## ENERGY TRANSFER MARKETING & TERMINALS, L.P. AIR QUALITY OPERATING PERMIT RENEWAL APPLICATION PLAIN LANGUAGE SUMMARY

Energy Transfer Marketing & Terminals, L.P. (ETMT), processes, stores, and distributes natural gas liquids; and stores and distributes crude oil and refined petroleum products, at its [Marcus Hook Terminal](#) (MHT), which is located at 100 Green Street, Marcus Hook, PA 19061, in Marcus Hook Borough, Delaware County. The sources and equipment at the MHT are permitted under Title V Operating Permit (TVOP) No. 23-00119.

### What is involved in the Department of Environmental Protection's (DEP's) review of the TVOP renewal application?

DEP's review of the TVOP renewal application is largely focused on incorporating any new or revised applicable state and federal air quality rules, regulations, and requirements that have occurred since the last issuance, which was an amendment to the TVOP in August 2024. ETMT has stated that 27 storage tanks indicated in the TVOP are out of service and requested that DEP remove them from the TVOP.

### What opportunities are there for public involvement and participation?

On November 12, 2024, DEP will host an informational meeting regarding the TVOP renewal application at 6 PM at the Marcus Hook Community Center, 7 West Delaware Avenue, Marcus Hook, PA 19061. DEP will explain the permitting process and answer questions from the public pertaining to regulations or its review of the application. DEP has also invited representatives from ETMT to answer questions from the public about the MHT.

After DEP's technical review, the public will have an opportunity to participate in an in-person public hearing to submit testimony and written comments.

### Where can I get additional information on the TVOP renewal application?

The TVOP renewal application and plain language summaries for the application are available for public review at <https://www.dep.pa.gov/ETMT> and at the following locations:
