

requirements pertaining to air contamination sources and the emission of air contaminants including the best available technology requirement (BAT) of 25 Pa. Code §§ 127.1, 127.12 and 129.77. Based on these findings, the Department proposes to issue a plan approval for the proposed construction. If, after the project has been implemented, the Department determines that the sources are constructed and operated in compliance with the plan approval conditions and the specification of the application for plan approval, the requirements established in the plan approval will be incorporated into an operating permit pursuant to the administrative amendment provisions of 25 Pa. Code § 127.450.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, 484-250-5900.

09-0235C: CP Converters, Inc., 181 Rittenhouse Cir, Bristol, PA 19007, Bristol Township, **Bucks County**. Application received: February 15, 2024. This action is for the installation of a new flexible packaging flexographic printing press (Source ID 260—Press 26) which will exhaust to the existing regenerative thermal oxidizer (C01—RTO) at the facility located in Bristol Township, Bucks County. Post-control Volatile Organic Compound (VOC) and Hazardous Air Pollutant (HAP) emissions are less than 25 tons per year VOC and any combination HAP and less than 10 tons per year any individual HAP; the facility is classified as a Synthetic Minor Facility. The requirements of 25 Pa. Code § 129.67a apply to the flexible packaging printing press. The plan approval will include monitoring, testing, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements. Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft plan approval can be submitted through the Air Quality resource account at RA-EPSEROAQPUBCOM@pa.gov.

OPERATING PERMITS

Notice of Intent to Issue Title V Operating Permit(s) Under the Air Pollution Control Act (35 P.S. §§ 4001—4015) and 25 Pa. Code Chapter 127, Subchapter G.

Northcentral Region: Air Quality Program, 208 W. 3rd Street, Suite 101, Williamsport, PA 17701-6448, 570-327-3636.

Contact: Muhammad Q. Zaman, Program Manager, 570-327-3648.

47-00001, Montour LLC, P.O. Box 128, Washingtonville, PA 17884, Derry Township, **Montour County**. Application received: December 8, 2023. Under 25 Pa. Code § 127.521, the Department of Environmental Protection (DEP) intends to issue a Title V Operating Permit revision to Montour, LLC for their Montour Steam Electric Station. The Montour representative to contact regarding this operating permit is Ms. Kathleen Potter, 600 Hamilton St, Suite 600, Allentown, PA 18101. The facility is currently operating under TVOP 47-00001. The facility's sources include two utility-scale coal/gas-fired boilers, two auxiliary boilers, and ancillary equipment such as fuel gas heaters and emergency generators and fire pump engines. The proposed permit revision is to incorporate the applicable requirements of Plan Approvals 47-00001G and 47-00001H for new and modified sources

that are part of the facility's natural gas conversion project. The plan approvals were issued on 12/19/2017 and 9/2/2020 respectively. The VOC emissions increase from the gas conversion project will not exceed 39.3 tons per year. There is no expected net increase of other types of emissions from the project. The emission limits, throughput limitations and work practice standards along with testing, monitoring, recordkeeping and reporting requirements have been included in the operating permit to ensure the facility complies with all applicable Federal and State air quality regulations. These operating permit conditions have been derived from the applicable requirements of 40 CFR Parts 52, 60, 63, and 25 Pa. Code Article III, Chapters 121—145. The applicable presumptive RACT 3 requirements of 25 Pa. Code § 129.112 are also included in the proposed permit revision. Copies of the application, DEP's analysis and all pertinent documents used in the evaluation of the application are available for public review during normal business hours at the Department's Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701. Appointments for scheduling a review must be made by calling 570-327-3636. Any person(s) wishing to provide the Department of Environmental Protection with additional information, which they believe should be considered prior to the issuance of this permit, may submit the information to the Department of Environmental Protection at the address shown in the preceding paragraph. A 30-day comment period from the date of this publication will exist for the submission of comments. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed permit (Permit No. 47-00001) and concise statements regarding the relevancy of the information or objections to issuance of the permit. A public hearing may be held, if the Department of Environmental Protection, in its discretion, decides that such a hearing is warranted based on the information received. All persons submitting comments or requesting a hearing will be notified of the decision to hold a hearing by publication in the newspaper or by the *Pennsylvania Bulletin*, or by telephone, where the Department of Environmental Protection determines such notification is sufficient. Written comments or requests for a public hearing should be directed to Muhammad Q. Zaman, Environmental Program Manager, Department of Environmental Protection, Air Quality Program, Northcentral Regional Office, 208 West Third Street, Suite 101, Williamsport, PA 17701, 570-327-3638. Persons with a disability who wish to comment and require an auxiliary aid, service, or other accommodation to participate should contact the Northcentral Regional Office at 570-327-3659. TDD users may contact the Department through the Pennsylvania Hamilton Relay Service at 800-654-5984.

Southeast Region: Air Quality Program, 2 East Main Street, Norristown, PA 19401, 484-250-5900.

Contact: Janine Tulloch-Reid, Facilities Permitting Chief, 484-250-5920.

46-00010, Covanta Plymouth Renewable Energy LLC, 1155 Conshohocken Rd, Conshohocken, PA 19428-1028, Plymouth Borough, **Montgomery County**. Application received: May 23, 2022.

Covanta Plymouth Renewable Energy LLC (CPRE) in Plymouth Township, Montgomery County operates a waste to energy facility consisting of two municipal waste combustors (MWC) designed to combust 600 tons per day of municipal solid waste. Each MWC is equipped with air pollution control equipment to reduce emissions of hydro-

gen chloride, mercury, nitrogen oxides, particulate matter, sulfur oxides and volatile organic compounds. The facility has a diesel-fired internal combustion engine for emergency power. CPRE has installed new auxiliary burners on the MWCs and a boiler fire suppression system within the past five years.

This action is a renewal of the Title V Operating Permit (TVOP) and to incorporate the presumptive reasonable achievable control technology (RACT) measures for the existing MWCs and emergency generator into the operating permit.

CPRE is subject to the EPA approved Section 111(d)/129 State Plan for Large Municipal Waste Combustors in which PA adopted the Emission Guidelines under 40 CFR Part 60, Subpart Cb.

The potential emissions from the facility are as follows: 246.3 tons per year (tpy) carbon monoxide, 0.008 tpy Lead, 93 tpy hydrogen chloride, 520.3 tpy nitrogen oxides, 0.0075 tpy Mercury, 53.1 tpy particulate matter, 163.2 tpy sulfur oxides, and 24.99 tpy volatile organic compounds.

The renewal operating permit will contain monitoring, recordkeeping and reporting requirements designed to keep the facility operating within all applicable air quality requirements to ensure compliance with the Clean Air Act and the Air Pollution Control Act. The facility is subject to the Title V Operating Permit requirements adopted in 25 Pa. Code Chapter 127, Subchapter G.

A 30-day public comment period is provided for persons wishing to file a written protest, objection, comments or additional information, which they believe should be considered prior to the issuance of a permit. The written comments, information, protests or objections may be submitted to Janine Tulloch-Reid, Environmental Engineering Manager, Air Quality Program, at 2 East Main Street, Norristown, PA 19401, or at jtullochre@pa.gov on or before the closing date of this 30-day public comment period. The 30-day public comment period closes on May 6, 2024.

Each written submission must contain the name, address and telephone number of the person submitting the comments, identification of the TVOP application, including the permit number, and a concise statement regarding the operating permit condition that the person is commenting on and the relevancy of the information or objections to issuance of the TVOP.

A public meeting and hearing will be held on May 21, 2024 at 6:00 P.M. at the Aclamo Community Center, 801 W. Marshall Street, Norristown, PA 19401, to accept oral comments on the proposed Title V Operating Permit renewal. To register to speak at the hearing, please contact Ms. Stephanie Berardi, Regional Communications Manager, at sberardi@pa.gov or 484.250.5808. Speakers must pre-register in order to testify at the hearing. The last day to pre-register to speak at the hearing will be May 14, 2024.

Oral testimony at the hearing will be limited to a maximum of 5 minutes per individual and two written copies of the oral testimony are requested. Each organization is requested to designate one witness to present testimony on its behalf. Persons unable to attend the hearing may submit a written statement and exhibits within 10 days thereafter to Janine Tulloch-Reid at 2 E. Main Street, Norristown, PA 19401, or at jtullochre@pa.gov.

All pertinent documents are available electronically for public review and copies can be requested by contacting Janine Tulloch-Reid at 484-250-5920 or at jtullochre@pa.gov.

Anyone wishing to request information regarding this action can do so by contacting the Southeast Regional Office through the contact person listed in the previously listed header. Comments on the draft permit can be submitted through the Air Quality resource account at RA-EPSEROAQPUBCOM@pa.gov.

Southwest Region: Air Quality Program, 400 Waterfront Drive, Pittsburgh, PA 15222-4745, 412-442-4000.

Contact: Thomas Joseph, P.E., Facilities Permitting Chief, 412-442-4336.

26-00535, Fayette Power Company LLC, 498 N Redwood St., Masontown, PA 15461, German Township, **Fayette County**. Application received: May 17, 2023. In accordance with 25 Pa. Code §§ 127.424, 127.425 and 127.521, the Department is providing notice of intent to issue a permit modification for the Title V Operating Permit to incorporate presumptive RACT III requirements at a natural gas-fired power plant located in German Township, Fayette County. The main emissions sources include one natural gas-fired boiler, two natural gas-fired combined cycle combustion turbines with oxidation catalysts and selective catalytic reduction, two diesel-fired emergency engines, and one condenser cooling tower. The turbines are subject to presumptive RACT III limits of 4 ppmvd NO_x at 15% O₂ and 2 ppmvd VOC (as propane) at 15% oxygen. The other subject sources are required to install, maintain and operate the source in accordance with the manufacturer's specifications and with good operating practices. The appropriate RACT III conditions and citations are included in this permit modification, and the presumptive RACT II conditions and citations are removed. The application, DEP's Review Memorandum, and the proposed permit are available for public review during normal business hours at DEP's Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. A file review can be scheduled through the DEP's website at <https://www.dep.pa.gov/Citizens/PublicRecords/Pages/Informal-File-Review.aspx> and by contacting Tom Joseph, Environmental Engineering Manager, at 412-442-4336 or tjoseph@pa.gov. Those who wish to provide the Department with additional written information that they believe should be considered prior to the issuance of the Title V Operating Permit may submit the information to Tom Joseph, Facilities Permit Chief, Department of Environmental Protection, Southwest Regional Office, 400 Waterfront Drive, Pittsburgh, PA 15222. Each written comment must contain the name, address and telephone number of the person submitting the comments, identification of the proposed operating permit (TVOP-26-00535) and concise statements regarding the relevancy of the information or objections to issuance of the Operating Permit. All comments must be received prior to the close of business 30 days after the date of this publication. A public hearing may be held in accordance with 25 Pa. Code § 127.429, if the Department, in its discretion, decides that such a hearing is warranted based on the information received. If a public hearing is held, all persons who have properly filed a protest under 25 Pa. Code § 127.426 may appear and give testimony. The Department is not required to hold a conference or hearing. The applicant, the protestant, and other participants will be notified of the decision to hold a hearing (and the time, place and purpose of such hearing) by publication in the newspaper or by the *Pennsylvania*
