application administratively completed:

1. Application Form - Each page of the application must be completed in entirety. Incomplete portions include those sections of the application regarding source and control device information.
2. Supporting Emissions Documentation - Documentation in support of emission estimates was not included. Acceptable documentation may include manufacturer guarantees and emissions data measured on an identical unit.
3. Specifications - Source and control device specifications and design documentation were not included.
4. Emission Calculations - Emission calculations were not included. Only summaries of unknown emissions data were provided.

If you have any questions concerning the application, please call 814.332.6638 to reach me.

Sincerely,

Jacob G. Chemsak, E.I.T.
Air Quality Engineer
New Source Review Section
Air Quality Program
