RE: Expiration and Discontinuance of Coverage Under General Permit Nos. GP13-09-0001 and GP9-09-0084 to Construct and Operate a Hot Mix Asphalt Plant for Richard E. Pierson Materials Corporation Related to the East Rockhill Quarry Site, 2055 North Rockhill Road, Sellersville, PA 18960

Dear Mr. Rebarchak:

Compliance Plus Services, Inc. ("CPS") is submitting this letter on the behalf of our client, Richard E. Pierson Materials Corporation ("R.E. Pierson") related to the expiration and discontinuation of coverage under General Permit Nos. GP13-09-0001 and GP9-09-0084 related to the proposed operation of a Hot Mix Asphalt ("HMA") Plant at the East Rockhill Quarry site referenced above.

R.E. Pierson has not commenced, and do not intend to proceed with, the construction of the proposed HMA Plant for this location under Permit No. GP13-09-0001. Additionally, R.E. Pierson does not intend to proceed with the installation or operation of the three (3) related diesel engine sources specified under Permit No. GP9-09-0084.

R.E. Pierson understands that, pursuant to Condition 8 of GP13-09-0001, the authorization to construct the HMA Plant has expired, since construction did not commence within eighteen months of the permit's issuance on September 7, 2018 and operation of the Plant will no longer be authorized. R.E. Pierson will not be seeking to renew General Permit Authorization No. GP13-09-0001. Further, since the HMA Plant will not be operating, the three (3) diesel engines associated with the Plant, permitted under GP9-09-0084, will no longer be required.

If you have any questions or comments related to this notification, please feel free to contact me by telephone at 215.734.1414 or by email at mlogan@complianceplusservices.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Michael D. Logan', is written over a faint, larger version of the signature.
