**RE: RUTTERS HUNTINGDON STORE #93
NPDES MAJOR MODIFICATION SUBMISSION – NO. PAD310013 A-1
SMITHFIELD TOWNSHIP, HUNTINGDON COUNTY, PA**

Dear Ms. Blazier:

M&G Realty, Inc. wishes to modify their existing NPDES permit (permit No. PAD310013 A-1) for the Rutters Huntingdon Store #93 project in Smithfield Township, Huntingdon County, Pennsylvania. Pyritic shale was encountered during site excavation which can lead to pollution if exposed to water. The intent of the modification is to complete a redesign of the site using Managed Release Concept (MRC) to eliminate all infiltration BMP's and SCM's. The limit of disturbance (LOD) will expand in some areas to allow for the MRC redesign, totaling 0.1 acres. This submission includes the following permit documents:

- HCCD Plan Review Application
- Municipal and County Notification Forms with proof of receipt
- Revised Individual NPDES Permit Application with PA Department of State documentation
- Revised Individual NPDES Permit Checklist
- Revised General Information Form
- Revised E&S Module 1 with updated E&S construction plan drawings
- Revised PCSM Module 2 with updated PCSM construction plan drawings and MRC Spreadsheets
- Revised Antidegradation Analysis Module 3
- Review fee checks:
 - E&S Plan Review Fee \$750.00
 - Administrative Filing Fee \$1,500.00

If the submitted documents are acceptable, we will make the electronic submission to DEP through the Greenport system. Please contact me at hbearer@keller-engineers.com or me at or call 814-696-7430 if you have any questions or would like additional information.

Sincerely,

Haylee N. Bearer
Environmental Scientist, Land Development Division
