Comments/Recommendations: Enforcement since last FCE Yes No (If yes, attach summary)

I arrived on site at 2:00 pm to conduct a routine/partial inspection. I met with Jim Allen who showed me around the facility. I observed the portable crushing operation and noted some minor dust, but it was not a significant amount. I also viewed the area where the permanent crusher is going to be located and I noted no additional construction had taken place. I noted no molders or visible emissions. I did note that the water sprays were operating during my inspection.

Compliance Status: In Out Pending Awaiting Co. Report
