Affidavit of Maria Rosa Consuelo Tolentino

1. My name is Maria Rosa Consuelo Tolentino.
2. I am employed by the Commonwealth of Pennsylvania Governor's Office of General Counsel as a Paralegal detailed with the Department of Environmental Protection (DEP).
3. My office address is 9th Floor, Rachel Carson State Office Building, 400 Market Street, Harrisburg, Pennsylvania.
4. I have worked for the Commonwealth of Pennsylvania in different capacities since 2000.
5. I have attended continuing education courses on issues related to Paralegal studies.
6. The Office of Chief Counsel at the DEP provides enforcement support to DEP's programs that remediate contaminated sites.
7. The Hazardous Sites Cleanup Fund generally is the source of funding for the remediation of such sites.
8. As part of my responsibilities as a Paralegal, I prepare cost recovery reports to enable the DEP to recover its costs and thereby replenish the Hazardous Sites Cleanup Fund. My responsibilities include gathering information concerning all personnel charges (wages, benefits, and administrative) attributable to the DEP's technical and legal staff; and payments made to contracted entities hired by the DEP to perform specific site-related remediation; and DEP Bureau of laboratories' charges for sampling analysis.

9. When a DEP staff member requests cost documentation related to the Department's activities at a remediation site, I implement the procedures outlined under paragraphs 10 through 14 to determine DEP's costs in conducting remediation at a site.
10. DEP's Bureau of Fiscal Management (BFM) operates an Automated Cost Distribution System (ACDS) to handle the majority of cost distribution. With the information that I receive from BFM, I develop a summary of DEP's remediation costs. I receive a Cross Application Time Sheet (CATS) report for DEP personnel who have worked on a specific site. The CATS system is described below in paragraphs 11 through 12. I also receive copies of other documents related to DEP Bureau of Laboratories' charges for sampling analysis and DEP contracted remediation expenditures.
11. Remediation sites are assigned a Work Code. Whenever a Department employee performs work related to such a site, the employee records on a bi-weekly CATS time sheet the amount of time devoted to a site.
12. The CATS computer reports that I receive provide the names of employees who worked on a specific site and the total number of hours worked by each employee.
13. This report includes documented personnel charges for the period from July 1, 2002 through February 28, 2019. Those costs were derived from information supplied by BFM, including CATS reports. The Department's indirect administrative expense costs (rent, supplies, utilities, etc.) for the period of July 1, 2002 through February 28, 2019 were calculated by adding 15% to the personnel charges for that period.
14. To calculate the contractor and other costs expended by the Department of Environmental Protection related to the Bishop Tube Site for the period of May 19, 2000 through April 1, 2019, I reviewed the physical invoices sent to the Department, as well as invoice summaries listing them.

15. To calculate the total costs expended by the Department of Environmental Protection related to the Bishop Tube Site for the period of May 19, 2000 through April 1, 2019, I followed the procedures detailed above.
16. The attached DEP cost-related documents for this cost recovery report were prepared consistent with these processes and procedures.
17. This cost recovery report revises my prior cost recovery reports for this matter and the information contained within it contains the most current and accurate information known to me and supersedes the information that I presented in my earlier cost recovery reports.

I, Maria Rosa Consuelo Tolentino, hereby make this statement subject to the penalties of 18 Pa. C.S.A. § 4904 relating to unsworn falsification to authorities this 26th day of April 2019.
