Re: Greenhouse Pond (GHP), Groundwater Evaluation Report
Homer City Generation, LP (HCG)
Waste Management, Permit by Rule
Water Quality Management Permit #3281205
Dated: August 21, 2026

Dear Mr. Day,

The Department of Environmental Protection (Department) completed its review of the report referenced. The Department concurs with the report findings.

HCG shall decommission the monitoring wells associated with the GHP in accordance with the Pennsylvania Department of Environmental Protection Land Recycling Technical Guidance Manual 261-300-101, March 27, 2021, Appendix A (Guidance Manual), by a driller licensed in the Commonwealth of Pennsylvania. A Pennsylvania licensed professional geologist shall certify to the Department that the well abandonment/plugging complies with the applicable requirements. The Department requests a 10-day notification prior to the commencement of field activities. All reporting documents, as specified in the Guidance Manual, shall be provided including documentation related to the GHP sediment removal and cleaning activities.

Feel free to contact me if you have any questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shawn Peters".

Shawn Peters, P.E.
Environmental Engineer Manager
Waste Management Program
