The latest versions of the application and its supporting documents, including the Erosion and Sediment Control (E&S) Plan and Post-Construction Stormwater Management (PCSM) Plan, are incorporated into this approval, including the following plan drawings:

Your permit, which has been assigned NPDES Permit No. PAD210118, is effective on April 22, 2026 and will expire on April 21, 2031. **If stormwater discharges associated with construction activities are expected to continue beyond the expiration date of the permit, you must apply to renew your permit at least 180 days prior to the expiration date, unless otherwise approved by DEP.**

- Long-Term Operation & Maintenance (O&M) Plans for the SCMs, if separate from PCSM Plan Drawings.
