Re: Transfer of Volatile Organic Compounds (VOC) Emission Reduction Credits (ERCs) owned by Anew Environmental, LLC (“Anew”) to Homer City Generation, LP (“HCG”)

Dear Mr. Levesque,

This letter is in reference to your letter received on May 12, 2025, requesting the Pennsylvania Department of Environmental Protection (DEP) to transfer a total of 24.18 tons per year (tpy) of VOC ERCs from Anew to HCG. These VOC ERCs are created from the shutdown of sources at the Bemis Hazleton facility located in Hazle Township, Luzerne County.

<b>Facility</b>	<b>Sources</b>	<b>Pollutant</b>	<b>Tons Per Year</b>	<b>Expiration Date</b>
Bemis Hazleton	706	VOC	12.35	1/24/2028
Bemis Hazleton	721	VOC	11.83	3/1/2028

The DEP is approving your request to transfer a total of 24.18 tpy of VOC ERCs from Anew to HCG on September 17, 2025, and the ERC Registry system revised accordingly. The VOC ERCs are now available for use at HCG in accordance with the requirements of 25 Pa. Code Chapter 127 (relating to construction, modification, reactivation and operation of sources).

Under 25 Pa. Code § 127.206(f), 12.35 tpy of VOC ERCs generated from the shutdown of Source ID 706 and 11.83 tpy of VOC ERCs generated from the shutdown of Source ID 721 at the Bemis Hazleton facility will expire on January 24, 2028, and March 1, 2028, respectively, if the credits are not used in a plan approval or operating permit prior to the expiration date.

If you have any questions or require additional information, please contact me at [sewenrich@pa.gov](mailto:sewenrich@pa.gov) or telephone 717-772-3979.

Sincerely,

*Sean Wenrich*
