Re: Transfer of Volatile Organic Compounds (VOC) Emission Reduction Credits (ERCs) owned by Ball Corporation (“Ball”) to Homer City Generation, LP (“HCG”)

Dear Ms. Baker,

This letter is in reference to your letter received on July 16, 2025, requesting the Pennsylvania Department of Environmental Protection (DEP) to transfer a total of 81 tons per year (tpy) of VOC ERCs from Ball to HCG. These VOC ERCs are created from the shutdown of sources at Mack Trucks Macungie Facility located in Lower Macungie Township, Lehigh County.

Sources	Pollutant	Tons Per Year	Expiration Date
Burn Off Oven (Source ID 003)	VOC	0.008	08/01/2027
Cab Color Booth (Source ID 103)	VOC	59.151	12/08/2026
Cab Color Bake Oven (Source ID 104)	VOC	6.577	12/08/2026
Multi-Color Spray Booth (Source ID 118A)	VOC	4.921	12/08/2026
Multi-Color Oven (Source ID 119A)	VOC	0.547	12/08/2026
“H” Line Chassis Booth (Source ID 106)	VOC	9.796	12/04/2026

The DEP is approving your request to transfer a total of 81 tpy of VOC ERCs from Ball to HCG on September 17, 2025, and the ERC Registry system revised accordingly. The VOC ERCs are now available for use at HCG in accordance with the requirements of 25 Pa. Code Chapter 127 (relating to construction, modification, reactivation and operation of sources).

If you have any questions or require additional information, please contact me at sewenrich@pa.gov or telephone 717-772-3979.

Sincerely,

Sean Wenrich
