Re: Bishop Tube Site, East Whiteland Township, Chester County, PA ("Site")

Dear Mr. Armstrong:

This letter constitutes the response of Whittaker Corporation ("Whittaker") to the request of the Pennsylvania Department of Environmental Protection ("PDEP") for information concerning the release and/or threat of release of hazardous substances into the environment from the above-referenced site. Based on a telephone conversation with Mr. Sheehan of your office this week, it is our understanding that TCE has been detected at or in the vicinity of the Site and in local groundwater. The Department's letter to Whittaker was misdirected due to the fact that Whittaker has not been involved with this Site for the past thirty years, as set forth more fully below.

Through its subsidiary, Whittaker Enterprises, Inc., Whittaker acquired Bishop Tube Co. from Matthey Bishop, Inc., a Johnson Matthey affiliate, on or about February 28, 1969. Pursuant to an Agreement of Purchase and Sale, dated November 25, 1973, between Whittaker and the Central and Western Chester County Industrial Development Authority ("Authority"), Whittaker sold to the Authority (i) all of the real property together with all improvements located thereon of the former Bishop Tube facility, which we assume comprises some or all of the Site in East Whiteland Township, and (ii) all of the machinery, equipment, tooling and other depreciable assets located on the real property and used in the business of Bishop Tube ("Equipment"). Copies of the Deed and the General Bill of Sale and Assignment from Whittaker to the Authority are enclosed as Exhibits "A" and "B," respectively.

Concurrent with the transfer of the Site to the Authority in 1973, Whittaker sold to Christiana Metals Corporation ("Christiana") all of the remaining assets of the business conducted at the Site, including all raw materials, work in progress and finished goods, goodwill, and, in particular, all of the books and records of the business. A copy of the General Bill of Sale and

Assignment from Whittaker to Christiana, dated January 7, 1974, is attached as Exhibit "C". The Bill of Sale states, in pertinent part, that Whittaker transferred and delivered to Christiana "[a]ll of the books and records, correspondence, plans, drawings, designs, patterns, production records, employment records, files with respect to inventions, laboratory and testing records, formulae, inventions, trade secrets and other confidential information, related to the business..."

The Authority and Christiana entered into two Installment Sale Agreements, dated as of January 7, 1974, providing for (a) Christiana's purchase of the real property and improvements on the Site and the Equipment after payment of the purchase price over a 20-year period, and (b) the Authority's ownership of the real property and improvements, plant and Equipment at the Site during this 20-year period.

Whittaker has conducted a diligent search of its records archives for any and all documents related to hazardous substance and/or waste usage and disposal at the Site. None of those records have been located, except as set forth herein. Based on the terms of the above-referenced agreements and the absence of such records in Whittaker's archives, it appears that all operational records were transferred to Christiana and/or the Authority in connection with Whittaker's sale in late 1973.

We respond specifically to your requests for information as follows;

1. "Documentation regarding the types and quantities of hazardous substances, or materials containing hazardous substances which were disposed of, stored, treated, spilled or released into the soil, groundwater or surface water at the Site."

Response: Attached as Exhibit "D" is a copy of an unsigned Consent Order, dated September 24, 1974, between the Pennsylvania Department of Environmental Resources and Christiana. Whittaker also possesses two privileged memoranda to and from an attorney in its legal department, dated September 14 and 17, 1973, prepared in connection with the sale. While we cannot reveal the specific contents of these memoranda without waiver of the privileges for attorney-client communications and attorney work product, we represent to you that the subject matter of the memoranda concerns release of acid into the environment. We further represent to you that neither of these memoranda refers to TCE, any solvents or any other hazardous substances, and that the type of acid released is not identified in the memoranda. We also represent to you that one of these memoranda indicates that an environmental consultant's report was submitted to the Department of Environmental Resources concerning possible corrective actions to address this acid release in or around June 1973. Whittaker does not possess a copy of the subject report.

2. "Documentation regarding the approximate dates such hazardous substances or materials containing hazardous substances, were disposed of, stored, treated, spilled or released at the Site."

Response: Whittaker does not possess any documentation responsive to this request other than the documents referenced hereinabove.

3. "Documentation concerning how such hazardous substances or materials containing hazardous substances were treated, transported to, stored or disposed of at the Site."

Response: Whittaker does not possess any documentation responsive to this request other than the documents referenced hereinabove.

4. "Documentation regarding the identity and address of any other person or company which generated, treated, stored, transported or disposed of hazardous substances or materials containing hazardous substances at the Site."

Response: As indicated above, other owners or operators of Bishop Tube Co. and/or the Site are believed to be:

Christiana Metals Corporation
Route 30 and Malin Road
Malvern, PA 19355

Christiana Metals Corporation
125 Stafford Avenue, Suite 100
Frazer, PA 19087

Central and Western Chester County Industrial Development Authority
351½ East Lincoln Highway
Coatesville, PA 19320

Johnson Matthey Inc.
Matthey Bishop, Inc.
460 E. Swedesford Road, Suite 2000
Wane, PA 19087

5. "Documentation regarding the assets and liabilities of Whittaker Corporation."

Response: Whittaker is an indirect, wholly-owned subsidiary of Meggitt-USA, Inc., and, as such, does not maintain separate financial statements. The audited financial statements of Meggitt-USA, Inc. are not publicly available, contain confidential business information, and the release of such sensitive information is made only under confidentiality protections. Please advise whether the PDEP would designate the Meggitt-USA, Inc. financial statements as confidential, and we will provide them accordingly.

Mr. Dustin A. Armstrong

January 29, 2004

Page 4

It is Whittaker's policy and practice to cooperate with environmental authorities in the investigation and remediation of hazardous substances released into the environment by Whittaker. While we have no documentation at the present time that Whittaker used or disposed of TCE at this Site, we will cooperate fully with PDEP in its investigation and determination of whether such releases may have occurred during Whittaker's ownership and/or operations at the Site.

As discussed with Mr. Sheehan of your office this week, Whittaker has no information respecting the investigation and/or remediation activities at this Site for hazardous substances, other than Mr. Sheehan's informing us that there has been TCE detected in groundwater located at or adjacent to the Site. Accordingly, we have requested the environmental consulting firm Scientech to contact your office in order to review the files available for the Site. We also request to speak to you either in person or by conference call with our consultants to get a better understanding of the background and scope of the Site's environmental conditions and your investigation. Please let me know if such a meeting or conference call may be arranged. My direct dial is 805-526-5700, extension 6650.

Please do not hesitate to call if you have any questions, comments or requests for further information from Whittaker. All communications regarding this matter should be directed to my attention. Nothing herein is or should be deemed a waiver of any of Whittaker's rights and/or remedies respecting this matter, all of which are expressly reserved.

Very truly yours,

Eric G. Lardiere

This Indenture Made the

day of January _____ in the year of our Lord one thousand nine hundred and seventy-four (1974)

Between WHITTAKER

CORPORATION, a California corporation

(hereinafter called the Grantor), of the one part, and

CENTRAL AND WESTERN CHESTER COUNTY INDUSTRIAL AUTHORITY

(hereinafter called the Grantee), of the other part,

Witnesseth,

That the said Grantor _____

for and in consideration of the sum of Seven Hundred Thousand Dollars (\$700,000.00) _____

_____ lawful money of the United States of America, unto it _____ well and truly paid by the said Grantee, has at or before the sealing and delivery, hereof, the receipt whereof is hereby acknowledged, granted, bargained and sold, aliened, enfeoffed, released and confirmed, and by these presents does grant, bargain and sell, alien, enfeoff, release and confirm unto the said Grantee, its successors _____ and assigns,

ALL THAT CERTAIN lot or piece of ground with the buildings and improvements thereon erected, SITUATE in the Township of East Whiteland, County of Chester and Commonwealth of Pennsylvania, described in accordance with a Subdivision Plan of land of Matthey Bishop Co., made by Yerkes Engineering Co., Consulting Engineers and Surveyors of West Chester, Pennsylvania, dated February 26, 1969 as follows, to wit:

BEGINNING at a point formed by the intersection of the center line of Malin Road and the Southerly right of way line of the Pennsylvania Railroad Co. (Trenton Cut-Off) 200 feet wide; thence extending from said beginning point and along said Southerly right of way line of the Pennsylvania Railroad Co. (Trenton Cut-Off) 200 feet wide; North 83 degrees 46 minutes East 964.72 feet to a point; thence extending South 6 degrees 14 minutes East crossing the head of Village Way, and along the lands of various owners in the General Warren Village Development, 682.73 feet to a point; thence extending South 82 degrees 2 minutes West along the Northerly line of Tract #2 as shown on said plan, 754.66 feet to a point; thence extending North 22 degrees 42 minutes West partly along the center line of an existing right of way and partly along the

center line of Malin Road aforesaid; 573.49 feet to a point; thence extending North 23 degrees 19 minutes 40 seconds West still along the center line of Malin Road 162.78 feet to the first mentioned point and place of beginning.

BEING Tract #1 as shown on said plan.

BEING the same premises which Matthey Bishop, Inc., a Pennsylvania corporation, by Deed dated January 31, 1969 and recorded in Chester County in Deed Book S-38 at page 518, granted and conveyed unto Bishop Tube Co., a Pennsylvania corporation, in fee.

AND by Articles of Merger filed in the Department of State the said corporation is now known as Whittaker Corporation, a California corporation.

TOGETHER with the right, liberty and privilege to use in common with Matthey Bishop, Inc., its successors and assigns, the water reservoir presently located in the Southwest corner of lands of Matthey Bishop, Inc. identified as parcel No. 2 on the aforesaid plan prepared by Yerkes Engineering Co. dated February 26, 1969, together with the right to use the pipes running across parcel No. 2 connecting the water reservoir to improvements constructed upon the premises described above and conveyed to Bishop Tube Co., TOGETHER with the right to enter upon said lands of Matthey Bishop, Inc. to maintain and repair the water reservoir and pipes which shall be the sole responsibility of Bishop Tube Co.

Together with all and singular the Buildings, _____
Improvements, Ways, Streets, Alleys, Passages, Waters, Water-courses, Rights, Liberties, Privileges,
Hereditaments and Appurtenances, whatsoever thereunto belonging, or in any wise appertaining, and
the Reversions and Remainders, Rents, Issues and Profits thereof; and all the Estate, Right, Title,
Interest, Property, Claim and Demand whatsoever of it, the said Grantor, _____
in law as in equity, or otherwise howsoever, of, in, and to the same and every part thereof.

To have and to hold the said lot or piece of ground above
described, _____
Hereditaments and Premises hereby granted, or mentioned and intended so to be, with the Appurte-
nances, _____ unto the said Grantee, its Successors
and Assigns, to and for the only proper use and behoof of the said Grantee, its Successors
and Assigns, forever.

And the said Grantor, for itself and its Successors, _____
_____ does by
these presents, covenant, grant and agree, to and with the said Grantee, its Successors
and Assigns, that it, the said Grantor and its Successors, _____

_____ all and singular the
Hereditaments and Premises herein above described and granted, or mentioned and intended so to be,
with the Appurtenances, unto the said Grantee, its Successors _____
_____ and Assigns,
against it, the said Grantor and its Successors _____ and against all and every
Person or Persons whomsoever lawfully claiming or to claim the same or any part thereof, by, from
or under it, them, _____ or any of them, _____
shall and will _____ WARRANT and forever DEFEND.

In Witness Whereof, the party of the first part, by its proper officers
thereunto duly authorized, has caused its name and corporate seal to
be hereunto affixed. Dated the day and year first above written.

GENERAL BILL OF SALE AND ASSIGNMENT
FROM
WHITTAKER CORPORATION
TO
CENTRAL AND WESTERN CHESTER COUNTY INDUSTRIAL AUTHORITY

KNOW ALL MEN BY THESE PRESENTS THAT:

WHEREAS, CENTRAL AND WESTERN CHESTER COUNTY INDUSTRIAL AUTHORITY, a body politic and corporate existing under the laws of the Commonwealth of Pennsylvania, ("Buyer"), and WHITTAKER CORPORATION, a California corporation ("Seller"), are parties to a certain Agreement of Purchase and Sale dated November 25, 1973 (the "Agreement").

NOW, THEREFORE, pursuant to the provisions of the Agreement and for good and valuable consideration paid to Seller, the receipt of which is hereby acknowledged, Seller does hereby grant, sell, set over, bargain, convey, assign, transfer and deliver unto Buyer, its successors and assigns, as of the date hereof, good and marketable title to the following described assets of Bishop Tube Division of Seller (the "Division") located on Route 30 and Maylin Road, Frazer, Pennsylvania (the "Premises"):

All the machinery, equipment, tooling and other depreciable assets located on the Premises on the date hereof and used in connection with the business conducted by the Division (including, without limitation, those assets and properties described in Exhibit A hereto) but excepting all motor vehicles used by the Division.

The above described assets of the Division being conveyed and transferred to Buyer pursuant hereto, are herein collectively referred to as the "Fixed Assets".

TO HAVE AND TO HOLD the Fixed Assets forever unto Buyer, its successors and assigns, and Seller hereby warrants and represents to Buyer that Seller has, and has hereby transferred to Buyer, good and marketable title to the Fixed Assets, free and clear of all mortgages, liens, security interests, charges, claims, restrictions and encumbrances of any kind, and further that there exists no restriction on

Seller's right to transfer the Fixed Assets to Buyer. The Fixed Assets are hereby transferred, without any warranty or representation as to merchantability or fitness thereof for any purpose.

Seller hereby agrees to execute and deliver to Buyer such other and further documents or instruments of conveyance, assignment and transfer, as may reasonably be requested by Buyer for the purpose of or in connection with (i) the transfer to Buyer of such good and marketable title to the Fixed Assets transferred, assigned and conveyed hereunder, or (ii) to evidence such transfer, assignment or conveyance to Buyer, or (iii) otherwise to fulfill and discharge Seller's obligations of transfer, conveyance or assignment under the Agreement.

IN WITNESS WHEREOF, Seller has caused this instrument to be executed and its corporate seal to be hereunto affixed this 7th day of January, 1974.

GENERAL BILL OF SALE AND ASSIGNMENT
FROM
WHITTAKER CORPORATION
TO
CHRISTIANA METALS CORPORATION

KNOW ALL MEN BY THESE PRESENTS THAT:

WHEREAS, CHRISTIANA METALS CORPORATION, a Pennsylvania corporation ("Buyer"), and WHITTAKER CORPORATION, a California corporation ("Seller"), are parties to a certain Agreement of Purchase and Sale dated November 25, 1973 (the "Agreement");

NOW, THEREFORE, pursuant to the provisions of the Agreement and for good and valuable consideration paid to Seller, the receipt of which is hereby acknowledged, Seller does hereby grant, sell, set over, bargain, convey, assign, transfer and deliver unto Buyer, its successors and assigns, as of the date hereof, good and marketable title to the following described assets of the Bishop Tube Division of Seller (the "Division") located at Route 30 and Maylin Road, Frazer, Pennsylvania (the "Premises"):

(a) All inventories of raw materials, work in process and finished goods located on the Premises and related to the business conducted by the Division;

(b) All accounts receivable, notes receivable, accounts and other forms of indebtedness due to the Division which relate to or arose out of the conduct of the business of the Division, including, without limitation, those accounts receivable disclosed in Exhibit A attached to the Agreement, but excluding any of the foregoing accruing in favor of the Division on or before November 25, 1973 and payable to the Division from Seller, another division of Seller or any subsidiary of Seller;

(c) Prepaid items of Seller reflected on the November 25, 1973 balance sheet referred to in Paragraph 4.4. of the Agreement or arising between November 25, 1973 and the date hereof which are usable by Buyer in connection with the business of the Division;

(d) The business and goodwill of the Division as a going concern, including without limitation the exclusive right to use the name "Bishop Tube";

(e) All the books and records, correspondence, plans, drawings, designs, patterns, production records, employment records, files with respect to inventions, laboratory and testing records, formulae, inventions, trade secrets and other confidential information related to the business conducted by the Division;

(f) All rights relating to the Division under express or implied warranties from the suppliers of the Division with respect to the assets and properties transferred to Buyer;

(g) All cash on hand and in banks at the date hereof related to the Division; and

(h) All motor vehicles owned by Seller and used by the Division.

The above described assets of the Division being conveyed and transferred to Buyer pursuant hereto, are herein collectively referred to as the "Acquisition Assets".

TO HAVE AND TO HOLD the Acquisition Assets forever unto Buyer, its successors and assigns, and Seller hereby warrants and represents to Buyer that Seller has, and has hereby transferred to Buyer, good and marketable title to the Acquisition Assets, free and clear of all mortgages, liens, security interests, charges, claims, restrictions and encumbrances of any kind, and further that there exists no restriction on Seller's right to transfer the Acquisition Assets to Buyer. The Acquisition Assets are hereby transferred, without any warranty or representation as to merchantability or fitness thereof for any purpose.

Seller hereby agrees to execute and deliver to Buyer such other and further documents or instruments of conveyance, assignment and transfer, as may reasonably be requested by Buyer for the purpose of or in connection with (i) the transfer to Buyer of such good and marketable title to the Acquisition Assets transferred, assigned and conveyed hereunder, or (ii) to evidence such transfer, assignment or conveyance to Buyer, or (iii) otherwise to fulfill and discharge Seller's obligations of transfer, conveyance or assignment under the Agreement.

IN WITNESS WHEREOF, Seller has caused this instrument to be executed and its corporate seal to be hereunto

affixed this 7th day of January, 1974.

CONSENT ORDER

WHEREAS, a precision metal tube manufacturing facility located at Frazer, Chester County, Pennsylvania, has utilized for many years Valley Creek, part of the waters of the Commonwealth, for the discharge of its industrial waste; and

WHEREAS, the nature of the waste being discharged has been such as to be potentially hazardous to the public and to require a permit pursuant to the provisions of the Pennsylvania Clear Stream Law; and

WHEREAS, this manufacturing facility has engaged over an unknown period of years in various processes harmful to the Commonwealth's environment and to its said waters, namely discharge of industrial wastes into its septic system, the temporary storage of industrial waste in a "wet well" and the collection and discharge into its sanitation system of waters threatening flooding conditions to its plant; and

WHEREAS, the nature of the violations over the years has been such as to create a certain fixed financial responsibility on the operator of the facility to the Pennsylvania Clear Water Fund; and

WHEREAS, the present operator has proposed such steps to eliminate the pollution of the said Valley Creek in such manner and within such time period as to justify a reduction of a continuing monthly obligation to the said Fund; and

WHEREAS, the present operator of the facility is Christiana Metals Corporation, a Pennsylvania Corporation, doing business at Frazer, Pennsylvania as Bishop Tube Company ("Bishop Tube").

WHEREAS, neither Bishop Tube or its predecessors have applied for nor have they been issued a permit pursuant to the provisions of the Pennsylvania Clean Streams Law, by the Commonwealth of Pennsylvania, Department of Environmental Resources ("Department") to discharge or permit the discharge of industrial waste to the waters of the Commonwealth.

NOW THEREFORE, on this 24th day of September, 1974, it is hereby agreed by the Department and Bishop Tube that:

After full and complete negotiations of all matters set forth in this Consent Order, both the Department and Bishop Tube, upon mutual exchange of covenants herein and intending to be legally bound by this Consent Order agree as follows:

I. On or before May 1, 1975, Bishop Tube shall cease and desist all discharges to the waters of the Commonwealth.

II. Bishop Tube may continue to discharge its sanitary wastes to the existing septic system; provided, said sanitary wastes are disinfected by the application of chlorine. When connection to the East Whiteland sewerage system becomes available, Bishop Tube shall connect to said system and cease and desist all discharge of sanitary wastes to the septic system.

III. Bishop Tube shall dispose of all solid and acid wastes in a method approved by this Department.

IV. On or before November 1, 1974, Bishop Tube shall submit to the Department, for approval, a "conceptual report" regarding the methods to be employed for eliminating all discharges as required by paragraph I above; and a pollution incident prevention program ("PIPP") in accordance with the written instructions given Bishop Tube by the Department during their September 24, 1974 meeting.

V. Bishop Tube shall, commencing with the month of October, 1974, on or before the 15th day of the subsequent month, submit to the Department's Norristown Office, monthly progress reports, including, inter alia, information on the availability of equipment, materials, and energy requirements until such time as Bishop Tube is notified, in writing, by the Department, that it is in compliance with this Consent Order. Further, within ten(10) days of any delay or notice of said delay, whichever occurs first, affecting its ability to comply with this Consent Order, Bishop Tube shall, by certified mail, notify the Department's Norristown Office of such delay and the reasons therefore. All monthly progress reports and reports of delays shall be accompanied by a notarized, verifying affidavit, executed by the President of Bishop Tube.

VI. Should Bishop Tube fail to meet the terms of paragraph I above of this Consent Order and such failure is caused solely by revolution or other civil disorders, wars, acts of enemies, strikes, lock-outs by other than Bishop Tube, floods, acts of God, unavailability of equipment and/or material or other causes not within the control of Bishop Tube, which Bishop Tube, by exercising reasonable diligence, would not be able to prevent, the Commonwealth will not institute any civil or equitable proceedings, provided notice is given the Department as set forth in paragraph V above.

VII. Contemporaneous with the execution of Consent Order, Bishop Tube shall voluntarily contribute Ten-Thousand Dollars (\$10,000) to the Pennsylvania Clean Water Fund, in lieu of civil prosecution for past violations of the Pennsylvania Clean Streams Law.

VIII. Should, for any reason, compliance with paragraph I above be delayed beyond May 1, 1975, Bishop Tube shall voluntarily contribute Two-Thousand Dollars (\$2,000) to the Pennsylvania Clean Water Fund per month until the provisions of paragraph I above are complied with. Payment of voluntary contributions under this paragraph are to be made with the monthly progress reports as provided for in paragraph V above, provided in no event, shall compliance with paragraph I be delayed beyond August 1, 1975, except as provided for in paragraph VI above.

IX. Bishop Tube, recognizing its right to appeal Orders of the Department, hereby waives its right to appeal from this Consent Order. This Consent Order shall have the force and effect of an order issued by the Department pursuant to its authority under the Pennsylvania Clean Streams Law and shall be enforceable as a final order of the Department.

X. The Department reserves all rights to enforce this Consent Order and any violation of the Pennsylvania Clean Streams Law and the Rules and Regulations of the Environmental Quality Board promulgated pursuant thereto except those exclusively waived in this Consent Order; the Department shall not institute any civil action to obtain compliance with the Pennsylvania Clean Streams Law and the Rules and Regulations of the Environmental Quality Board promulgated pursuant thereto so long as and Bishop Tube complies with this Consent Order. All rights and remedies contained herein are to be concurrent, unless specifically provided to the contrary.

XI. This Consent Order shall bind the parties, their agents, servants, employees, successors and assigns.

XII. This is the entire agreement between the parties and no alterations, additions or amendments thereto shall be valid unless in writing and duly executed by the parties.
